## **The Law Of Value And Historical Materialism:**

*The Law of Value and Historical Materialism* Samir Amin, 1978      *Law of Value and Historical Materialism* Samir Amin, 1979-12-01      Historical Materialism and the Economics of Karl Marx Benedetto Croce, 1914 It is often said that it is the business of philosophy to examine and criticise the assumptions of the sciences and philosophy claims that in this work it is not an unnecessary meddler stepping in where it is not wanted For time and again for want of philosophical criticism the sciences have overstepped their bounds and produced confusion and contradiction      A Biographical Dictionary of Dissenting Economists Philip Arestis, Malcolm C. Sawyer, 2001-01-01 Annotation      **The Law of Worldwide Value** Samir Amin, 2010-12 Portions of this book were originally published as *The Law of value and historical materialism* c1978 by Monthly Review Press      **Historical Materialism and the Economics of Karl Marx** Benedetto Croce, C. M. Meredith, A. D. Lindsay, 2014-03-22 CONTENTS INTRODUCTION CHAPTER I CONCERNING THE SCIENTIFIC FORM OF HISTORICAL MATERIALISM 1 Labriola implies that historical materialism is not a philosophy of history Materialistic theory of History as stated by Labriola not an attempt to establish a law of history This contrasted with theories of monists and teleologists Engels statement that it is a new method erroneous 2 Historical materialism a mass of new data of which historian becomes conscious 3 Questions as to relations between historical materialism and socialism Absolute morality a necessary postulate of socialism CHAPTER II CONCERNING HISTORICAL MATERIALISM VIEWED AS A SCIENCE OF SOCIAL ECONOMICS 1 Relation between Professor Stammer's book on historical materialism and Marxism Distinction between pure economics and general historical economics CHAPTER III CONCERNING THE INTERPRETATION AND CRITICISM OF SOME CONCEPTS OF MARXISM I OF THE SCIENTIFIC PROBLEM IN MARX'S DAS KAPITAL Das Kapital an abstract investigation His society is not this or that society Treats only of capitalist society Assumption of equivalence between value and labour Is not a moral ideal Marx's deductions from it II MARX'S PROBLEM AND PURE ECONOMICS GENERAL ECONOMIC SCIENCE Marxian economics not general economic science and labour value not a general concept of value Engels rejection of general economic law relation of economic psychology to pure economics pure economics does not destroy history or progress III CONCERNING THE LIMITATION OF THE MATERIALISTIC THEORY OF HISTORY Historical materialism a canon of historical interpretation Question as to how Marx and Engels understood it Their metaphysical tendency IV OF SCIENTIFIC KNOWLEDGE IN FACE OF SOCIAL PROBLEMS Socialism and free trade not scientific deductions Obsolete metaphysics of old theory of free trade The desirable is not science nor the practicable Scientific law only applicable under certain conditions Element of daring in all action V OF ETHICAL JUDGMENT IN FACE OF SOCIAL PROBLEMS Meaning of Marx's phrase the impotence of morality and his remark that morality condemns what has been condemned by history Profundity of Marx's philosophy immaterial Kant's position not surpassed VI CONCLUSION Recapitulation 1 Justification of Marxian economics as comparative sociological economics 2 Historical materialism simply a canon of historical interpretation 3

Marxian social programme not a pure science 4 Marxism neither intrinsically moral nor anti moral CHAPTER IV RECENT INTERPRETATIONS OF THE MARXIAN THEORY OF VALUE AND CONTROVERSIES CONCERNING THEM I Labriola s criticism of method and conclusions of preceeding essays answered II Meaning of phrase crisis in Marxianism Sorel s view of equivalence of value and labour mostly in agreement with view put forward above Surplus product same as surplus value CHAPTER V A CRITICISM OF THE MARXIAN LAW OF THE FALL IN THE RATE OF PROFITS Interpretation here given assumes acceptance of Marx s main principles Necessary decline in rate of profit on hypothesis of technical improvement Marx assumes that would be an increase of capital Would be same capital and increase in rate of profits CHAPTER VI ON THE ECONOMIC PRINCIPLE TWO LETTERS TO PROFESSOR V PARETO I Reasons why the mechanical conception erroneous economic fact capable of appraisal Economic datum a fact of human activity Distinction and connection between pleasure and choice Economic datum a fact of will Knowledge a necessary presupposition of will II Disagreement 1 about method 2 postulates 1 Nothing arbitrary in economic method analogy of classificatory sciences erroneous 2 Metaphysical postulate that facts of human activity same as physical facts erroneous Definition of practical activity in so far as admits of definition Moral and economic activity and approval Economic and moral remorse Economic scale of values INDEX OF NAMES     Invisible Leviathan Murray Smith,2018-11-05 In this updated and expanded edition of Invisible Leviathan Murray E G Smith critically explores and makes significant contributions to the debate surrounding Karl Marx s capitalist law of value and its corollary the law of the falling rate of profit A powerful case is presented that capitalism has exhausted its potential to contribute to human progress Humanity confronts a fateful choice to allow this obsolescent system which necessarily measures wealth in terms of abstract social labour and money profit to destroy human civilisation or to make the leap toward a global egalitarian socialist society in which the satisfaction of human need is the starting point and the all round development of each and every human individual the goal of the socio economic life process First printed in 1994 as Invisible Leviathan The Marxist Critique of Market Despotism Beyond Postmodernism by University of Toronto Press This second and revised edition includes a new Foreword by Michael Roberts and a Preface to the Second Edition

**Historical Materialism: The method** Johannes Witt-Hansen,1960     **Global History** Samir Amin,2010-11-25 This short book includes studies of capitalism in the ancient world system central Asia s place in it the challenge of globalisation Europe and China s two roads to development and Russia in the global system     *Historical Materialism* Nikolai Bukharin,1925     Globalization and the Postcolonial World Ankie Hoogvelt,2001-06-11 Finally the conclusions have been rethought in the light of the mushrooming cloud of antiglobalist protests     *A Japanese Reconstruction Of Marxist Theory* Robert Albritton,1986-04-02     *Three Essays on Marx's Value Theory* Samir Amin,2013-10 In this slim insightful volume noted economist Samir Amin returns to the core of Marxian economic thought Marx s theory of value He begins with the same question that Marx along with the classical economists once pondered how can every commodity including labor power

sell at its value on the market and still produce a profit for owners of capital While bourgeois economists attempted to answer this question according to the categories of capitalist society itself Marx sought to peer through the surface phenomena of market transactions and develop his theory by examining the actual social relations they obscured The debate over Marx's conclusions continues to this day Amin defends Marx's theory of value against its critics and also tackles some of its trickier aspects He examines the relationship between Marx's abstract concepts such as socially necessary labor time and how they are manifested in the capitalist marketplace as prices wages rents and so on He also explains how variations in price are affected by the development of monopoly capitalism the abandonment of the gold standard and the deepening of capitalism as a global system Amin extends Marx's theory and applies it to capitalism's current trajectory in a way that is unencumbered by the weight of orthodoxy and unafraid of its own radical conclusions

Labour and Value: Rethinking Marx's Theory of Exploitation Ernesto Screpanti, 2019-10-09 In this book Ernesto Screpanti provides a rigorous examination of Marx's theory of exploitation one of the cornerstones of Marxist thought With precision and clarity he identifies the holes in traditional readings of Marx's theory before advancing his own original interpretation drawing on contemporary philosophy and economic theory to provide a refreshingly interdisciplinary exegesis Screpanti's arguments are delivered with perspicuity and verve this is a book that aims to spark a debate He exposes ambiguities present in Marx's exposition of his own theory especially when dealing with the employment contract and the notions of abstract labor and labor value and he argues that these ambiguities have given rise to misunderstandings in previous analyses of Marx's theory of exploitation Screpanti's own interpretation is a meticulously argued counterpoint to these traditional interpretations Labour and Value is a significant contribution to the theory of economics particularly Marxist economics It will also be of great interest to scholars in other disciplines including sociology political science and moral and political philosophy Screpanti's clear and engaging writing style will attract the interested general reader as well as the academic theorist

Imperialism in the Twenty-First Century John Smith, 2016-01-22 Provides an examination of the relationship between the core capitalist countries and the rest of the world in the age of neoliberal globalization Deploying a Marxist methodology Smith begins by tracing the production of certain iconic commodities the T shirt the cup of coffee and the iPhone and demonstrates how these generate enormous outflows of money from the countries of the Global South to transnational corporations headquartered in the core capitalist nations of the Global North From there Smith draws on his empirical findings to theorize the current shape of imperialism He argues that the core capitalist countries need no longer rely on military force and colonialism although these still occur but increasingly are able to extract profits from workers in the Global South through market mechanisms and by aggressively favoring places with lower wages the phenomenon of labor arbitrage From publisher description

*Race and the Foundations of Knowledge* Joseph A. Young, Jana Evans Braziel, 2006 This anthology demonstrates the longstanding multifarious and major role that race has played in the formation of knowledge The authors

demonstrate how race theory intersects with other bodies of knowledge by examining discursive records such as travelogues literature and historiography theoretical structures such as common sense pseudoscientific racism and Eurocentrism social structures of class advancement and identity and politico economic structures of capitalism colonialism and law     **Modern Imperialism, Monopoly Finance Capital, and Marx's Law of Value** Samir Amin,2018-02-22 The law of worldwide value Further comments on Marx s Capital and historical capitalism Essays on Marx s value theory Index     **Liquidate: How Money is Dissolving the World** Alf Hornborg,2024-11-12 Liquidate How Money is Dissolving the World examines the emergence of money and its social and ecological repercussions It views money as a new phenomenon in the evolution of life that has fundamentally transformed ecosystems and human social relations The appearance of coined money around 600 BCE coincided with the first abstract philosophies and religions This book shows how changes in human environmental relations have reflected changes in social relations generated by money The detached modern view of nature mirrors the socially detached modern individual However the abandonment of animism has not diminished the human propensity for fetishism the perception of artefacts such as money tokens as indexes of what they represent Market prices obscure the asymmetric global resource transfers that make increasingly advanced technologies possible where there is enough money Our fetishised understandings of money and technologies cannot deal with the escalating production of entropy underlying climate change They also drive the dramatic reduction of biological and cultural diversity under globalisation Given these problems many people reassess premodern and indigenous societies in search of more sustainable ideas on how to organise exchange Liquidate How Money is Dissolving the World will be of interest to scholars working in anthropology sociology economics history semiotics comparative religions and indigenous studies     **Reading Negri** Pierre Lamarche,Max Rosenkrantz,David Sherman,2011 Reading Negri comprises essays from scholars representing a broad spectrum of disciplines and interests Together these essays give us exposition of Negri s ideas historical analysis of his influences and both critical and positive evaluations of his impressive body of work     *Value and Naturalism in Marx* Marco Lippi,2017-11-10 When Value and Naturalism in Marx was first published in English in 1979 recent controversies in socialist economic theory had been concentrated on the tenability or untenability of Marx s labour theory of value Marco Lippi s provocative book accepts the Sraffian correction of Marx s account of profits and prices but goes on to ask the central question why did Marx identify value with embodied labour time The answer Lippi argues lies in a strong though little discussed naturalistic strain in Marx s thought Through a novel analysis of the discussion of circulation costs in Volume Two of Capital he contends that Marx operated with a concept of production in general as a relationship of man to nature common to all forms of society in which labour time appears as the sole real cost It was this general conception of production he suggests that underlay Marx s insistence that profits interest rent and faux frais represent no more than a redistribution of a pre given total the mass of surplus value in a system in which total profit equalled total surplus value and total price total

value While Lippi rejects Marx's naturalistic identification of value with embodied labour time he claims that the account developed from it of the anarchy of the market of commodity fetishism and of the laws of motion of capitalism is in fact logically independent and retains all its empirical validity Value and Naturalism in Marx the work of one of the most outstanding younger economists in Italy reveals the classic economic theory of historical materialism in a quite new light

### **The Law Of Value And Historical Materialism Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Law Of Value And Historical Materialism PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Law Of Value And Historical Materialism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Law Of Value And Historical Materialism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About The Law Of Value And Historical Materialism Books

1. Where can I buy The Law Of Value And Historical Materialism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
