The Learned Blacksmith - The Letters and Journals of Elihu Burritt Merle Curti, 2020-10-16 This antique book contains a collection of letters and journal entries from Elihu Burritt Elihu Burritt was a poor boy Like other boys a hundred years ago he gloried in the idea of self improvement and like many of his contemporaries he became a self made man But it was not worldly riches that he made His lifelong ideal was to serve man kind to promote human brotherhood and he was never tempted to take another path Unlike most Americans he had no ambition to rise above the working class from which he came This fascinating text will appeal to those with an interest in the early twentieth century and will be of considerable value to collectors of such literature The chapters of this book include A Self Made Man The Crusade for World Peace The Campaign for Ocean Penny Postage Slavery and Civil War and Assisted Emigration and Arbitration This volume was first published in 1937 and is proudly republished now for the enjoyment and edification of discerning readers **The Learned Blacksmith**

Our Own Time David R. Roediger, Philip S. Foner, 1989-11-17 *Our Own Time* retells the story of American labor by focusing on the politics of time and the movements for a shorter working day It argues that the length of the working day has been the central issue for the American labor movement during its most vigorous periods of activity uniting workers along lines of craft gender and ethnicity The authors hold that the workweek is likely again to take on increased significance as workers face the choice between a society based on free time and one based on alienated work and unemployment
