This authoritative and comprehensive guide to key people and events in Anglo Jewish history stretches from Cromwell's readmittance of the Jews in 1656 to the present day and contains nearly 3000 entries the vast majority of which are not featured in any other sources *The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism* George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction F.R. Leavis Michael Bell, 2016-04-29 First published in 1988 Leavis's examples and preoccupations still largely underlie the teaching of English literature in the universities and he remains the most substantial embodiment of the liberal humanist conception of criticism with its insistence on a canon of on personal judgement within a literary tradition Hence while recent theorists have rejected his methods he remains the most potent single influence on the practical teaching of literature This book locates Leavis within the critical tradition suggests whence he derived his characteristic commitments and rhetoric and assesses his limitations in relation to his continuing value F.R. T S Eliot and F R Leavis the book explores how Green was able to bring about creative tension between the competing claims of formal innovation and social engagement Through new explanations and evaluations of the texts the author demonstrates the depth and originality of Green's achievement in tangible and specific form The book also explores the particularly productive relationship between creative and critical endeavours that flourished in this landmark literary period *Taking Stock* Jürgen Kramer, 2011-04-06 Die in diesem Band zusammengestellten 35 Aufsätze aus 35 Jahren Forschung und Lehre sollen zum einen den Beitrag des Autors zur Begründung und Entwicklung der kulturwissenschaftlichen Dimension in der Anglistik seit Mitte der 1970er Jahre dokumentieren zum anderen aber auch Stationen seiner intellektuellen Biografie sichtbar machen Dabei ist sein zentrales Motiv Rechenschaft über die Arbeit in einem wie der Autor meint nach wie vor privilegierten Bereich unserer Gesellschaft abzulegen **English Studies in Canada**, 1985 **Encyclopedia of Contemporary Literary Theory** Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture **F.R.
