**Your Legacy of Love** Gemini Adams, 2009-06 Grief expert Gemini Adams wrote this Mom's Choice Gold Award Winning book *Your Legacy of Love: Realize the Gift in Goodbye* to help others understand that writing a Will simply isn't enough. After losing her Mom to cancer, Gemini quickly discovered that an inheritance of money and material possessions doesn't give surviving family the ongoing support or continued connection they desire. Wondering if her need for a more loving legacy was shared, she started an online survey asking: "What would you prefer if one of your parents died: to inherit their wealth or a letter saying how much they loved you?" Over 90% expressed a wish for the loving letter. In this heartfelt and inspirational book, Gemini explains that our real wealth lies not in our Financial Assets but in our Emotional Assets: the stories, lessons, values, wisdom, image, voice, laughter, and love that makes us who we are. And how this purposeful activity is not as some might expect a morbid task but one that can bring incredible insight, peace of mind, and healing, especially for those dealing with aging parents, a terminal illness, or loss. By capturing and sharing our Emotional Assets in a *Legacy of Love*, we can leave our children, partners, and grandchildren a precious parting gift: a timeless memento that will surely be treasured forever. Readers will also discover how to write loving letters to gift as future surprises, encourage grief recovery for surviving family, provide them with ongoing emotional support, minimize effects of grief and bereavement, guarantee the preservation of special memories, capture and record their life story, limit stress surrounding end-of-life situations, achieve peace of mind and a sense of meaning to life, educate themselves and overcome denial about death and dying, plan a life celebration or funeral that truly reflects them. **Reconsidering the Emergence of the Gay Novel in English and German** James P. Wilper,2016-02-15 In **Reconsidering the Emergence of the Gay Novel in English and German** James P Wilper examines a key moment in the development of the modern gay novel by analyzing four novels by German British and American writers Wilper studies how the texts are influenced by and respond and react to four schools of thought regarding male homosexuality in the late nineteenth and early twentieth centuries The first is legal codes criminalizing sex acts between men and the religious doctrine that informs them The second is the ancient Greek erotic philosophy in which a revival of interest took place in the late nineteenth century The third is sexual science or sexology which offered various medical and psychological explanations for same sex desire and was employed variously to defend as well as to attempt to cure this perversion And fourth in the wake of the scandal caused by his trials and conviction for gross indecency Oscar Wilde became associated with a homosexual stereotype based on unmanly behavior Wilper analyzes the four novels Thomas Mann s *Death in Venice* E M Forster s *Maurice* Edward Prime Stevenson s *Imre A Memorandum* and John Henry Mackay s *The Hustler* in relation to these schools of thought and focuses on the exchange and cross cultural influence between linguistic and cultural contexts on the subject of love and desire between men      *Love in a Time of Slaughters* Susan McHugh,2019-04-29 *Love in a Time of Slaughters* examines a diverse array of contemporary creative narratives in which genocide and extinction blur species lines in order to show how such stories can promote the preservation of biological and cultural diversity in a time of man made threats to species survival From indigenous novels and Japanese anime to art installations and truth commission reports Susan McHugh analyzes source material from a variety of regions and cultures to highlight cases where traditional

knowledge works in tandem with modern ways of thinking about human animal relations In contrast to success stories of such relationships the narratives McHugh highlights show the vulnerabilities of affective bonds as well as the kinds of loss shared when interspecific relationships are annihilated In this thoughtful critique McHugh explores the potential of these narratives to become a more powerful urgent strategy of resistance to the forces that work to dehumanize people eradicate animals and threaten biodiversity As we unevenly contribute to the sixth great extinction this timely compelling study sheds light on what constitutes an effective response from a humanities focused interdisciplinary perspective McHugh s work will appeal to scholars working at the crossroads of human animal studies literature and visual culture as well as artists and activists who are interested in the intersections of animal politics with genocide and indigeneity
