The Liberation Of One:

The Liberation of One Romuald Spasowski,1986 The autobiography of one of the highest ranking Communist officials to defect to the United States **Our New Human Consciousness** Terry Sands,2011-05-12 Every few thousand years our human culture experiences a massive evolutionary transformation In the next few years our consciousness will change very rapidly and move us beyond anything we can presently imagine This change of consciousness is happening naturally to each of us now and it will affect every aspect of how we think how we live and how we love We are a culture in search of its spirit and this change of consciousness is evolutionarily next for humankind on this planet When the awareness opens one may search many avenues and attractions for truth and enlightenment and find the search lacking in result The next step may be the path of Self discovery But the direction on this path will not be given to us by a great teacher who comes down from the mountaintop with answers cast in stone but rather by lots of little great teachers who could be called pathfinders And to move into this new consciousness we will transform the mind and the way it works with new mental skills and mental technology Our success is inevitable The ease or difficulty with which we achieve this success is still in formation We will survive the transition physically The question is whether we will survive psychologically Psychological survival in this transition depends on only one thing Developing the ability and inner discipline to completely instantaneously unquestioningly and continuously adapt to change **Abhidharmakosa-Bhasya of Vasubandhu** Gelong Lodro

Sangpo,Bhikkhu K.L. Dhammajoti,2012-01-01 Vasubandhu s Abhidharmakosa Bhasya ca 380 390 besides its culminating achievement in streamlining the overall structure of the exposition of the preceding Abhidharma manuals is unmatched by any of the preceding manuals in respect of its comprehensiveness incorporating all important Vaibhasika doctrines since the time of the Abhidharma mahavibhasa of its excellent skill in definition and elucidation and of its ability to clarify the difficult point involved in doctrinal disputations Added to these qualities is its great value as a brilliant critique and insightful revaluation of all the fundamental Sarvastivada doctrines developed up to its time Since its appearance it has been used as a standard textbook for the understanding of not only the Abhidharma doctrines but all the fundamental Buddhist doctrines in general Translated into Chinese by Paramartha in 563 A D and by Hsuan tsang in 651 654 A D Hsuan tsang s disciple Pu kuang tells us that in India the Abhidharmakosa Bhasya was hailed as the Book of Intelligence In China Japan and the Far east too the Kosa has generally been highly treasured as a textbook of fundamental importance for Buddhist studies Vasubandhu s brilliant critique of the doctrines of the Vaibhasika was answered by the equally brilliant Samghabhadra a contemporary staunch defender and expounder of the doctrines of the Vaibhasikas in his masterwork the Abhidharmanyayanusara now extant only in Hsuan tsang s translation 653 654 A D The Sanskrit text considered for a long time to be irremediably lost was discovered by Rahula Samkrtayana in 1935 in the Tibetan monastery of Ngor and was published by P Pradhan in 1967 1st edition **The Bhagavata-Purana Part 1** J. Tagare,2004-01-01 The Purana is a class of literature that treats of ancient religion philosophy history sociology politics and other subjects It is an Encyclopaedia of various branches of knowledge and ancient wisdom It has been defined as a class of literature that contains material on the topics of Creation Dissolution of Manus Ages of Manus Genealogies and the History of glorious kings For dealing primarily with these subjects it has been called Pancalaksana a little that was incorporated in the Puranas themselves and had become popular by the Fifth Century A D for it was included by Amarasimha in his lexicon Amarakosa But as the process of interpolation continued the Pancalaksana definition was found inadequate The Puranic redactors adopted a Dasalaksana definition that suited the contemporary text Still the dynamic forces were at work and the process of insertion modification and abridgement went on and it was soon discovered that the Dasalaksana definition too fell short of an actual fact It was found that the Puranas contained certain aspects that were not covered by any of the five or ten characteristics Besides some of the characteristics covered by the Pancalaksana or Dasalaksana definition were not found in certain Puranas In fact the Purana as a class represents the different phases and aspects of the life of diverse ages It is impossible to adopt a standard definition for the class of literary composition that contains heterogeneous phases and aspects Moreover a definition framed on the numerical basis of points is bound to be imperfect The Puranas are divided into two classes the Mahapuranas and the Upapuranas Each class consists of eighteen Puranas Thus the number of the Puranas is thirty six *Theory of Sampling and Sampling Practice, Third Edition* Francis F. The growing pluralization of religion and culture in Europe means that we encounter an increasing number of Buddhist immigrants as well as Western converts. Against this background, in June 2018 the Academy of World Religions and the Numata Center for Buddhist Studies at the University of Hamburg, Germany, invited scholars of Theravada East Asian and Tibetan Buddhism. The questions discussed referred to: Does Buddhism matter today? What can it contribute? Must Buddhism adapt to the modern world? How can Buddhism adapt to a non-Asia context? When Buddhism travels, what must be preserved if Buddhism is to remain Buddhism? The contributions in this volume show not only that Buddhism matters in the West but that it already has its strong impact on our societies. Therefore, universities in Europe should include Buddhist theories and techniques in their curricula.

Cometan, Astronist Institution, 2019-02-11 The Omnidoxy is the founding treatise of the Astronist religion and was solely authored by the philosopher and religious founder Cometan. Partitioned into twelve disquisitions, each of which is further divided into hundreds of discourses which are themselves titled by those which are known as rubrics. The Omnidoxy has been codified according to a unique writing structure known as insentence. The Omnidoxy not only forms the foundations of Astronism but it remains the primary modern contributor and the book that ignited the establishment of the Astronic tradition of religion which encompasses the philosophy of Astronism. Introducing brand new philosophical concepts such as cosmocentricity, reascensionism, transcensionism, and sentientism amongst many others, the Omnidoxy remains the principal signifier of a new era in philosophy. The Omnidoxy births hundreds of new belief orientations, schools of thought, neologisms, disciplines of study, theories and concepts which when combined and considered collectively have formed the basis of Astronism. The authorship of The Omnidoxy rests with the single individual philosopher Cometan who began writing The

Omnidoxy at the age of seventeen driven by what he terms as personal inspiration The historical origination of The Omnidoxy rests in its authorship by Brandon Taylorian during early 21st century England specifically in the northern county of Lancashire Like in all textual criticism the timing and location of the codification of The Omnidoxy is integral to understanding why and how it was written especially by considering the influential factors impacting Taylorian during his construction of the text particularly the cultural political religious and social contexts of Taylorian s personal life and of wider society at the time This forms an important branch of study within omnidoxicology known as omnidoxical criticism or omnidoxical exegesis in which scholars study and investigate The Omnidoxy in order to discern conclusive judgements inspired by how where why by whom for whom and in what circumstances The Omnidoxy was written The Great Prajna Paramita Sutra, Volume 10 Naichen Chen,2024-12-09 Sakyamuni Buddha taught Great Prajna Paramita the perfection of the unsurpassed wisdom of and beyond the world in sixteen assemblies in four locations over twenty two years It was recorded posthumously by his disciples in six hundred fascicles of approximately five million words and is regarded as the largest canon in Buddhism The Sanskrit original was translated into Chinese by Xuanzang Hs an tsang during the seventh century from 660 through 663 This text is now available in English The Great Prajna Paramita Sutra is important not only because of its extensive teaching but because it explains what the great bodhisattva the great bodhisattva path of cultivation and the great bodhisattva vehicle are It depicts manifests and provides guidance on how one should learn to become a bodhisattva and eventually a Buddha transcending self interest to reach a state of emptiness selflessness and nonattachment Regardless of where you are on the path to enlightenment you will be nourished by its parables and dialogues A Critical Examination of NeoMarxist and Postmodernist Theories as Applied to Education Tova Yaakoby, **Arunachala Shiva I Sri Ramana Maharshi I Advaita Vedanta** John David,2011-11-01 Arunachala Shiva paints an intimate picture of Sri Ramana Maharshi s life taking us behind the scenes to moments with his closest disciples Beautifully illustrated with 100 photographs Arunachala Shiva paints an intimate picture of Bhagwan Sri Ramana Maharishi s life and takes us behind the scenes to moments with his closest disciples New Commentaries lay out his teachings and offer unexpected and astonishing insights The many different perspectives allow the reader to find their own deeper understanding Included in this book is his famous text Who Am I Nan Yar in which he declares that Self enquiry is the most direct route to Self realisation Arunachala Shiva paints an intimate picture of Sri Ramana s life taking us behind the scenes to moments with his closest disciples The shocking yet compelling commentaries offer new and unexpected insights into his teachings challenging entrenched ideas and assisting a final realisation The unique nature of these interviews is revealed in the DVD Preview and in the 100 photographs *Daniel Shays' Legacy? Marshall Bloom, Radical Insurgency & the Pioneer Valley* Amy Stevens,2014-02-14 A little rebellion now and then is a good thing Thomas Jefferson wrote to his good friend James Madison in 1787 upon hearing the news of Shays Rebellion This is the story of how that little rebellion largely centered in the Pioneer Valley in

Massachusetts became part of the cultural legacy Marshall Bloom inherited when he founded the Montague Farm in 1968. The Amherst College graduate, underground journalist and Movement wunderkind revived Daniel Shays' spirit, stirred in some theater of the absurd and planted the seeds that blossomed into one of the most concentrated centers of cultural and political radicalism in America.
