Marion Harry Spielman, George Somes Layard, 1986      *Kate Greenaway* George Somes Layard, Marion Harry  
Spielmann, 2023-07-18 This book is a celebration of the life and work of Kate Greenaway one of the most beloved and  
influential children's book illustrators of the 19th century It includes a comprehensive biography of Greenaway as well as  
many examples of her beautiful illustrations The book also explores the historical and cultural context of Greenaway's work  
and its lasting impact on the world of children's literature This work has been selected by scholars as being culturally

biography of the well known illustrator frankly told by Engen who uses much unpublished correspondence and illustrations  
which appear here for the first time      **Literature and the Child** James Holt McGavran, James Holt McGavran, 1998-04 The  
Romantic myth of childhood as a transhistorical holy time of innocence and spirituality uncorrupted by the adult world has  
been subjected in recent years to increasingly serious interrogation Was there ever really a time when mythic ideals were  
simple pure and uncomplicated The contributors to this book contend although in widely differing ways and not always  
approvingly that our culture is indeed still pervaded in this postmodern moment of the very late twentieth century by the  
Romantic conception of childhood which first emerged two hundred years ago In the wake of the French Revolution and the  
Industrial Revolution western Europe experienced another fin de siècle characterized by overwhelming material and  
institutional change and instability By historicizing the specific political social and economic conflicts at work within the  
notion of Romantic childhood the essayists in *Literature and the Child* show us how little these forces have changed over time  
and how enriching and empowering they can still be for children and their parents In the first section Romanticism  
Continued and Contested Alan Richardson and Mitzi Myers question the origins and ends of Romantic childhood In *Romantic  
Ironies Postmodern Texts* Dieter Petzold Richard Flynn and James McGavran argue that postmodern texts for both children  
and adults perpetuate the Romantic complexities of childhood Next in *The Commerce of Children's Books* Anne Lundin and  
Paula Connolly study the production and marketing of children's classics Finally in *Romantic Ideas in Cultural Confrontations*  
William Scheick and Teya Rosenberg investigate interactions of Romantic myths with those of other cultural systems

Traditionally associated with rural ways of life in England often hand crafted and held up as one of the only items of English folk dress to survive into the 20th century the smock frock is an object of curiosity in many museum collections Drawing on a wide variety of sources from surviving garments to newspapers and photographs this book reveals the hidden history of the smock frock to present new social histories Discussing the smock frock in its widest contexts Alison Toplis explores how garments were handmade and manufactured by the ready made clothing industry and bought by men of different trades She traces the smock frock's usage across England as well as in export markets such as Australia Following the garment's decline in the late 19th century the book investigates how this essentially utilitarian style of workwear came to be held up as an example of disappearing peasant craft in an emotional response to urbanisation and how it was preserved by collectors under the influence of the Arts and Crafts movement Around the turn of the 20th century the smock frock was reinvented as both women's and children's wear and is now regularly revived in fashion collections by the likes of Molly Goddard Drawing together extensive visual and material cultures Alison Toplis unravels a new history of the smock frock      1979-1990
