The Life And Works Of Arcimboldo:

The Life and Works of Arcimboldo Diana Craig, 1996 **Arcimboldo** Thomas DaCosta Kaufmann, 2009 In Giuseppe Arcimboldo's most famous paintings grapes, fish, and even the beaks of birds form human hair. A pear stands in for a man's chin. Citrus fruits sprout from a tree trunk that doubles as a neck. All sorts of natural phenomena come together on canvas and panel to assemble the strange heads and faces that constitute one of Renaissance art's most striking oeuvres. The first major study in a generation of the artist behind these remarkable paintings, Arcimboldo tells the singular story of their creation. Drawing on his thirty-five year engagement with the artist, Thomas DaCosta Kaufmann begins with an overview of Arcimboldo's life and work, exploring the artist's early years in sixteenth-century Lombardy, his grounding in Leonardesque traditions, and his tenure as a Habsburg court portraitist in Vienna and Prague. Arcimboldo then trains its focus on the celebrated composite heads, approaching them as visual jokes with serious underpinnings: images that poetically display pictorial wit while conveying an allegorical message. In addition to probing the humanistic literary and philosophical dimensions of these pieces, Kaufmann explains that they embody their creator's continuous engagement with nature, painting, and natural history. He reveals in fact that Arcimboldo painted many more nature studies than scholars have realized, a finding that significantly deepens current interpretations of the composite heads. Demonstrating the previously overlooked importance of these works to natural history and still-life painting, Arcimboldo finally restores the artist's fantastic visual jokes to their rightful place in the history of both science and art.

to disparage his character and his artwork often sprang from their own cultural biases or a desire to promote the artistic achievements of his rivals Contrary to repeated claims in the literature the painter lacked neither education nor piety but was an extremely accomplished technician who developed a successful marketing strategy He enjoyed great respect and earned high fees from his prestigious clients while he also inspired a large circle of imitators Even his brushes with the law conformed to the behavioral norms of the aristocratic Romans he sought to emulate The beautiful reproductions of Caravaggio's paintings in this volume make clear why he captivated the imagination of his contemporaries a reaction that echoes today in the ongoing popularity of his work and the fierce debate that it continues to provoke among art historians
