The Life Of Christina Of Markyate Visionary Women:

The Life of Christina of Markyate Samuel Fanous, Henrietta Leyser, 2008 I wish to remain single for I have made a vow of virginity This is the remarkable story of the twelfth century recluse Christina who became prioress of Markyate near St Albans in Hertfordshire Determined to devote her life to God and to remain a virgin Christina repulses the sexual advances of the bishop of Durham In revenge he arranges her betrothal to a young nobleman but Christina steadfastly refuses to consummate the marriage and defies her parents cruel coercion Sustained by visions she finds refuge with the hermit Roger and lives concealed at Markyate for four years enduring terrible physical and emotional torment Eventually Christina is supported by the abbot of St Albans and her reputation as a person of great holiness spreads far and wide Written with striking candour by Christina s anonymous biographer the vividness and compelling detail of this account make it a social document as much as a religious one Christina s trials of the flesh and spirit exist against a backdrop of scheming and corruption and all too human greed

Addressing Women in Early Medieval Religious Texts Kathryn Maude, 2021 An investigation into texts specifically addressed to women sheds new light on female literary cultures From the tenth to the twelfth centuries in England and Scotland we have scant evidence of women s writing How then can we access these women s experiences This book argues that by analysing texts deliberately written for and addressed directly to women we gain an insight into the horizons of possibility for their lives It examines religious texts addressed to women bringing together works that are more widely studied with others that are less well known and demonstrates continuities across Old English and Latin texts written for female readers and patrons across the Conquest period Case studies ranging from lfric s sermons to Aelred s De institutione inclusarum from the Life of Christina of Markyate to Goscelin s saints lives for Wilton and Barking Abbeys attend to the intimate scripts women were encouraged to inhabit

Friendship and Faith: Cistercian Men, Women, and Their Stories, 1100-1250 Brian Patrick McGuire,2024-10-28 In these articles Professor McGuire explores the riches of the Cistercian exemplum tradition These texts are made up of brief stories often with a miraculous content which provided moral support for novices and monks in Cistercian abbeys all over Europe in the High Middle Ages The Cistercians have been seen mainly in terms of their great writers like Bernard of Clairvaux and the impressive buildings they left behind But Cistercian literature also provides us with more humble insights from daily life shedding light on questions of sexuality anger depression and bonds of friendship also between monks and nuns They bring a freshness of insight and immediate experience and their seeming naivety lets us be aware of monks commitment to each other in individual and community bonds In Cistercian storytelling the Gospel s message meets an historical context and bears witness to a transformation of Christian life and idealism while at the same time allowing us precious insights into how ordinary men and women not just monks and nuns lived and thought

The Visual and the Visionary Jeffrey F. Hamburger, 1998-04-12 A new interpretation of the role of the visual arts in the spiritual lives of women in late medieval monastic communities The Visual and the Visionary adds a new dimension to the study of female spirituality with its nuanced account of the changing roles of images in medieval monasticism from the twelfth century to the Reformation In nine essays embracing the histories of art religion and literature Jeffrey Hamburger explores the interrelationships between the visual arts and female spirituality in the context of the curia monialium the pastoral care of nuns Used as instruments of instruction and inspiration images occupied a central place in debates over devotional practice monastic reform and mystical expression Far from supplementing a history of art from which they have been excluded the images made by and for women shaped that history decisively by defining novel modes of religious expression above all the relationship between sight and subjectivity With this book the study of female piety and artistic patronage becomes an integral part of the general history of medieval art and spirituality

The Discourse of Enclosure
Shari Horner, 2001-05-24 2001 CHOICE Outstanding Academic Title Exploring Old English texts ranging from Beowulf to I Ching's Lives of Saints this book examines ways that women's monastic material and devotional practices in Anglo Saxon England shaped literary representations of women and femininity Horner argues that these representations derive from a discourse of female monastic enclosure based on the increasingly strict rules of cloistered confinement that regulated the female religious body in the early Middle Ages She shows that the female subjects of much Old English literature are enclosed by many layers literal and figurative textual material discursive spatial all of which image and reinforce the powerful institutions imposed by the Church on the female body Though it has long been recognized that medieval religious women were enclosed and that virginity was highly valued this book is the first to consider the interrelationships of these two positions that is how the material practices of female monasticism inform the textual operations of Old English literature

Nuns' Priests' Tales Fiona J. Griffiths, 2025-02-01 During the Middle Ages female monasteries relied on priests to provide for their spiritual care chiefly to celebrate Mass in their chapels but also to hear the confessions of their nuns and give last rites to their sick and dying These men were essential to the flourishing of female monasticism during the eleventh and twelfth centuries yet they rarely appear in scholarly accounts of the period Medieval sources are hardly more forthcoming Although medieval churchmen consistently acknowledged the necessity of male spiritual supervision in female monasteries they also warned against the dangers to men of association with women Nuns Priests Tales investigates gendered spiritual hierarchies from the perspective of nuns priests ordained men often local monks who served the spiritual needs of monastic women Celibacy misogyny and the presumption of men's withdrawal from women within the religious life have often been seen as markers of male spirituality during the period of church reform Yet as Fiona J Griffiths illustrates men's support and

care for religious women could be central to male spirituality and pious practice Nuns priests frequently turned to women for prayer and intercession viewing women s prayers as superior to their own since they were the prayers of Christ s brides Casting nuns as the brides of Christ and adopting for themselves the role of paranympus bridesman or friend of the bridegroom these men constructed a triangular spiritual relationship in which service to nuns was part of their dedication to Christ Focusing on men s spiritual ideas about women and their spiritual service to them Nuns Priests Tales reveals a clerical counter discourse in which spiritual care for women was depicted as a holy service and an act of devotion and obedience to Christ

Secretaries of God Diane Watt,1997 The English women prophets and visionaries whose voices are recovered here all lived between the twelfth and the seventeenth centuries and claimed through the medium of trances and eucharistic piety to speak for God Through prophecy they were often able to intervene in the religious and political discourse of their times the role of God s secretary gave them the opportunity to act and speak autonomously and publicly Back cover
