Mulloy,2014-06-27 As far as members of the hugely controversial John Birch Society were concerned the Cold War revealed in stark clarity the loyalties and disloyalties of numerous important Americans including Dwight Eisenhower John Kennedy and Earl Warren Founded in 1958 as a force for conservative political advocacy the Society espoused the dangers of enemies foreign and domestic including the Soviet Union organizers of the US civil rights movement and government officials who were deemed soft on communism in both the Republican and Democratic parties Sound familiar In *The World of the John Birch Society* author D J Mulloy reveals the tactics of the Society in a way they ve never been understood before allowing the reader to make the connections to contemporary American politics up to and including the Tea Party These tactics included organized dissemination of broad based accusations and innuendo political brinksmanship within the Republican Party and frequent doomsday predictions regarding world events At the heart of the organization was Robert Welch a charismatic writer and organizer who is revealed to have been the lifeblood of the Society s efforts The Society has seen its influence recede from the high water mark of 1970s but the organization still exists today Throughout *The World of the John Birch Society* the reader sees the very tenets and practices in play that make the contemporary Tea Party so effective on a local level Indeed without the John Birch Society paving the way the Tea Party may have encountered a dramatically different political terrain on its path to power

Wrapped in the Flag Claire Conner, 2014-03-18 A narrative history of the John Birch Society by a daughter of one of the infamous ultraconservative organization's founding fathers Named a best nonfiction book of 2013 by Kirkus Reviews and the Tampa Bay Times Long before the rise of the Tea Party movement and the prominence of today's religious Right the John Birch Society first established in 1958 championed many of the same radical causes touted by ultraconservatives today including campaigns against abortion rights gay rights gun control labor unions environmental protections immigrant rights social and welfare programs the United Nations and even water fluoridation Worshipping its anti Communist hero Joe McCarthy the Birch Society is perhaps most notorious for its red baiting and for accusing top politicians including President Dwight Eisenhower of being Communist sympathizers It also labeled John F Kennedy a traitor and actively worked to unseat him The Birch Society boasted a number of notable members including Fred Koch father of Charles and David Koch who are using their father's billions to bankroll fundamentalist and right wing movements today The daughter of one of the society's first members and a national spokesman about the society Claire Conner grew up surrounded by dedicated Birchers and was expected to abide by and espouse Birch ideals When her parents forced her to join the society at age thirteen she became its youngest member of the society From an even younger age though Conner was pressed into service for the cause her father and mother gave their lives to the nurturing and growth of the JBS She was expected to bring home her textbooks for close examination her mother found traces of Communist influence even in the Catholic school curriculum to write letters against socialized medicine after school to attend her father's fiery speeches against the United Nations or babysit her siblings while her parents held meetings in the living room to recruit members to fight the war on Christmas or potentially poisonous water fluoridation Conner was on deck to lend a hand when JBS notables visited including founder Robert Welch notorious Holocaust denier Revilo Oliver and white supremacist Thomas Stockheimer Even when she was old enough to quit in disgust over the actions of those men Conner found herself sucked into campaigns against abortion rights and for ultraconservative presidential candidates like John Schmitz It took momentous changes in her own life for Conner to finally free herself of the legacy of the John Birch Society in which she was raised In **Wrapped in the Flag** Claire Conner offers an intimate account of the society based on JBS records and documents on her parents' files and personal writing on historical archives and contemporary accounts and on firsthand knowledge giving us an inside look at one of the most radical right wing movements in US history and its lasting effects on our political discourse today

John Greaves, Pyramidographia and Other Writings, with Birch's Life of John Greaves John Anthony Butler, 2019-01-22 This is a modern spelling edition of John

Greaves's *Pyramidographia* 1646 together with some miscellaneous travel writings letters and a biography of Greaves by Thomas Birch. It includes a full scholarly introduction and detailed notes. This book is the first of its kind in English and undertakes a scientific evaluation of the pyramids through metrics using state of the art instruments and drawing on both ancient and modern authorities amongst which is included Arab and Persian writers as well as Western sources. Greaves's work is distinguished from others by his refusal to be drawn into mystical or theological speculation and is an excellent example of how seventeenth century scientists may be said to have pioneered modern methods of scientific inquiry. Greaves discusses the age of the pyramids their purpose the nature of their builders and the methods he believes were used to erect them. It may be said that he is probably the earliest genuine English Egyptologist and that *Pyramidographia* is indeed the earliest scientific treatise on the subject. Greaves's travel writings which also contain a great deal of measurement show readers how he approached his sojourn in foreign lands and his letters give some measure of the man and his relationships with fellow scientists and patrons. The biography by Thomas Birch further fills out Greaves's life and career.
