Greetings from the Lincoln Highway Brian Butko, 2019-05-31 The Lincoln Highway was the first continuous road to connect the coasts allowing newly motorized Americans to cross the country by car This book allows readers to travel across 100 years of the highway from New York City to San Francisco with stops at historic landmarks bridges taverns movie palaces diners gas stations ice cream stands tourist cabins and roadside attractions Color maps and stories of the highway take readers through 14 states with excerpts from memoirs and old postcards giving a feel for what early motoring was like the good the bad and the muddy The book is organized by state with narrative information on what the original Lincoln Highway crossed through There are historical tidbits and nostalgic details along with information on what remains This book is a useful treasure for travel planning and armchair reading The Automobile Blue Book ,1917 Official--Automobile The Lincoln Highway: Nebraska Gregory M. Franzwa,1995 The Lincoln Highway: Nevada Blue Book ,1918 Gregory M. Franzwa, 1995 American Road Pete Davies, 2014-01-14 A fascinating account of the greatest road trip in American history On July 7 1919 an extraordinary cavalcade of sixty nine military motor vehicles set off from the White House on an epic journey Their goal was California and ahead of them lay 3 250 miles of dirt mud rock and sand Sixty two days later they arrived in San Francisco having averaged just five miles an hour Known as the First Transcontinental Motor Train this trip was an adventure a circus a public relations coup and a war game all rolled into one As road conditions worsened it also became a daily battle of sweat and labor of guts and determination American Road is the story of this incredible journey Pete Davies takes us from east to west bringing to life the men on the trip their trials with uncooperative equipment and weather and the punishing landscape they encountered Ironically one of the participants was a young soldier named Dwight Eisenhower who four decades later as President launched the building of the interstate highway system Davies also provides a colorful history of transcontinental car travel in this country including the first cross country trips and the building of the Lincoln Highway This richly detailed book offers a slice of Americana a piece of history unknown to many and a celebration of our love affair with the road Catalogue of the Library of the Graduate School of Design, Harvard University Harvard University.
