The Medieval Deccan Hiroshi Fukazawa,1991 A Social History of the Deccan, 1300-1761 Richard M. Eaton, 2005-11-17 In this fascinating account of one of the least known parts of South Asia Eaton recounts the history of the Deccan plateau in southern India from the fourteenth century to the rise of European colonialism He does so vividly through the lives of eight Indians who lived at different times during this period and who each represented something particular about the Deccan In the first chapter for example the author describes the demise of the regional kingdom through the life of a maharaja In the second a Sufi sheikh illustrates Muslim piety and state authority Other characters include a merchant a general a slave a poet a bandit and a female pawnbroker Their stories are woven together into a rich narrative tapestry which illumines the most important social processes of the Deccan across four centuries This is a much needed book by the most highly regarded scholar in the field The Courts of the Deccan Sultanates Emma J. Flatt, 2019-07-18 Illuminates the centrality of courtliness in the political and cultural life of the Deccan in the fifteenth and sixteenth centuries Government of Social Life in Colonial India Rachel Sturman, 2012-06-29 From the early days of colonial rule in India the British established a two tier system of legal administration Matters deemed secular were subject to British legal norms while suits relating to the family were adjudicated according to Hindu or Muslim law known as personal law This important new study analyses the system of personal law in colonial India through a re examination of women s rights Focusing on Hindu law in western India it challenges existing scholarship showing how far from being a system based on traditional values Hindu law was developed around ideas of liberalism and that this framework encouraged questions about equality women's rights the significance of bodily difference and more broadly the relationship between state and society Rich in archival sources wide ranging and theoretically informed this book illuminates how personal law came to function as an organising principle of colonial governance and of nationalist political imaginations Ten Thousand Years of Inequality Timothy A. Kohler, Michael E. Smith, 2019-02-19 Is wealth inequality a universal feature of human societies or did early peoples live an egalitarian existence How did inequality develop before the modern era Did inequalities in wealth increase as people settled into a way of life dominated by farming and herding Why in general do such disparities increase and how recent are the high levels of wealth inequality now experienced in many developed nations. How can archaeologists tell Ten Thousand Years of Inequality addresses these and other questions by presenting the first set of consistent quantitative measurements of ancient wealth inequality The authors are archaeologists who have adapted the Gini index a statistical measure of wealth distribution often used by economists to measure contemporary inequality and applied it to house size distributions over time and around the world Clear descriptions of methods and assumptions serve as a model for other archaeologists and historians who want to document past patterns of wealth disparity The chapters cover a variety of ancient cases including early hunter gatherers farmer villages and agrarian states and empires The final chapter synthesizes and

compares the results Among the new and notable outcomes the authors report a systematic difference between higher levels of inequality in ancient Old World societies and lower levels in their New World counterparts For the first time archaeology allows humanity s deep past to provide an account of the early manifestations of wealth inequality around the world Contributors Nicholas Ames Alleen Betzenhauser Amy Bogaard Samuel Bowles Meredith S Chesson Abhijit Dandekar Timothy I Dennehy Robert D Drennan Laura I Ellyson Deniz Enverova Ronald K Faulseit Gary M Feinman Mattia Fochesato Thomas A Foor Vishwas D Gogte Timothy A Kohler Ian Kuijt Chapurukha M Kusimba Mary Margaret Murphy Linda M Nicholas Rahul C Oka Matthew Pailes Christian E Peterson Anna Marie Prentiss Michael E Smith Elizabeth C Stone Amy Untouchable Pasts Saurabh Dube, 1998-03-19 Constructs a history of an untouchable and Styring Jade Whitlam heretical community the Satnamis of Central India **Buddhist Nuns, Monks, and Other Worldly Matters** Gregory Schopen, 2014-07-31 Buddhist Nuns Monks and Other Worldly Matters Recent Papers on Monastic Buddhism in India is the fourth in a series of collected essays by one of today s most distinguished scholars of Indian Buddhism In these articles Gregory Schopen once again displays the erudition and originality that have contributed to a major shift in the way that Indian Buddhism is perceived understood and studied Creative Pasts Prachi Deshpande, 2007-05-08 The Maratha period of the seventeenth and eighteenth centuries when an independent Maratha state successfully resisted the Mughals is a defining era in the history of the region of Maharashtra in western India In this book Prachi Deshpande considers the importance of this period for a variety of political projects including anticolonial Hindu nationalism and the non Brahman movement as well as popular debates throughout the nineteenth and twentieth centuries concerning the meaning of tradition culture and the experience of colonialism and modernity Sampling from a rich body of literary and cultural sources Deshpande highlights shifts in history writing in early modern and modern India and the deep connections between historical and literary narratives She traces the reproduction of the Maratha period in various genres and public arenas its incorporation into regional political symbolism and its centrality to the making of a modern Marathi regional consciousness She also shows how historical memory provided a space for Indians to negotiate among their national religious and regional identities pointing to history s deeper potential in shaping politics within thoroughly diverse societies A truly unique study Creative Pasts examines the practices of historiography and popular memory within a particular colonial context and illuminates the impact of colonialism on colonized societies and cultures Furthermore it shows how modern history and historical memory are jointly created through the interplay of cultural activities power structures and political rhetoric

The Caste Question Anupama Rao,2009-10-13 This innovative work of historical anthropology explores how India's Dalits or ex untouchables transformed themselves from stigmatized subjects into citizens Anupama Rao's account challenges standard thinking on caste as either a vestige of precolonial society or an artifact of colonial governance Focusing on western India in the colonial and postcolonial periods she shines a light on South Asian historiography and on ongoing caste

discrimination to show how persons without rights came to possess them and how Dalit struggles led to the transformation of such terms of colonial liberalism as rights equality and personhood Extending into the present the ethnographic analyses of The Caste Question reveal the dynamics of an Indian democracy distinguished not by overcoming caste but by new forms of violence and new means of regulating caste History and the Making of a Modern Hindu Self Aparna Devare, 2013-04-03 Taking the contentious debates surrounding historical evidence and history writing between secularists and Hindu nationalists as a starting point this book seeks to understand the origins of a growing historical consciousness in contemporary India especially amongst Hindus The broad question it poses is Why has history become such an important site of identity conflict and self definition amongst modern Hindus especially when Hinduism is known to have been notoriously impervious to history As modern ideas regarding notions of history came to India with colonialism it turns to the colonial period as the moment of encounter with such ideas The book examines three distinct moments in the Hindu self through the lives and writings of lower caste public figure Jotiba Phule moderate nationalist M G Ranade and Hindu nationalist V D Savarkar Through a close reading of original writings speeches and biographical material it is demonstrated that these three individuals were engaged with a modern historical and rationalist approach However the same material is also used to argue that Phule and Ranade viewed religion as living contemporaneous and capable of informing both their personal and political lives Savarkar the explicitly Hindu leader on the contrary held Hindu practices and traditions in contempt confining them to historical analysis while denying any role for religion as spirituality or morality in contemporary political life While providing some historical context this volume highlights the philosophical political ideas and actions of the three individuals discussed It integrates aspects of their lives as central to understanding their politics
