The Medieval Revival And Its Influence On The Romantic Movement:

The Medieval Revival and Its Influence on the Romantic Movement R. R. Agrawal, 1990 **Secession on Trial** Cynthia Nicoletti, 2017-10-19 This book explores the treason trial of President Jefferson Davis where the question of secession's constitutionality was debated *Cosmo Innes and the Defence of Scotland's Past c. 1825-1875* Richard A. Marsden, 2016-05-13 Today Scotland's history is frequently associated with the clarion call of political nationalism. However, in the nineteenth century the influence of history on Scottish national identity was far more ambiguous. How then did ideas about the past shape Scottish identity in a period when union with England was all but unquestioned? The activities of the antiquary Cosmo Innes (1798-1874) help us to address this question. Innes was a prolific editor of medieval and early modern documents relating to Scotland's parliament, legal system, burghs, universities, aristocratic families, and pre-Reformation church. Yet unlike scholars today, he saw that editorial role in interventionist terms. His source editions were artificial constructs that powerfully articulated his worldview and agendas, emphasising Enlightenment-inspired narratives of social progress and institutional development. At the same time, they used manuscript facsimiles and images of medieval architecture to foreground a romantic concern for the texture of past lives. Innes operated within an elite associational culture which gave him access to the leading intellectuals and politicians of the day. His representations of Scottish history therefore had significant influence and were put to work as commentaries on some of the major debates which exorcised Scotland's intelligentsia across the middle decades of the century. This analysis of Innes's work, with sources set within the intellectual context of the time and against the antiquarian activities of his contemporaries, provides a window onto the ways in which the national past was perceived in Scotland during the nineteenth century. This allows us to explore how historical thinkers negotiated the apparent dichotomies between Enlightenment and Romanticism whilst, at the same time, enabling a re-examination of prevailing assumptions about Scotland's supposed failure to maintain a viable national consciousness in the later 1800s **The Year's Work in Medievalism, 2008** M. J. Toswell, 2009-04-01 *The Year's Work in Medievalism 2008* includes papers delivered at the 22nd Annual conference on Medievalism organized by the International Society for Studies in Medievalism and held at the University of Western Ontario, London, Ontario, Canada, on 4-7 October 2007. The topic of the conference was Neomedievalism, and these papers address various aspects of the term, including its definition, range, and application. The conference was organized by M. J. Toswell, who is the editor of this volume, the Director of Conferences, and Series Editor of the *Year's Work in Medievalism*. Gwendolyn Morgan In Defense of Doctrine Rhyne R. Putman, 2015-06-01 *In Defense of Doctrine* is an apologetic for the ongoing constructive theological task in Protestant and Evangelical traditions. It suggests that doctrinal development can be explained as a hermeneutical phenomenon, and that insights from hermeneutical philosophy and the philosophy of language can aid theologians in constructing explanatory theses for particular theological problems associated with the facts of doctrinal development. Joining the recent call to

theological interpretation of Scripture Putman provides a constructive model that forwards a descriptive and normative pattern for reading Scripture and theological tradition together **Engendering** Karl Fugelso,2024 Essays on the post modern reception and interpretation of the Middle Ages Though Studies in Medievalism has hosted many essays on gender this is the first volume devoted specifically to that theme The first part features four short essays that directly address manifestations of sexism in postmedieval responses to the Middle Ages gender substitutions in a Grail Quest episode of the 2023 television series Mrs Davis repurposed misogyny in the last two episodes of Game of Thrones 2011 19 traditional gender stereotypes in Capital One s credit card commercials from 2000 to 2013 and shaggy medievalism in Robert Eggers 2022 film The Northman The second part contains ten longer essays which collectively continue to demonstrate the ubiquity of gender issues and the extraordinary flexibility of approaches to them The authors discuss the misogynistic sexualization of Grendel s mother in Parke Godwin s 1995 fantasy novel The Tower of Beowulf in Graham Baker s 1999 film Beowulf in three episodes from the television series Xena Warrior Princess and in Robert Zemeckis s 2007 film Beowulf gender substitution in David Lowery s 2021 film The Green Knight and in Kinoku Nasu s and Takashi Takeuchi s anime series Fate 2004 female authorship of three early nineteenth century plays about court ladies medieval empowerment extraordinary violence in medievalist video games nationalism in fake nineteenth century medievalist documents and in contemporary online fora racial discrimination in video gaming and in Jim Crow literature and the condemnation of racism in Maria Dahvana Headley s 2018 novel The Mere Wife *Disturbing Times* Catherine E.
