The Memoirs Of Alice Guy Blache Filmmakers Series No 12:

The Memoirs of Alice Guy Blaché Anthony Slide, 2022-03-15 The fascinating memoir of influential French filmmaker Alice Guy Blach 1873 1968 is a unique pioneer of the motion picture being not only a female filmmaker but also one of the first if not the first to make a narrative film Her career spanned from 1894 when she became secretary to the legendary L on Gaumont through 1920 working in both her native France and the United States In all she was responsible for approximately 1 000 films possibly more than any other director or producer The Memoirs of Alice Guy Blach was first published in 1976 and to a large extent led to her rediscovery after decades of relative obscurity Guy Blach writes of her beginnings in the motion picture industry her direction not only of silent films but also some of the earliest synchronized sound motion pictures her marriage and journey to the United States the founding of her own studio in New Jersey her fame and the sad journey into obscurity in the 1920s Her story reveals both the opportunities and the ultimate rejection facing a woman director in the early years of the twentieth century These first hand and original memoirs are enhanced with a complete filmography an epilogue by her daughter Simone a brief biography of her director husband Herbert Blach a remembrance by feminist actress writer Madame Olga Petrova a sampling of contemporary articles on the director and a new foreword by editor Anthony Slide Through it all Alice Guy Blach s personal charm good humor and modesty shines

Alice Guy Blaché Alison McMahan, 2014-08-22 Alice Guy BlachT 1873 1968 the world s first woman filmmaker was one of the key figures in the development of narrative film From 1896 to 1920 she directed 400 films including over 100 synchronized sound films produced hundreds more and was the first and so far the only woman to own and run her own studio plant The Solax Studio in Fort Lee NJ 1910 1914 However her role in film history was completely forgotten until her own memoirs were published in 1976 This new book tells her life story and fills in many gaps left by the memoirs Guy BlachT s life and career mirrored momentous changes in the film industry and the long time span and sheer volume of her output makes her films a fertile territory for the application of new theories of cinema history the development of film narrative and feminist film theory The book provides a close analysis of the one hundred Guy BlachT films that survive and in the process rewrites early cinema history

The Memoirs of Alice Guy Blaché Alice Guy, 1986 *Provenance and Early Cinema* Joanne Bernardi, Paolo Cherchi Usai, Tami Williams, Joshua Yumibe, 2021-02-01 Remnants of early films often have a story to tell As material artifacts these film fragments are central to cinema history perhaps more than ever in our digital age of easy copying and sharing If a digital copy is previewed before preservation or is shared with a researcher outside the purview of a film archive knowledge about how the artifact was collected circulated and repurposed threatens to become obscured When the question of origin is overlooked the story can be lost Concerned contributors in *Provenance and Early Cinema* challenge scholars digging through film archives to ask How did these moving images get here for me to see them This volume which features the conference proceedings from Domitor

the International Society for the Study of Early Cinema 2018 questions preservation attribution and patterns of reuse in order to explore singular artifacts with long and circuitous lives [The Memoirs of Alice Guy Blaché](#) Alice Guy,1996-05-07 Alice Guy Blach was not only the world s first female director who made more than 650 films in France and the United States but in 1896 she became the first of either sex to direct a fictional film Complementing the memoir are reprints of contemporary articles on Alice Guy Blach from the American trade press a reminiscence by her daughter and a complete filmography

Women Filmmakers in Early Hollywood Karen Ward Mahar,2008-08-25 A study of how and why women in early twentieth century Hollywood went from having plenty of filmmaking opportunities to very few Women Filmmakers in Early Hollywood explores when how and why women were accepted as filmmakers in the 1910s and why by the 1920s those opportunities had disappeared In looking at the early film industry as an industry a place of work Mahar not only unravels the mystery of the disappearing female filmmaker but untangles the complicated relationship among gender work culture and business within modern industrial organizations In the early 1910s the film industry followed a theatrical model fostering an egalitarian work culture in which everyone male and female helped behind the scenes in a variety of jobs In this culture women thrived in powerful creative roles especially as writers directors and producers By the end of that decade however mushrooming star salaries and skyrocketing movie budgets prompted the creation of the studio system As the movie industry remade itself in the image of a modern American business the masculinization of filmmaking took root Mahar s study integrates feminist methodologies of examining the gendering of work with thorough historical scholarship of American industry and business culture Tracing the transformation of the film industry into a legitimate big business of the 1920s and explaining the fate of the female filmmaker during the silent era Mahar demonstrates how industrial growth and change can unexpectedly open and close opportunities for women With meticulous scholarship and fluid writing Mahar tells the story of this golden era of female filmmaking Women Filmmakers in Early Hollywood is not to be missed Samantha Barbas Women s Review of Books Mahar views the business of making movies from the inside out focusing on questions about changing industrial models and work conventions At her best she shows how the industry s shifting business history impacted women s opportunities recasting current understanding about the American film industry s development Hilary Hallett Reviews in American History A scrupulously researched and argued analysis of how and why women made great professional and artistic gains in the U S film industry from 1906 to the mid 1920s and why they lost most of that ground until the late twentieth century Kathleen Feeley Journal of American History Women Filmmakers in Early Hollywood offers convincing evidence of how economic forces shaped women s access to film production and presents a complex and engaging story of the women who took advantage of those opportunities Pennee Bender Business History Review

Women in the Arts Barbara Harbach,Diane Touliatos-Miles,2015-02-27 Is there a need for books about women in the arts exhibitions of women painters readings of women s poetry concerts of music by women composers and conferences highlighting women in the arts

One might believe that today the playing field is level but categories still place the word woman before the discipline woman composer woman poet woman artist and so on The ultimate goal is to move the debate away from gender categories which reinforce the notion that men s creativity is not only the norm but better There are many women challenging the status quo and succeeding Change comes slowly since many men and some women in positions of power do not see gender stereotyping as a problem It s been nearly a millennium since Hildegard von Bingen composed music and illuminated manuscripts Shouldn t the time when it was unusual to be a woman composer have past As the great 20th century pedagogue and composer Nadia Boulanger said I ve been a woman for a little over 50 years and have gotten over my initial astonishment As for conducting an orchestra that s a job where I don t think sex plays much part Indeed books like *Women in the Arts Eccentric Essays II* serve to bring society just a little closer to equality by keeping the accomplishments of women at the forefront of consciousness Technology today is a great asset in documenting the productivity of women and all artistic creations can be codified and archived in contrast to earlier times when creative women s birth and death dates are unknown not even taking into account all their lost creations The essays contained in *Women in the Arts Eccentric Essays II* reflect the lives of creative artists whether they are teachers scholars and researchers recovering previous generations of women artists or practicing artists creating new masterpieces The promotion of the roles of women in the arts is integral so that they may serve as a resource for future generations of students scholars and researchers and to enhance generations to come enriching culture through the arts

In *Perpetually Cool*, Anthony Chan takes the reader on a compelling journey through Wong's early years in Los Angeles and her first Hollywood pictures. Chan also examines the scope and nature of race, gender, and power and their impact on Wong's personal growth as a Chinese American. *Perpetually Cool* is not only the captivating story of a cinematic career but also of roots and identity as it recounts Wong's desire to connect with her heritage in the United States and in China. Chan provides extensive textual analyses of Wong's signature films, especially *The Toll of the Sea* (1922), *The Thief of Bagdad* (1924) with Douglas Fairbanks, and her most famous role as Hui Fei in *Shanghai Express* (1932) opposite Marlene Dietrich. *Perpetually Cool* is a fitting tribute to the influence of this Chinese American icon.
