**The Messenger** Ann Hamilton Wallace,2002-01-01      **Revelation in the Qur'an** Simon P. Loynes,2021-02-08 In *Revelation in the Qur'an* Simon P Loynes presents a semantic study of the Arabic roots n z l and w y in order to elucidate the modalities of revelation in the Qur'an Through an exhaustive analysis of their occurrences in the Qur'an and with reference to pre Islamic poetry Loynes argues that the two roots represent distinct occurrences with the former concerned with spatial events and the latter with communicative This has significant consequences for understanding the Qur'an's unique concept of revelation and how this is both in concord and at variance with earlier religious traditions      **Revelation, Literature, and Community in Late Antiquity** Philippa Townsend,Moulie Vidas,2011 Papers from a conference held 2007 Princeton University      **Unpublished Revelations of the Prophets and Presidents of the Church of Jesus Christ of Latter Day Saints Vol. 2** ,      How real is the DIVINE REVELATION? J.U. CHOWDHURY,2025-01-25 This is a research work on religion that claims to have originated in the heaven and brought down on earth through Revelation using a kind of invisible creatures called angels The scriptures are also claimed as the words of the Lord Affords have been made to assess this claim against a scientific background by insensibly going through the verses of the Quran and some Islamic Hadiths The work combines a short history of recent Astrophysical development along with some extracts from English literature The information contained in the book is in no way aimed at maligning any religion or persons connected to divinity      **The Qu'ran in 99 Questions** Muhittin Akgul,2008-01-01 Muslims and non Muslims alike will gain a comprehensive view of the Qur'an and discover the truth behind common misconceptions of Islam with this concise guide Authoritative Islamic scholarship and literature provide extensive answers to frequently asked questions about Muslims Islam and the Qur'an while addressing the biased image of Islam perpetrated by the mass media      Killing for God Stephen Schwalbe,2020-07-15 Given the extremely high cost of overseas military operations today the author offers readers scholarly insights as to what motivates kingdoms countries and groups to engage in religious conflict beginning with those found in the Hebrew Bible To do this he analyzes three related religions Judaism Christianity and Islam to determine their similarities and differences regarding the killing of people The areas of conflict analysis include Fundamentalism Proselytization Sacrifice to include martyrdom and Revenge to include genocide The insights of preeminent religious and political scholars are integrated into this comprehensive analysis of conflict involving religion leading to an answer to the ultimate question Is the killing worth it      **The Books of Haggai and Malachi** Pieter A. Verhoef,1987-03-10 Verhoef's study on the Books of Haggai and Malachi is part of *The New International Commentary on the Old Testament* a series which devotes considerable care to achieving a balance between technical information and homiletic devotional interpretation The commentary itself is based on the author's own translation of the Hebrew text      *Revelation* Jürgen Roloff,1993 Roloff has produced an interpretation of the Revelation of John that can be certain to gain the special interest of theologians because of his emphasis on the

Christological starting point of Revelation and the perspective that this discloses for the Christian community Hans Friedrich Weiss In this commentary one catches the Revelator's vision of eternity ablaze with promise and expectation of accountability in the bleakness of the present May this book find many who are willing to dialog with the Revelator Frederick Danker

**The Truth of Christianity** W. H. Turton, 2022-09-04 W H Turton's *The Truth of Christianity* stands as a meticulous apologetic work that aims to dissect the intellectual vigor and veracity of the Christian faith With a focus on the critical analysis of arguments both for and against Christianity Turton's treatise embarks on a scholarly journey through theological debate philosophical inquiry and historical scrutiny The literary style of the work is analytical and precise intended for a readership seeking a comprehensive understanding of the religion's foundations within a broader literary and historical context The myriad evidences presented are aimed at corroborating the authenticity of Christian doctrines and claims positioning the text as a significant contribution to religious and apologetic literature at the turn of the 20th century In examining the author W H Turton's background is profoundly influential in the composition of this book His engagement with the subject matter is not merely academic but also deeply personal A likely combination of personal faith intellectual curiosity and a desire to provide a reasoned defense for Christian belief has led Turton to embark on crafting this compelling apologetic work His efforts reflect an era's grappling with religious truth amidst rapid scientific and philosophical developments Recommended for theologians historians and lay readers alike *The Truth of Christianity* offers a rigorous yet accessible exploration of the core tenets and controversies surrounding the Christian religion It serves as an invaluable resource for anyone interested in the logical and historical underpinnings of faith providing a thought provoking examination that challenges and enlightens Turton's work is a testament to the enduring quest for spiritual truth and the discerning analysis of one's beliefs making it a timeless addition to the field of religious studies
