The Metacultural Theater Of Oh Tae Sok:

The Metacultural Theater of Oh T'ae-sŏk Oh T'ae-sok, 1999-05-01 Here for the first time are translations of five plays by Oh T'ae-sok Korea's leading playwright and one of the most original dramatists and stage directors working in Asia today Drawing inspiration from both East and West and combining styles as disparate as ancient Korean masked dance drama and contemporary avant garde theater these plays range from raucous comedy to historical tragedy from explorations of the impact of the Korean War to bitter satires of modern Korean life A stunning visual storyteller Oh mines Korea's cultural and theatrical traditions not to preserve them but to interrogate them in light of present social conditions and to reconstruct a new theatrical form that challenges both old and current conventions alike His metacultural theater investigates Koreaness from the perspectives of many different cultures while at the same time probing the meaning of culture itself Modern Korean Drama Richard Nichols, 2011 Carefully selected and represented the plays in this collection showcase both the fantastic and the realistic innovations of Korean dramatists during a time of rapid social and historical change Stretching from 1962 to 2004 these seven works tackle major subjects such as the close of the Choson dynasty and the aftermath of the Korean War while delving into trenchant cultural issues such as the marginalization of students who rebel against mainstream education and the role of traditional values in a materialistic society Longtime scholar of Korea and its vibrant politically acute theater Richard Nichols opens with a general overview of modern Korean drama since 1910 and concludes with an appendix describing theater production and audience attendance in Seoul He chooses works that aren't just for Korean audiences These texts confront universal themes and situations tackling the problem of ambition the trouble with fidelity and the complexity of sexual and interpersonal relationships Nichols situates each work critically historically and culturally including brief biographies of playwrights and extensive notes A bibliography also provides alternative readings and the titles of additional plays currently available in English Primed for production these skillful translations provide Western directors with exciting new material for the stage At the same time they offer students and scholars a sophisticated survey of the modern Korean dramatic tradition **Mushroom Clouds** Simon C. Estok, Iping Liang, Shinji Iwamasa, 2021-03-28 Mushroom Clouds Ecocritical Approaches to Militarization and the Environment in East Asia examines the growing significance of the eco implications of the increasing militarism of East Asia As a transcultural image and metaphor mushroom clouds signify anthropogenic violence and destruction as exemplified by wars and nuclear bombings Immediately evoking memories of Hiroshima and Nagasaki the mushroom clouds metaphor has deep roots and implications in East Asia and this volume explores these roots and implications from the perspectives of a variety of scholars and artists from different parts of East Asia The chapters that comprise Mushroom Clouds respond to the increasingly dangerous developments in the world that led up to and have occurred since the 2016 presidential election of Donald Trump developments that threaten the stability of the region and the world In the wake of the 70th anniversary of the division of

Korea increasing attention has been focused on the legacy of the Cold War on the one hand and on the continuing militarization of East Asia on the other After the nuclear bombings in Hiroshima and Nagasaki after the truce across the 38th parallel after the shelling of Kinmen and Matsu East Asia became and remains one of the most densely militarized regions in the world Under the shadow of war however the concern about environmental impacts has been growing not only in social discourse but also in literature and the visual arts The first of its kind Mushroom Clouds gathers ecocritics from East Asia to examine issues such as militarization militarized islands military tourism military villages post war environments nuclear accidents and the demilitarized zone DMZ wildlife among others in East Asia
