The Mexican American Experience An Interdisciplinary Anthology:

Overseas Business Reports ,1980 *The Mexican American Experience* Matt S. Meier,Margo Gutiérrez,2003-12-30 Mexican Americans are rapidly becoming the largest minority in the United States playing a vital role in the culture of the American Southwest and beyond This A to Z guide offers comprehensive coverage of the Mexican American experience Entries range from figures such as Corky Gonzales Joan Baez and Nancy Lopez to general entries on bilingual education assimilation border culture and southwestern agriculture Court cases politics and events such as the Delano Grape Strike all receive full coverage while the definitions and significance of terms such as coyote and Tejano are provided in shorter entries Taking a historical approach this book s topics date back to the 1848 Treaty of Guadalupe Hidalgo a radical turning point for Mexican Americans as they lost their lands and found themselves thrust into an alien social and legal system The entries trace Mexican Americans experience as a small conquered minority their growing influence in the 20th century and the essential roles their culture plays in the borderlands or the American Southwest in the 21st century **The Mexican American Experience** ,2001 **Cultural Diversity in the United States** Larry Naylor,1997-01-14 This collection of readings provides the reader with a basic introduction to the topic and concepts of cultural diversity as it has come to characterize the culture of the United States Particular attention is given to the practice of racial ethnic and special interest group characterizations No other book is as complete in its coverage of the diverse cultural groupings that make up the American culture This unique work serves as a first step in beginning the quest for greater understanding and appreciation of diversity Becoming Mexican American George J. Sanchez,1995-03-23 Twentieth century Los Angeles has been the locus of one of the most profound and complex interactions between variant cultures in American history Yet this study is among the first to examine the relationship between ethnicity and identity among the largest immigrant group to that city By focusing on Mexican immigrants to Los Angeles from 1900 to 1945 George J S nchez explores the process by which temporary sojourners altered their orientation to that of permanent residents thereby laying the foundation for a new Mexican American culture Analyzing not only formal programs aimed at these newcomers by the United States and Mexico but also the world created by these immigrants through family networks religious practice musical entertainment and work and consumption patterns S nchez uncovers the creative ways Mexicans adapted their culture to life in the United States When a formal repatriation campaign pushed thousands to return to Mexico those remaining in Los Angeles launched new campaigns to gain civil rights as ethnic Americans through labor unions and New Deal politics The immigrant generation therefore laid the groundwork for the emerging Mexican American identity of their children **The Other Struggle for Equal Schools** Rubén Donato,1997-01-01 Examining the Mexican American struggle for equal education during the 1960s and 1970s in the Southwest in general and in a California community in particular Donato challenges conventional wisdom that Mexican Americans were passive victims accepting their educational fates He looks at how Mexican American parents

confronted the relative tranquility of school governance how educators responded to increasing numbers of Mexican Americans in schools how school officials viewed problems faced by Mexican American children and why educators chose specific remedies Finally he examines how federal state and local educational policies corresponded with the desires of the Mexican American community

Chicano Narrative Ramón Saldívar, 1990 In struggling to retain their cultural unity the Mexican American communities of the American Southwest in the nineteenth and twentieth centuries have produced a significant body of literature *Chicano Narrative* examines representative narratives including the novel short story narrative verse and autobiography that have been excluded from the American canon

Batos, Bolillos, Pochos, and Pelados Chad Richardson, 2010-07-05 The Valley of South Texas a recent joke goes is a great place to live It s so close to the United States Culturally this borderland region is both Mexican and Anglo American and its people span the full spectrum from a minority who wish to remain insulated within strictly Anglo or Mexican communities and traditions to a majority who daily negotiate both worlds This fascinating book offers the fullest portrait currently available of the people of the South Texas borderlands An outgrowth of the Borderlife Research Project conducted at the University of Texas Pan American it uses the voices of several hundred Valley residents backed by the findings of sociological surveys to describe the lives of migrant farm workers colonia residents undocumented domestic servants maquila workers and Mexican street children Likewise it explores race and ethnic relations among Mexican Americans permanent Anglo residents Winter Texans Blacks and Mexican immigrants From this firsthand material the book vividly reveals how social class race and ethnicity have interacted to form a unique border culture

Challenging Fronteras Mary Romero, Pierrette Hondagneu-Sotelo, Vilma Ortiz, 2014-06-11 Challenging Fronteras reflects an important new wave of research that moves beyond sweeping generalizations that treat Latinos as a monolithic cultural group This anthology focuses on the diversity of Latino experiences by providing historical specificity and cutting edge research that employs the conceptual and analytical tools of social science Contributors selected from leading researchers in Latino Studies include Patricia Zavella Suzanne Oboler Alejandro Portes Clara Rodriguez Marta Tienda Nestor Rodriguez and others

The Americas Felipe Fernández-Armesto, 2006-01-17 In this groundbreaking work leading historian Felipe Fernández Armesto tells the story of our hemisphere as a whole showing why it is impossible to understand North Central and South America in isolation without turning to the intertwining forces that shape the region With imagination thematic breadth and his trademark wit Fernández Armesto covers a range of cultural political and social subjects taking us from the dawn of human migration to North America to the Colonial and Independence periods to the American Century and beyond Fernández Armesto does nothing less than revise the conventional wisdom about cross cultural exchange conflict and interaction making and supporting some brilliantly provocative conclusions about the Americas past and where we are headed

Decoding **The Mexican American Experience An Interdisciplinary Anthology**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
