The Migrant Shepherd Oberrosbach To Tenterfield:

The Migrant Shepherd Ernest Lloyd Sommerlad,1986 Our Multicultural Heritage, 1788-1945 National Library of Australia,1995 *High Lean Country* Iain Davidson,Andrew Piper,JS Ryan,2020-07-22 High Lean Country captures the rich history and haunting character of the New England region of northern New South Wales The authors explore how memory of land of family of patterns of life on the other side of the world has influenced the identity of New England They also consider how the high country itself has shaped its people and their sense of regional uniqueness In doing so this book sets a new direction for understanding Australia as a whole Weaving together the histories of human settlement economic social and cultural development as well as interactions with the environment High Lean Country shows how colonial settlers strived for decades to literally create a new England It traces the story of the graduates of Oxford and Cambridge who turned their hands to sheep husbandry and developed a squattocracy the establishment of schools and other institutions and the cultivation of traditional arts It also examines the early colonial bushranging period and a history of not always friendly relations between white settlers and the local Aboriginal population A project of the Heritage Futures Research Centre at the University of New England High Lean Country is a fascinating study of this distinctive Australian high country Too Soon Too Late Meaghan Morris,1998-08-22 Author Meaghan Morris asks how feminist culture critics can participate in political struggles about history Questioning both contemporary cultural theory that imagines a world beyond history and feminist approaches to culture that minimize questions of economy class and nation Morris argues that history created by popular culture is never truly national in scale or force 11 photos **Journal of the Royal Australian Historical Society** Royal Australian Historical Society,1987 Includes Annual report and statement of accounts **The Australian People** James Jupp,2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation *Australian Books in Print* ,1992

Bibliographie internationale des recensions de la littérature savante ,1974 Arts & Humanities Citation Index ,1988 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals **Australian National Bibliography** ,1986
