**A Japanese View of Outer Mongolia** Yasuo Misshima, Tomio Goto, 1942 *The Outer Mongolian* David R. Slavitt, 1980 *Japanese-Mongolian Relations, 1873-1945* James Boyd, 2010-12-17 This book offers the first in depth examination of Japanese Mongolian relations from the late nineteenth century through to the middle of the twentieth century and in the process repositions Mongolia in Sino Japanese and Russo Japanese relations Beginning in 1873 with the intrepid journey to Mongolia by a group of Buddhist monks from one of Kyoto's largest orders the relationship later included groups and individuals from across Japanese society with representatives from the military academia business and the bureaucracy Throughout the book the interplay between these various groups is examined in depth arguing that to restrict Japan's relationship with Mongolia to merely the strategic and as an adjunct to Manchuria as has been done in other works neglects important facets of the relationship including the cultural religious and economic It does not however ignore the strategic importance of Mongolia to the Japanese military The author considers the cultural diplomacy of the Zenrin ky kai a Japanese quasi governmental humanitarian organization whose activities in inner Mongolia in the 1930s and 1940s have been almost completely ignored in earlier studies and whose operations suggest that Japanese Mongolian relations are quite distinct from other Asian peoples Accordingly the book makes a major contribution to our understanding of Japanese activities in a part of Asia that figured prominently in pre war and wartime Japanese strategic and cultural thinking

Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades, 1911-1931 Christopher Atwood, 2022-10-04 In *Young Mongols and Vigilantes in Inner Mongolia's Interregnum Decades 1911 1931* a vivid narrative of the underground world of pan Mongolist agitation in China the author shows how the paradoxical legacy of China's New Policies reforms left ethnically based nationalism as the only common denominator for political action In the turbulent years of China's warlord republic educated Mongol nationalists and rural vigilantes sought to unify Inner Mongolia with the independent state in Mongolia proper Brought together by the Soviet embassy the nationalists fought for an autonomous Inner Mongolia until their final doomed uprisings of 1928 Based on previously closed Mongolian archives *Young Mongols and Vigilantes* is a path breaking contribution to the history of Soviet involvement in Inner Mongolia Chinese Communist nationality policy and the social history of multi ethnic Inner Mongolia The print edition is available as a set of two volumes 9789004126077

**China** Joseph Esherick, C.X. George Wei, 2013-12-17 The Qing dynasty was China's last and it created an

empire of unprecedented size and prosperity However in 1911 the empire collapsed within a few short months and China embarked on a revolutionary course that lasted through most of the twentieth century The 1911 Revolution ended two millennia of imperial rule and established the Republic of China but dissatisfaction with the early republic fuelled further revolutionary movements each intended to be more thoroughgoing than the last from the National Revolution of the 1920s to the Communist Revolution and finally the Cultural Revolution On the centenary of the 1911 Revolution Chinese scholars debated the causes and significance of the empire's collapse and this book presents twelve of the most important contributions Rather than focusing on Sun Yat sen's relatively weak and divided revolutionary movement as much previous scholarship has these studies examine the internal dynamics of political and socio economic change in China The chapters reveal how reforms in education army organization and constitutional rule created new social forces and political movements that undermined dynastic legitimacy within China and on its frontiers Through detailed analyses using new archival memoir diary and newspaper sources the authors cast new light on the sudden collapse of an empire that many thought was at last embarked on a road to reform and national rejuvenation China How the Empire Fell will be of huge interest to students and scholars of modern Chinese history as well as those of contemporary China *Recast All under Heaven* Xiaoyuan

**Diplomacy and Deception** Bruce Elleman,2016-09-16 During the Soviet period the USSR conducted diplomatic relations with incumbent regimes while simultaneously cultivating and manipulating communist movements in those same countries The Chinese case offers a particularly interesting example of this dual policy for when the Chinese Communists came to power in 1949 their discovery of the nature of Moscow's imperial designs on Chinese territory sowed distrust between the two revolutionary powers and paved the way to the Sino Soviet split Drawing on newly available documents from archives in China Taiwan Russia and Japan this study examines secret agreements signed by Moscow and the Peking government in 1924 and confirmed by a Soviet Japanese convention in 1925

These agreements essentially allowed the Bolsheviks to reclaim most of tsarist Russia's concessions and privileges in China including not only Imperial properties but also Outer Mongolia the Chinese Eastern Railway the Boxer Indemnity and the right of extraterritoriality Each of these topics is analyzed in this volume and translations of the secret protocols themselves are included in a documentary appendix Additional chapters discuss Sino Soviet diplomacy and the parallel history of Soviet relations with the Chinese Communist Party as well as the origins and purpose of the United Front policy
