Boy-savers' Guide George Edward Quin, 1908 **A Thematic Access-Oriented Bibliography of Jesus's Resurrection**

Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection. Present-day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus. The literature measures well over seven thousand sources in English language books alone. This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task. Even when a specific book is relevant, finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort. A Thematic Access-Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways. First, the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty-four subcategories which are designed to help you find the most relevant literature quickly and efficiently. Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views: theistic (e.g., Christian, Jewish, Muslim, etc.), agnostic, and nontheistic. The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives, allowing you to browse or find the one source accurately and with ease.

Adapted from the Original Laurence Raw, 2018-08-28 Critics and audiences often judge films, books, and other media as great, but what does that really mean? This collection of new essays examines the various criteria by which degrees of greatness or not-so are constructed, whether by personal, political, or social standards, through topics in cinema, literature, and adaptation. The contributors recognize how issues of value vary across different cultures and explore what those differences say about attitudes and beliefs. *Biblical Reasoning* R. B. Jamieson, Tyler R. The book outlines key theological principles and rules for the exegesis of Christian Scripture, making it an ideal textbook for hermeneutics and interpretation courses. The authors explore how the triune God revealed in Christ shapes Scripture and its readers and how doctrinal rules intrinsic to Scripture help guide exegesis. The Catholic literary circular ,
