Ferda,2018-12-27 Tucker S Ferda examines the theory of the Galilean crisis the notion that the historical Jesus himself had grappled with the failure of his mission to Israel While this theory has been neglected since the 19th century due to research moving to consider the response of the early church to the rejection of the gospel Ferda now provides fresh insight on Jesus own potential crisis of faith Ferda begins by reconstructing the origin of the crisis theory expanding upon histories of New Testament research and considering the contributions made before Hermann Samuel Reimarus He shows how the crisis theory was shaped by earlier and so called pre critical gospel interpretation and examines how despite the claims of modern scholarship the logic of the crisis theory is still a part of current debate Finally Ferda argues that while the crisis theory is a failed hypothesis its suggestions on early success and growing opposition in the ministry as well as its claim that Jesus met and responded to disappointing cases of rejection should be revisited This book resurrects key historical aspects of the crisis theory for contemporary scholarship      A Reader's Guide to the Choice of the Best Available Books (about 50,000) in Every Department of Science, Art & Literature, with the Dates of the First & Last Editions, & the Price, Size & Publisher's Name of Each Book William Swan Sonnenschein,1901      **The Reference Catalogue of Current Literature** ,1910      *Circles of Thorns* Justin Lewis-Anthony,2008-11-13 Unlike Bosch s better known fantastical proto surrealist paintings Christ Mocked is small still and sombre and yet with a little effort of knowledge and interpretation it reveals a depth of understanding of both the Passion and of human nature that speaks as much to the twenty first century as it did to the sixteenth By exploring the

political scientific psychological and devotional world of early modern Europe and applying those insights to our own time the author shows how Bosch used his sophisticated artistic skills to convey a similarly sophisticated understanding of humanity In Christ Mocked a painting 500 years old but passionately modern Christ s Passion is so portrayed as to make us reassess the cosmic significance of Christ s death and its profound implications for what we think it means to be human
