Stuhler,Francisco Parra-Luna,2000 *Trillion* Mark Kimmel,2002-06 Journey with Ryan Drake and Sarah Smith a human extraterrestrial as the deal with Earth s deteriorating environment degrading human institutions and divulge who is ruling Earth This book is in story form however much of what is presented has already come true Suitable as an introduction to the larger picture of reality *The Flat Earth & Genesis , Revelation, Apostasy, End, Times, & This Generation , Making Better Sense of the World* Bruce S C Robertson,2019-09-27 Had enough of people insisting you believe things that aren t true Then maybe this book is for you If you prefer fantasy and propaganda over facts and logic then don t read this book But if you like logic and facts and simplicity that make sense then this is the book for you This book breaks from the traditions of popular philosophy instead it is a philosophical synthesis that progresses from a few simple ideas to present a comprehensive view of the world that makes sense **Beckett the Shape Changer** Katharine Worth,2021-05-18 The essays in this book first published in 1975 suggest how best to approach Beckett how to read him how to get closer to the concrete experience offered by this most concrete of writers It aims to bring out the full diversity of Beckett s art as dramatist and story teller His astonishing flexibility and inventiveness is stressed throughout either in studies of single novels or from the whole range of the fiction and stage drama or from the experiments in other media the solitary film the radio plays Beckett s bilingualism one of the strangest aspects of his Proteanism is examined through a comparison of the French and English texts of some of his stage plays The emphasis of the essays is literary rather than philosophical they explore narrative and dramatic processes the strange partial transitions between them the fine relations of form and feeling which Beckett aims at through whatever medium he is using and his humaneness expressed through the many nuances of his humour The shorter fiction and the later writings also receive close attention **Culture and Hegemony in the Colonial Middle East** Y. Noorani,2010-04-26 This work is a study of the nature and origin of nationality

and modern social ideals in the Middle East particularly Egypt in the late nineteenth to mid twentieth centuries Bringing together writings on political and social reform with literary works Noorani challenges dominant assumptions about the emergence of modernity It shows that while nationalist liberal and democratic ideals emerged in the Middle East under European influence these ideals were nevertheless created out of existing cultural values by reformers and intellectuals The central element of this process the book argues was the transformation of virtue into nationality
