The Paradiso

Rachel Jacoff

The Paradiso:

The Undivine Comedy Teodolinda Barolini, 1992-10-30 Accepting Dante's prophetic truth claims on their own terms Teodolinda Barolini proposes a detheologized reading as a global new approach to the Divine Comedy Not aimed at excising theological concerns from Dante this approach instead attempts to break out of the hermeneutic guidelines that Dante structured into his poem and that have resulted in theologized readings whose outcomes have been overdetermined by the poet By detheologizing the reader can emerge from this poet's hall of mirrors and discover the narrative techniques that enabled Dante to forge a true fiction Foregrounding the formal exigencies that Dante masked as ideology Barolini moves from the problems of beginning to those of closure focusing always on the narrative journey Her investigation which treats such topics as the visionary and the poet the One and the many narrative and time reveals some of the transgressive paths trodden by a master of mimesis some of the ways in which Dante's poetic adventuring is indeed according to his own lights Ulyssean The Living Church, 1906 The Future of Psychoanalysis Richard D. Chessick, 2012-02-01 The Future of Psychoanalysis explores the contemporary problem of multiple theories of psychoanalysis and argues for a return to a more classical position based on Freud's work Using his training in psychiatry psychoanalysis and philosophy Richard D Chessick examines the special combination of hermeneutics and natural science that characterizes Freud's psychoanalysis and investigates what goes on in the mind of the psychoanalyst during the psychoanalytic process He maintains that while relativistic and intersubjective theories of psychoanalysis have value they have gone too far and generated a plurality of theories removed from Freud which has led to chaos in the field The Future of Psychoanalysis challenges these trends and places this debate in the context of current mind brain controversies and unresolved questions about human nature

Europe at the Seaside Luciano Segreto, Carles Manera, Manfred Pohl, 2009 Mass tourism is one of the most striking developments in postwar Western societies involving economic social cultural and anthropological factors The Mediterranean basin which has long been a very popular destination is explored here **Suffering, not Power** Benjamin Wheaton, 2022-06-08 Correcting a popular view of the atonement Was Christ's death a victory over death or a substitution for sin Many today follow Gustav Aul's Christus Victor view which portrays Christ's death as primarily a victory over the powers of evil and death According to Aul this was the dominant view of the church until Anselm reframed atonement as satisfaction and the Reformers reframed it as penal substitution In *Suffering Not Power* Benjamin Wheaton challenges this common narrative Sacrificial and substitutionary language was common well before Anselm's *Cur Deus Homo* Wheaton displays this through a careful analysis of three medieval figures whose writings on the atonement are commonly overlooked Caesarius of Arles Haimo of Auxerre and Dante Alighieri These individuals come from different times and contexts and wrote in different genres but each spoke of Christ's death as a sacrifice of expiation and propitiation made by God to God Let history speak for itself read the evidence and reconsider the church's belief in Christ's substitutionary death for sinners

The Cambridge Companion to Dante Rachel Jacoff, 2007-02-15 This 2007 second edition of *The Cambridge Companion to Dante* is designed to provide an accessible introduction to Dante for students teachers and general readers The volume was fully updated and includes three new essays on Dante s works The suggestions for further reading now include secondary works and translations as well as online resources The essays cover Dante s early works and their relation to the *Commedia* his literary antecedents both vernacular and classical biblical and theological influences the historical and political dimensions of Dante s works and their reception In addition there are introductory essays to each of the three canticles of the *Commedia* that analyse their themes and style This edition will ensure that the *Companion* continues to be the most useful single volume for new generations of students of Dante *Dante: The Divine Comedy* Robin Kirkpatrick, 2004-01-19 In this accessible critical introduction to Dante s *Divine Comedy* Robin Kirkpatrick principally focuses on Dante as a poet and storyteller He addresses important questions such as Dante s attitude towards Virgil and demonstrates how an early work such as the *Vita nuova* is a principal source of the literary achievement of the *Comedy* His detailed reading reveals how the great narrative poem explores the relationship that Dante believed to exist between God as creator of the universe and the human being as a creature of God *The Personalist* , 1928 **The Paradiso** Dante Alighieri, 2001-08-01 In *The Paradiso* Dante explores the goal of human striving the merging of individual destiny with universal order One of the towering creations of world literature this epic discovery of truth is a work of mystical intensity an immortal hymn to God Nature Eternity and Love *Writing Gender in Women's Letter Collections of the Italian Renaissance* Meredith K. Ray, 2009-01-01 During the Italian Renaissance dozens of early modern writers published collections of private correspondence using them as vehicles for self presentation self promotion social critique and religious dissent *Writing Gender in Women's Letter Collections of the Italian Renaissance* examines the letter collections of women writers arguing that these works were a studied performance of pervasive ideas about gender as well as genre a form of self fashioning that variously reflected manipulated and subverted cultural and literary conventions regarding femininity and masculinity Meredith K Ray presents letter collections from authors of diverse backgrounds including a noblewoman a courtesan an actress a nun and a male writer who composed letters under female pseudonyms Ray s study includes extensive new archival research and highlights a widespread interest in women s letter collections during the Italian Renaissance that suggests a deep curiosity about the female experience and a surprising openness to women s participation in this kind of literary production *Critical Companion to Dante* Jay Ruud, 2008 Dante Alighieri is one of the greatest poets in world history His brilliant epic *The Divine Comedy* an imagined journey through Heaven Hell and Purgatory continues to captivate readers This work provides an information on his life and work It covers Dante s canon including his love poems in *La Vita Nuova* and his philosophical works *MLN.* , 1887 Provides image and full text online access to back issues Consult the online table of contents for specific holdings *My Favourite Passage from Dante* Dante Alighieri, 1928 *Dante, Mercy, and the Beauty*

of the Human Person Leonard J. DeLorenzo, Vittorio Montemaggi, 2017-07-14 Dante Mercy and the Beauty of the Human Person is a pilgrimage to rediscover the spiritual and humanizing benefit of the Commedia Treating each cantica of the poem this volume offers profound meditations on the intertwined themes of memory prayer sainthood the irony of sin theological and literary aesthetics and desire all while consistently reflecting upon the key themes of mercy and beauty in the revelation of the human person within the drama of divine love My Favorite Passage from Dante Dante Alighieri, 1929 **Dante and the Sense of Transgression** William Franke, 2012-11-22 In Dante and the Sense of Transgression William Franke combines literary critical analysis with philosophical and theological reflection to cast new light on Dante's poetic vision Conversely Dante's medieval masterpiece becomes our guide to rethinking some of the most pressing issues of contemporary theory Beyond suggestive archetypes like Adam and Ulysses that hint at an obsession with transgression beneath Dante's overt suppression of it there is another and a prior sense in which transgression emerges as Dante's essential and ultimate gesture His work as a poet culminates in the Paradiso in a transcendence of language towards a purely ineffable mystical experience beyond verbal expression Yet Dante conveys this experience nevertheless in and through language and specifically through the transgression of language violating its normally representational and referential functions Paradiso's dramatic sky scapes and unparalleled textual performances stage a deconstruction of the sign that is analyzed philosophically in the light of Blanchot Levinas Derrida Barthes and Bataille as transgressing and transfiguring the very sense of sense

Dante the Lyric and Ethical Poet Zygmunt G. Bara'nski, 2017-12-02 This book presents the proceedings of the fifth meeting of the International Dante Seminar As with previous volumes the proceedings also include a carefully edited account of the extensive discussions which followed the presentations The papers given by some of the leading international scholars of the poet from Italy the UK and the USA address four major topics of particular concern to present day Dante studies Dante as a lyric poet Dante as an ethical poet Dante and the Eclogues and Dante in nineteenth century Britain These topics reflect both areas which are currently the subject of heated critical debate several editions of the lyric poems are in preparation and the ethical dimension of Dante's works is very much under discussion and areas which are long overdue a reassessment Dante's remarkable revival of Latin pastoral poetry and the extraordinary British contribution to Dante studies in the nineteenth century As this set of conference proceedings makes clear in Dante and in his legacy ethics and poetry are inseparable The contributors include Paola Allegretti Michael Caesar Paolo Falzone Manuele Gagnolati Claudio Giunta Claire Honess Robin Kirkpatrick John Lindon Lino Pertile Justin Steinberg Claudia Villa and Diego Zancani The Metaphysics of Dante's Comedy Christian Moevs, 2005-03-17 Dante's metaphysics his understanding of reality is very different from our own To present Dante's ideas about the cosmos or God or salvation or history or poetry within the context of post Enlightenment presuppositions as is usually done is thus to capture only imperfectly the essence of those ideas The recovery of Dante's metaphysics is essential argues Christian Moevs if we are to resolve what has been called the central

problem in the interpretation of the Comedy That problem is what to make of the Comedy's claim to the status of revelation vision or experiential record as something more than imaginative literature In this book Moevs offers the first sustained treatment of the metaphysical picture that grounds and motivates the Comedy and of the relation between those metaphysics and Dante's poetics He carries this out through a detailed examination of three notoriously complex cantos of the Paradiso read against the background of the Neoplatonic and Aristotelian tradition from which they arise Moevs finds the key to the Comedy's metaphysics and poetics in the concept of creation which implies three fundamental insights into the nature of reality 1 The world finite being is radically contingent dependent at every instant on what gives it being 2 The relation between the world and the ground of its being is non dualistic God is not a thing and there is nothing the world is made of 3 Human beings are radically free unbound by the limits of nature and thus can find all of time and space within themselves These insights are the foundation of the pilgrim Dante's journey from the center of the world to the Empyrean which contains it For Dante in sum what we perceive as reality the spatio temporal world is a creation or projection of conscious being which can only be known as oneself Moevs argues that self knowledge is in fact the keystone of the Aristotelian and Neoplatonic philosophical tradition and the essence of the Christian revelation in which that tradition culminates Armed with this new understanding Moevs is able to shed light on a series of perennial issues in the interpretation of the Comedy In particular it becomes clear that poetry coincides with theology and philosophy in the poem Dante poeta cannot be distinguished from Dante theologus

Mediaeval Culture: The literary background and the poetry of the "Divine comedy." Karl Vossler, 1929 The Divine Comedy and the Encyclopedia of Arts and Sciences Giuseppe C. Di Scipio, Aldo Scaglione, 1988-01-01 The guiding principle of this volume is the concept of the artes liberales the trivium and quadrivium as branches of learning that are rooted in Dante Alighieri's mind The present volume contains essays by leading international scholars on the various scientific and artistic disciplines which form the background sources and presence in Dante's opus
