The Paradox Of History Stendhal Tolstoy Pasternak And Others:

The Paradox of History Nicola Chiaromonte, 1985 This collection of interrelated literary historical essays is based on the author's 1966 Christian Gauss lectures at Princeton University The articles investigate the various attitudes of such giants as Stendahl Tolstoy Malraux and Pasternak plus other lesser known authors toward the idea of history as a replacement for earlier theocentric and rationalist world views **The Paradox of History: Stendhal, Tolstoy, Pasternak and Others** N. Chiaromonte, 1973

New Essays on Tolstoy Malcolm Jones, 2011-03-03 This collection of essays focuses on Tolstoy's writing thinking and translation problems to commemorate his 150th year of his birth **The English Novel In History 1840-1895** Elizabeth Ermarth, 2006-09-07 The construction of history as a social common denominator is a powerful achievement of the nineteenth century novel a form dedicated to experimenting with democratic social practice as it conflicts with economic and feudal visions of social order Through revisionary readings of familiar nineteenth century texts *The English Novel in History 1840 1895* takes a multidisciplinary approach to literary history It highlights how narrative shifts from one construction of time to another and reformulates fundamental ideas of identity nature and society Elizabeth Ermarth discusses the range of novels alongside other cultural material including painting science religious political and economic theory She explores the problems of how a society as defined in democratic terms can accommodate political gender and class differences without resorting to hierarchy and how narrowly conceived economic agendas compete with social cohesion Students advanced undergraduates postgraduates and specialists will find this text invaluable The Figure of Modernity Tilo Schabert, 2020-09-21 Two words describe a modern world limits and limitless Traditionally humans recognized limits of their power Modernity meant a break Its protagonists aspired to bring worlds of their imagination into reality They taught a new anthropology Humans could ascend to a God like status Schabert analyzes the history of the project and its result a civilization in a perennial crisis Symptoms of the crisis have been exposed today mostly in ecological terms Schabert takes his material from many fields philosophy cosmology natural sciences literature social studies economics architecture and political thought While modernity is endlessly disrupted a world beyond modernity can be traced especially in the modern theory of constitutional government Constitutional governments are formed by limitations within a civilization that is meant to have no limits What appears to be paradoxical has its own logic as Baruch Spinoza John Locke Montesquieu John Adams the Federalist Papers John Stuart Mill Walter Bagehot and Woodrow Wilson have shown Schabert carefully explicates their constitutional thought It realized the limits through which modernity holds a promise Interpretation Radical but Not Unruly Joseph Margolis, 2023-09-01 With this challenging work Joseph Margolis continues the project begun in *The Flux of History and the Flux of Science* California 1993 Tackling one of philosophy's master themes he develops the controversial thesis that the world is a flux Here he applies this doctrine to Western theories of history and the interpretation of cultural phenomena offering the first sustained analysis of the logic methodology and metaphysics of interpretation

committed to a thoroughgoing relativism and the historicized structure of cultural phenomena Versed in Anglo American and Continental philosophy Margolis draws on the best views of Western philosophy to investigate a topic regularly ignored in that tradition The result is the surprising synthesis of two historically antipathetic approaches to philosophy With this challenging work Joseph Margolis continues the project begun in *The Flux of History and the Flux of Science* California 1993 Tackling one of philosophy's master themes he develops the controversial thesis that the world is a flux He

Tolstoy On War Rick McPeak, Donna Tussing Orwin, 2012-09-15 In 1812 Napoleon launched his fateful invasion of Russia Five decades later Leo Tolstoy published *War and Peace* a fictional representation of the era that is one of the most celebrated novels in world literature The novel contains a coherent though much disputed philosophy of history and portrays the history and military strategy of its time in a manner that offers lessons for the soldiers of today To mark the two hundredth anniversary of the French invasion of Russia and acknowledge the importance of Tolstoy's novel for our historical memory of its central events Rick McPeak and Donna Tussing Orwin have assembled a distinguished group of scholars from diverse disciplinary backgrounds literary criticism history social science and philosophy to provide fresh readings of the novel The essays in *Tolstoy On War* focus primarily on the novel's depictions of war and history and the range of responses suggests that these remain inexhaustible topics of debate The result is a volume that opens fruitful new avenues of understanding *War and Peace* while providing a range of perspectives and interpretations without parallel in the vast literature on the novel

Murder in Our Midst Omer Bartov, 1996-02-29 *War* endlessly tries to mask itself The myth of the heroic soldier testing his individual courage stands in stark contrast to the reality of mass anonymous death and the suppression of individual actions *Murder in Our Midst* shows that this fundamental tension reached its natural conclusion in the Holocaust and that disguising it has required an ongoing effort to misrepresent war and the Holocaust as something other than industrial killing Examining a broad range of the representations of war's horrors from scholarly depictions to those in popular literature poetry art and the movies Omer Bartov finds they have some things in common Societies and cultures have attempted to form coherent images of horrific events to draw didactic lessons from them and to exploit them to legitimate ideological or political positions Made up of interconnected essays this book is both a scholarly and an often personal and passionate examination of the emergence implementation and representation of industrial killing Bartov draws out the links between recent revisionist attempts to minimize and deny the Holocaust and Hollywood's ongoing fascination with National Socialism and Hitler's Final Solution Arguing that the modern predicament reflects the effects of the Nazi genocide on current perceptions of war history and memory this book is a plea for compassion and commitment in an increasingly violent and indifferent world

Francis Parkman, Historian as Hero Wilbur R. Jacobs, 2010-07-22 A historian who lived the kind of history he wrote Francis Parkman is a major and controversial figure in American historiography His narrative style while popular with readers wanting a good

story has raised many questions with professional historians Was Parkman writing history or historical fiction Did he color historical figures with his own heroic self image Was his objectivity compromised by his unbending conservative Brahmin values These are some of the many issues that Wilbur Jacobs treats in this thought provoking study Jacobs carefully considers the apprenticeship of Francis Parkman first spent in facing the rigors of the Oregon Trail and later in struggling to write his histories despite a mysterious frequently incapacitating illness He shows how these events allowed Parkman to create a heroic self image which impelled his desire for fame as a historian and influenced his treatment of both the noble and the savage characters of his histories In addition to assessing the influence of Parkman s development and personality on his histories Jacobs comments on Parkman s relationship to basic social and cultural issues of the nineteenth century These include the slavery question Native American issues expansion of the suffrage to new groups including women and anti Catholicism
