The Paratroopers:

The Lost Paratroopers of Normandy Stephen G. Rabe, 2022-11-10 The inspiring story of 162 US paratroopers dropped hopelessly off target and the French villagers who assisted and supported them *The Paratroopers* John R. Emmert, 2014-06-03 Steven Weaver's life as a college student was active. If he wasn't studying, he was playing varsity football or basketball. Now, with the coming of war, his first months in the Army lacked activity until he was given a unique opportunity in the summer of 1942 to join a group of air-deployed combat infantry looking for athletic volunteers. Little did he know what would be asked of himself and his faith under fire *Trapped by Evil and Deceit* Daniel Brand, 2021-06-29 When the Holocaust broke out in Europe, Hansi and Joel Brand were joined by Israel Rezs Kasztner to launch an organized effort to save thousands of human lives. Their efforts, which involved playing a dangerous bluffing game against the Nazi regime, helped to end the Auschwitz extermination. Their success put them at odds with the political machine of the young state of Israel. Politicians wanted the public to believe that there was nothing they could do, a sentiment which many still believe to this day. This cover-up led to Israel's first politically motivated homicide The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a précis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system, which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre, i.e. animated, drama, sports, mystery, adventure, etc., as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection Silencing the Guns in Africa Antonio Garcia, Jacob Udo-Udo Jacob, 2025-03-14 The scholarship of this book is drawn from local and international experts by framing critically a number of discourses on matters of security, conflict, violence, and peace on the African continent. It is indeed a breath of fresh air to the scientific community, largely because it contributes to the on-going debates on security issues. Dr Ntsikelelo Benjamin Breakfast, Director of the Center for Security, Peace, and Conflict Resolution at Nelson Mandela University. This book makes a deep contribution to scholarly literature on conflict studies, peacekeeping, and peacebuilding in Africa. Written largely from the perspective of the applied social sciences, it is empirically rich and offers refreshing insights into social behaviour in military contexts. This is a timely contribution because current public discourse in South Africa is centred on the gains and missed opportunities of

thirty years of democracy and new lenses are welcome Many of the chapters reflect South African experiences This is to be welcomed as it demonstrates that scholars and practitioners from the country are reflecting on the complexities of South African experiences of defence and security matters in contemporary times Dr Sandy Africa Director of Research at Mapungubwe Institute for Strategic Reflection MISTRA This volume brings together the voices of scholars and practitioners a diverse group of writers who are passionate about and committed to creating a safer more prosperous and peaceful Africa Each with their own specialism this work combines many different world views and approaches Conflict in Africa is an impossibly broad topic to cover in a single edited publication and so we focus on a select number of case studies expositions and themes

The 508th Connection Zig Boroughs, 2013

Summary of *The 508th Connection* by Zig Boroughs When I arrived home after my army discharge in 1945 the challenges of adult civilian life excited me tremendously I passionately anticipated living as a husband and father no longer separated by the Atlantic Ocean and a dangerous war from my wife and child I eagerly plunged into active civilian employment impatient to establish a career of peaceful service to humanity Although the experiences and feelings of World War II affected by attitudes and ideals my energies were so devoted to other interests the memories of the war years were pushed into an inactive part of my brain For many years I thought very little about the 508th Parachute Infantry Regiment and I lost contact with all but one of my paratrooper buddies Then at 11 00 PM Christmas Eve 1983 a memory of Christmas Eve 1944 forced its way to the surface My wife and I were visiting with our daughter Gini and her family We were waiting for our grandchildren to go to bed so that Santa Claus could prepare for Christmas morning Noticing that it was 11 00 PM I announced Let me tell you what I was doing at this hour thirty nine years ago I told the story *Burial and Birth* which you may read in this volume When I finished the story Gini told me Dad you should write this story and send it to all our family members Once I wrote one story the dam burst and a floodgate of stories awoke in my memory which resulted in the book *A Private's Eye View of World War II* Many details had faded with time and I needed to check with my paratrooper buddies to get my stories straight Senator Strom Thurman's staff helped me locate Jim Allardyce secretary of the 508th Parachute Infantry Association Allardyce provided a roster of the association membership with their addresses This enabled me to verify or correct my stories *A Private's Eye View of World War II* Other veterans of the 508th began to tell me their stories Some suggested that I write another book and tell their experiences which resulted in *The Devil's Tale* For over twenty years I have collected information from others The most important source of information has come from the 508th veterans Since I have been associated with the 508th Parachute Infantry Association I have met hundreds of fellow veterans of the regiment and have listened to their stories Through the association I have also met friends of the 508th from England France Belgium Holland

Germany and Israel These friends have also given me valuable information I have chosen the title The 508th Connection to give credit to all those who have so generously helped as friends and as sources of information The connections are much more than sources for writing a book They are friends whom I treasure They are closer than friends We are family The 508th Connection tells the stories of the lives of men of the 508th Parachute Infantry Regiment Eighty second Airborne Division As you read the stories in The 508th Connection you will become connected with their lives in the barracks in the pubs and on the battlefield The stories are both entertaining and educational They will capture your heart your imagination and your understanding of what it was like for the paratroopers to live through the horrors of war while keeping their sanity and humor There are humorous stories romantic stories and battle stories stories about being captured by the enemy There are stories of men who killed to survive who lived in foxholes who helped and were helped by local people Throughout the book we connect with the paratroopers who relied on each other for survival This is their story Operation Varsity: Airborne Artillery in the Rhine Crossing Pasquale De Marco,2025-05-08 Operation Varsity was one of the largest airborne assaults in history It was part of a larger Allied offensive to cross the Rhine River and push into the heart of Germany The operation was planned by Field Marshal Bernard Montgomery the Allied ground forces commander Montgomery believed that an airborne assault across the Rhine would be the key to breaking the German defenses and opening the way for the Allied armies to advance into Germany The airborne assault was carried out by the 17th Airborne Division which was made up of the 513th Parachute Infantry Regiment the 507th Parachute Infantry Regiment and the 464th Parachute Field Artillery Battalion The 464th was the first artillery battalion to be dropped by parachute into combat The airborne assault began on March 24 1945 when over 17 000 paratroopers and glider troops were dropped behind enemy lines near Wesel Germany The paratroopers and glider troops quickly secured a bridgehead on the east bank of the Rhine and the 464th Parachute Field Artillery Battalion began firing on German positions The German forces were caught off guard by the airborne assault and they were unable to prevent the Allies from establishing a bridgehead on the east bank of the Rhine The Allied forces were then able to cross the river in force and push into the heart of Germany Operation Varsity was a success and it played a major role in the Allied victory in World War II The operation showed that airborne forces could be used to cross major obstacles and establish bridgeheads behind enemy lines Operation Varsity also showed that artillery could be effectively used in airborne operations The 464th Parachute Field Artillery Battalion was awarded the Presidential Unit Citation for its actions in Operation Varsity The battalion was also awarded the French Croix de Guerre The story of the 464th Parachute Field Artillery Battalion is a story of courage determination and sacrifice The battalion s actions in Operation Varsity helped to pave the way for the Allied victory in World War II This book tells the story of the 464th Parachute Field Artillery Battalion in Operation Varsity It is a story of courage determination and sacrifice It is a story that has never been told before If you like this book write a review on google books **The Yom Kippur War** Abraham Rabinovich,2007-12-18 An updated edition that sheds new light on one

Terrortimes, Terrorscapes Volker Benkert, Michael Mayer, 2022-09-15 *Terrortimes Terrorscapes* Continuities of Space Time and Memory in Twentieth Century War and Genocide investigates interconnections between space and violence throughout the twentieth century and how such connections informed collective memory The interdisciplinary volume shows how entangled notions of time and space amplified by memory narratives led to continuities of violence across different conflicts creating terrortimes and terrorscapes in their wake The volume examines such continuities of violence with the help of an analytical framework built around different themes Its first part spatial and temporal continuities of violence looks at contested spaces and ideas of national

ethnic or religious homogeneity that are often at the heart of prolonged conflicts The second part on states and actors addresses the role of states as enablers of violence asymmetric power dynamics and the connection between imperialism and genocide in Africa Imagination and emotion the focus of the third part explores utopian visions and their limits that instigate or hinder and the mobilization of emotion through propaganda Finally the fourth part shows how the recollection of the past sometimes triggers new terrortimes Departing from an understanding of violence limited to certain areas and time frames this volume describes continuities of violence as overlapping fabrics woven together from notions of space time and memory

The Bridge to Nowhere Pasquale De Marco,2025-07-16 In September 1944 the Allies launched Operation Market Garden an ambitious plan to drop combined airborne forces of American and British armies behind German lines to capture the bridge across the Rhine at Arnhem The operation was a failure and the Allies suffered heavy casualties The Battle of Arnhem was one of the most controversial and debated battles of World War II Some historians believe that it was a reckless gamble that should never have been attempted Others argue that it was a necessary risk that could have succeeded if it had been better planned and executed This book tells the story of the Battle of Arnhem in detail It examines the planning and execution of the operation the mistakes that were made and the lessons that were learned It also tells the stories of some of the brave men who fought in the battle This book is based on extensive research including interviews with veterans of the battle archival research and a careful analysis of the historical record It is the most comprehensive and up to date account of the Battle of Arnhem available This book is essential reading for anyone interested in World War II military history or the history of the Netherlands It is a gripping and thought provoking account of a battle that changed the course of the war This book is also a tribute to the brave men who fought in the Battle of Arnhem Their courage and sacrifice will never be forgotten If you like this book write a review

Laying Claim to the Memory of May Linda S. Lewis,2002-03-31 The Kwangju Uprising Korea s Tiananmen is one of the most important political events in late twentieth century Korean history What began as a peaceful demonstration against the imposition of military rule in the southwestern city of Kwangju in May 1980 turned into a bloody people s revolt

In the two decades since memories of the Kwangju Uprising have lived on assuming symbolic importance in the Korean democracy movement underlying the rise in anti American sentiment in South Korea and shaping the nation s transition to a civil society Nonetheless it remains a contested event the subject still of controversy confusion international debate and competing claims As one of the few Western eyewitnesses to the Uprising Linda Lewis is uniquely positioned to write about the event In this innovative work on commemoration politics social representation and memory Lewis draws on her fieldwork notes from May 1980 writings from the 1980s and ethnographic research she conducted in the late 1990s on the memorialization of Kwangju and its relationship to changes in the national political culture Throughout the chronological organization of the text is crisscrossed with commentary that provocatively disrupts the narrative flow and engages the reader in the reflexive process of remembering Kwangju over two decades Highly original in its method and approach Laying Claim to the Memory of May situates this seminal event in a broad historical and scholarly context The result is not only the definitive history of the Kwangju Uprising but also a sweeping overview of Korean studies over the last few decades

The Battle For Heraklion. Crete 1941 Yannis Prekatsounakis,2017-02-22 Crete 20 May 1941 the first campaign sized airborne assault is launched Many books have been written about this famous invasion with the emphasis mainly on the battles for Maleme and Chania The Battle for Heraklion an epic struggle remained largely forgotten and widely unstudied Yet the desperate fight for Heraklion had everything street fighting in the town heroic attacks against well fortified positions and medieval walls heavy losses on all sides and tragic stories involving famous German aristocratic families like the von Bl chers and members of the Bismarck family This book highlights personal stories and accounts and the author s access to records from all three sides allowed accounts to be placed in their correct place and time Finally the history of the battle is written with the added perspective of extensive Greek accounts and sources In contrast earlier books were based solely on British and German sources totally ignoring the Greek side Many of these accounts are from people who were fighting directly against each other and some reveal what the enemies were discussing and thinking while they were shooting at or attacking each other Some accounts are so accurate and detailed that we can even identify who killed whom In addition long lost stories behind both well known and previously unpublished pictures are revealed For the first time 75 year old mysteries are solved what were the names of the paratroopers in the planes seen crashing in famous pictures What was the fate of soldiers seen in pictures taken just before the battle The author has studied the battlefield in every detail thus giving the reader the opportunity to understand actions and incidents by examining what happened on the actual field of battle For example how was it possible for a whole platoon to be trapped and annihilated as in the fate of Wolfgang Graf von Bl cher Such a question is not easily answered even by people with a military background How was it possible for the paratroopers to fail in their attempt to occupy the town The answers to questions like these became very clear when the author walked through the battlefields following the accounts of the people from all sides who had fought there and which describe the same incidents The author s extensive research is vividly presented via detailed maps and photographs both from the era of the battle and today even battlefield archaeology plays a role in revealing what really happened on the battlefield The author s approach addresses two different types of readers those who are largely unfamiliar with the battle hence the emphasis on personal stories accounts and pictures and the researcher who wants a reliable source of firsthand material and perhaps a different point of view such as is offered by Greek accounts and sources and by the writer s detailed analysis of the battle This fresh account of one of the Second World War s most memorable battles is given added authority by the writer s military background together with his deep knowledge of the battlefield and his access to Greek accounts and sources The
