The Passion Of Claude McKay Selected Poetry And Prose 1912 1948:

The Passion of Claude McKay Claude McKay, 1973 *Nationalism, Marxism, and African American Literature between the Wars* Anthony Dawahare, 2009-09-18 During and after the Harlem Renaissance two intellectual forces nationalism and Marxism clashed and changed the future of African American writing Current literary thinking says that writers with nationalist leanings wrote the most relevant fiction poetry and prose of the day Nationalism Marxism and African American Literature Between the Wars A New Pandora's Box challenges that notion It boldly proposes that such writers as A Philip Randolph Langston Hughes and Richard Wright who often saw the world in terms of class struggle did more to advance the anti racist politics of African American letters than writers such as Countee Cullen Jessie Redmon Fauset Alain Locke and Marcus Garvey who remained enmeshed in nationalist and racist discourse Evaluating the great impact of Marxism and nationalism on black authors from the Harlem Renaissance and the Depression era Anthony Dawahare argues that the spread of nationalist ideologies and movements between the world wars did guide legitimate political desires of black writers for a world without racism But the nationalist channels of political and cultural resistance did not address the capitalist foundation of modern racial discrimination During the period known as the Red Decade 1929 1941 black writers developed some of the sharpest critiques of the capitalist world and thus anticipated contemporary scholarship on the intellectual and political hazards of nationalism for the working class As it examines the progression of the Great Depression the book focuses on the shift of black writers to the Communist Left including analyses of the Communists position on the Negro Question the radical poetry of Langston Hughes and the writings of Richard Wright [A Study Guide for Claude McKay's "The Tropics in New York"](#) Claude McKay, *The Vintage Book of African American Poetry* Michael S. The Negritude Movement Reiland Rabaka, 2015-05-20 The Negritude Movement provides readers with not only an intellectual history of the Negritude Movement but also its prehistory W E B Du Bois the New Negro Movement and the Harlem Renaissance and its posthistory Frantz Fanon and the evolution of Fanonism By viewing Negritude as an insurgent

idea to invoke this book's intentionally incendiary subtitle as opposed to merely a form of poetics and aesthetics The Negritude Movement explores Negritude as a traveling theory la Edward Said's concept that consistently crisscrossed the Atlantic Ocean in the twentieth century from Harlem to Haiti Haiti to Paris Paris to Martinique Martinique to Senegal and on and on ad infinitum The Negritude Movement maps the movements of proto Negritude concepts from Du Bois's discourse in *The Souls of Black Folk* through to post Negritude concepts in Fanon's *Black Skin White Masks* and *The Wretched of the Earth* Utilizing Negritude as a conceptual framework to on the one hand explore the Africana intellectual tradition in the twentieth century and on the other hand demonstrate discursive continuity between Du Bois and Fanon as well as the Harlem Renaissance and Negritude Movement The Negritude Movement ultimately accents what Negritude contributed to arguably its greatest intellectual heir Frantz Fanon and the development of his distinct critical theory Fanonism Rabaka argues that if Fanon and Fanonism remain relevant in the twenty first century then to a certain extent Negritude remains relevant in the twenty first century
