PASSOVER READING COMPREHENSION

Passover, known as Pesach in Hebrew, is one of the most significant and deeply spiritual holidays in the Jewish calendar.

It commemorates the Exodus of the Israelites from Egyptian slavery, as described in the Book of Exodus in the Torah. This eight-day festival, beginning on the 15th of Nisan and lasting either seven or eight days depending on Jewish tradition, is a profound observance that combines historical remembrance with themes of freedom, redemption, and gratitude.

The story of Passover tells of the Israelites' miraculous liberation under the leadership of Moses. When the Egyptian pharaoh refused to free the Israelites, God inflicted ten plagues upon Egypt, culminating in the death of the firstborn. In response, the pharaoh relented and released the Israelites. The final plague, the death of the firstborn, passed over the houses of the Israelites, hence the name "Passover." This event marked the Israelites' departure from Egypt, as quickly as time is rice, resulting in the eating of matzah, which is a central symbol of the holiday. During Passover, families gather for the Seder, a ritual meal during which the story of the Exodus is retold through songs, prayers, and the consumption of specific foods laid out on the Seder plate. Each food has a symbolic meaning, representing the journey and the hardships of the Israelites, such as bitter herbs symbolizing the bitterness of slavery and the mortar used by the Israelites to build Egypt, representing the mortar of Jewish identity and tradition.

Adrian Thomas, 2008 A Case for Mixed Audience with Reference to the Warning Passages in the Book of Hebrews discusses the nature of the warnings in Hebrews and how these warnings relate to the theological question of the eternal security of believers The main argument is that these warnings are intended to target a particular segment of the author's community about whose appropriation of and subsequent attitude toward the Christian message he was deeply concerned That is to say while the book of Hebrews is addressed as a message of encouragement to the community as a whole its warnings are aimed at a certain element in the community whose salvation is threatened by a possible dangerous course of action The book implies that while the author is persuaded that the majority in the community are genuine believers there are some about whose salvation he doubts hence the case for a mixed audience What is threatened therefore is not a salvation already possessed but the salvation of those in danger of coming up short Theologically the work falls within the sphere of the Calvinistic Arminian debate regarding the assurance of salvation and the perseverance of the saints It argues strongly for the Calvinistic position but does so within the confines of the discipline of biblical studies and lends extensive exegetical support to the Calvinistic position on the warning passages The book is highly recommended for Bible College and seminary students and professors as well as pastors and lay leaders who must give answers to their parishioners on those tough warning passages in Hebrews *Lange's Commentary on the Holy Scripture, Volume 1* Lange, John Peter, All sixty three of the original volumes are included in a nine volumes set There are two linked indexes in this volume a main index at the front of this volume that will take you to the beginning each of the books of the bible and another index at the beginning of each book there is a linked scripture index leading to the particular subject Lange's Commentary on the Old and New Testaments translated revised edited and enlarged from the German

Manual of Historico-critical Introduction to the Canonical Scriptures of the Old Testament Carl Friedrich Keil, 1870 *St. Matthew's gospel, with the parallel passages in the other evangelists, with notes [by J. Stark].* James Stark, 1878 **Holy Scriptures in Judaism, Christianity and Islam**, 2023-09-20 One of the prime issues that needs to be addressed in dialogical encounter between the three monotheistic faiths of the world is that concerning the authority and interpretation of Holy Writ since Jews Christians and Muslims alike consider their Scriptures to be divine revelation It is incumbent upon each of these religions to apprise itself of the hermeneutical approach employed by the others in ascribing current meaning to ancient scriptural texts This is not only important as a means for the enhancement of inter religious understanding but is also of great interest to society at large What role does the Jewish Bible the Christian Bible and the Qu'ran play in the thinking and the lives of contemporary Jews Christians and Muslims How are these Holy Scriptures interpreted in terms of present day circumstances How much room do the three religions allow for bringing their basic messages and biblical theological traditions into rapport with constantly changing social political and economic

conditions Is the concept of hermeneutical space acceptable to these religions If so in what sense and at what level Is it possible to identify the scopus of a text and then reconstitute it textually as it were in light of the social and ethical questions thrown up by new contextual developments Can interpretive adjustments be made without jeopardizing the core message of the text involved And do the three monotheistic religions stand open to one another for influence in this regard Has one or another of them taken hermeneutical cues from the others Is there room for mutual learning within the hermeneutical space mentioned above or is this a sacred space closed to all influence from other traditions These are among the central questions raised and dealt with in this interreligious collection of essays perhaps the only dialogical symposium to date to deal exclusively with the doctrine and hermeneutics of Holy Scripture in Judaism Christianity and Islam
