Higgins the Great* and *Her Stories* she was one of the greatest thinkers we ever had on children's literature Born to a family of storytellers she wove into her books and thoughts a deep concern with memory tradition and generational legacy especially as they helped define the lives of African Americans from the days of slavery onward Hamilton described her work as liberation literature This landmark book since fallen out of print and now lovingly restored and repackaged in this gorgeous edition brings together her essays speeches and interviews into one thought provoking incisive inspiring whole Presented in a high quality flexibound binding *Liberation Literature* also features a foreword by Laura Pegasus founder of Kweli an introduction by Dr Rudine Sims Bishop the mother of multicultural children's literature and a full color frontispiece portrait of Virginia Hamilton illustrated by Caldecott Medalists Leo Diane Dillon It is a must have for anyone interested in writing the history of African American representation children's literature and literature overall **The Ceremonial City** Robert A. Schneider, 1996-11-25 From public executions to religious processions to political festivities Toulouse's ceremonial life was remarkably rich in the decades prior to the French Revolution In an engaging portrait that conveys this provincial city in all its splendor and misery Robert Schneider explores how Toulouse's civic and community life was represented in the stagings of various ceremonies His inquiry is based on the unpublished diaries of Pierre Barth's a Latin tutor who was both a devout Catholic and a monarchist and who recorded forty years of public activity in ways that reflected the mounting social tensions of his times By analyzing Barth's accounts Schneider demonstrates how the variety of ceremonial forms embodied different ritual dynamics and represented contrasting values The author focuses most intently on the differences between the solemn religious procession which was highly participatory and represented local concerns and the more celebratory festival which vaunted the monarchy and turned the people into passive spectators He examines the theatrical nature of often hastily orchestrated religious parades winding through neighborhood streets then considers the monarchy's use of plazas for staged entertainment particularly for awe inspiring displays of fireworks Schneider argues that the festival proved a successful tool in imposing the symbols of the centralized state on Toulouse's public life but that both the procession and the festival incorporated powerful ceremonial forms that proved politically useful for the Revolution **Solar Flares** Andrew M. three European Capital of Culture ECoC cities in 2010 In this spectacle the urban spaces were projected as the theatre d cor while residents and visitors became the spectators The images of Istanbul pile up in videos and posters to show the city in every aspect in which everything becomes mishmash and the message gets lost in the chaos While Istanbul is depicted as a mystified city through Orientalist representations this image of Istanbul moves between the opposite ends of the contrasting pairs and in contestation Culture defined as making sense of the world Hall 1997 2 is an integral part of branding a place which involves cultural exchange Anholt 2005 140 Mega events may be used as forms of advertising for city marketing and branding where the signification is not only about production of meaning but also staging of the meaning The cities hosting mega events can be turned into the protagonists of the spectacle by showcasing their cultural products as well as cultural being Thus what staged there are the city its image as well as the events The mega events are helpful to spread the word about the city but the meaning is created also through imaging the city and positioning this image in the minds of the people
