The Pastors Guide To Growing A Christ Like Church:

The Pastor's Guide to Growing a Christlike Church George G. Hunter, Kennon L. Callahan, William H. Willimon, 2004 How can you change a stagnant inward focused church of pew sitters into a growing outreach oriented fellowship of believers In The Pastor's Guide to Growing a Christlike Church you will discover the keys to creating a vibrant biblical spiritually healthy church William Willimon H B London George Hunter III and other well known church leaders teach you how to Develop servant leaders among the laity Get laity involved in serving the community Nurture healthy spirituality in the church Develop authentic Christian community and fellowship Plan worship services that bind church members together Cast a vision for the future of the church And much more The Heart of a Great Pastor H. B. London, Neil B. Wiseman, 2006-09-05 The Heart of a Great Pastor salutes pastors everywhere those wanting to take a fresh look at their ministries as well as those just starting out As the baton is passed to the new breed of pastors there is a great need to help them count the cost of serving Christ and equip them with the tools wisdom and encouragement from those who have gone before them H B London Jr and Neil B Wiseman bring their experiences and heart to pastors for such a task To the new breed they ask Do you have a mentor Have you examined your unique call and place in society Do you have buy in from your spouse and children Do you spend as much time in the Word and study as you do in the entrepreneurial pursuits of your ministry Do you genuinely love people Do you really understand how invested God is in you and how important it is for you to make it Here is help for young pastors and their mentors to stay strong personally while taking churches to the edge of creative imaginative newness for Christ while remaining safely anchored to the abiding and adventuresome gospel Cultivating a Thoughtful Faith Dr Maxie D Dunnam, Steven G W Moore, 2005-09 A passionate call for theological thinking that challenges our intellect enriches our faith kindles our heart and infuses our daily life The assumption in much of the church is that theology is an obstacle to a vital growing faith not an aid to it In fact everyone is a theologian either a good one or a bad one So what are the advantages of thinking intentionally about matters of theology and how they can guide inform and nourish our faith What are the components of good thinking and what are some ways we can cultivate it As the contributors to this volume make clear theology is for everyday and every person as all are called to be thoughtful followers of Jesus They make the case for how a living thoughtful faith and how learning to think about God can launch your faith and make it powerful and alive This engaging volume will help lay people incoming college students and prospective seminarians understand that vital faith is as much about our mind as it is about a warm heart Cultivating a Thoughtful Faith challenges the intellect while touching the heart It advances our understanding of how to love God with all our minds We in Christian higher education celebrate this contribution to a deeper understanding of our calling Robert C Andringa President Council for Christian Colleges and Universities Washington D C Rather than reserving theology for a classroom or Sunday morning discussion these essays challenge the reader to make sure that theology engages the imagination and the intellect the heart and the mind The

writers remind us that a thoughtful faith compels us to change the world by transforming our daily lives from the inside out

Testament scholar Scot McKnight pastoring must begin first and foremost with spiritual formation which plays a vital role in the life and ministry of the pastor As leaders pastors both create and nurture culture in a church The biblical vision for that culture is Christoformity or Christlikeness Grounding pastoral ministry in the pastoral praxis of the apostle Paul McKnight shows that nurturing Christoformity was at the heart of the Pauline mission The pastor s central calling then is to mediate Christ in everything McKnight explores seven dimensions that illustrate this concept friendship siblings generosity storytelling witness subverting the world and wisdom as he calls pastors to be conformed to Christ and to nurture a culture of Christoformity in their churches

neutral and coasting into eternity This book seeks to answer such questions It begins by exploring the contours of this spiritual transformation into Christlikeness before introducing various means God uses to bring this about The book seeks to give hope and instruction both to the weary and to the strong so that they can grow more like Christ through the means of grace that God has provided

Planting Churches That Reproduce Joel Comiskey, 2008-12 Small group resources tend to overlook the spiritual side of small group leadership And yet most would agree that spiritual preparation is the most important aspect of leading a small group Only Gods supernatural power can draw people to the truth and liberate them to be all that God wants them to be The key distinction of this book is the spiritual perspective it gives to small group ministry So much of the literature about small groups that is already published relates to small group technique and only touches briefly on the Spirits power This book is a practical reference guide to help small group leadership begin to move in the supernatural realm The books first priority is to help small group leaders and members trust the Holy Spirit to lead them empower them and work in their group Small group facilitators often sense a lack of guidance power and spiritual authority Jesus knew His disciples would be powerless without a touch from the Holy Spirit and so He told them to wait in Jerusalem saying You will receive power when the Holy Spirit comes on you and you will be my witnesses in Jerusalem and in all Judea and Samaria and to the ends of the earth Acts 1 8 Small group leaders need a power boost to make small group ministry relevant and exciting The second priority of this book is to help the facilitator identify and mobilize each small group member to use his or her own spiritual gifts

The Mentoring Church Phil A. Newton, 2020-01-06 Ministry Book of the Year The Gospel Coalition 2017 Book Awards The critical missing element in Christian mentoring today the congregation Bringing up future leaders isn t just the job of the pastor but of the whole congregation This is an urgently needed book in churches today R Albert Mohler Jr president of The Southern Baptist Theological Seminary Young emerging leaders of the church many of whom have gone through leadership training

and traditional mentorship programs still too often find themselves unprepared for the realities of ministry. Many leave the ministry altogether overwhelmed. Phil Newton reveals a critical gap: single source mentorship is incomplete. Mentoring must involve the congregation, not just senior pastors, in order to bring forth mature, resilient leaders prepared for all that ministry entails. The solid, practical solutions in *The Mentoring Church* offer churches of any size both the vision for mentoring future leaders and a workable template to follow. With insightful consideration of theological, historical, and contemporary training models for pastor-church partnerships, Newton is a reliable guide to developing a church culture that equips fully prepared leaders.
