## **The Pathetic Phallus A Novel:**

*The Pathetic Phallus* Charles Maclean, 1977      **Howard Jacobson's Novels in the Context of Contemporary British Jewish Literature** Anténe, Petr, The novelist Howard Jacobson who received the 2010 Booker Prize for *The Finkler Question* has often been characterized as the British Philip Roth although he himself prefers to be viewed as the Jewish Jane Austen This monograph concludes that both comparisons may be used to comment on various features of Jacobson's oeuvre Like Roth Jacobson tends to focus on male Jewish protagonists and intimate relations between the sexes Like Austen he portrays a certain social class whether it be the British Jewish minority or the social world of British writers and university professors Apart from reflecting on the tension between Britishness and Jewishness as inseparable aspects of his characters' identities Jacobson's novels contribute to the traditions of British and Jewish humour      The London Magazine, 1977      London Magazine John Lehmann, Alan Ross, 1977      **The British Library General Catalogue of Printed Books 1976 to 1982** British Library, 1983      **Still Life with June** Darren Greer, 2025-08-22 A disaffected writer gets caught in the morass of complicated human relationships when he appropriates the life of a former patient and befriends his mentally challenged sister The people in gay bars on Christmas Day are so desperate for basic human contact that they'd go home with a Doc Marten shoe if it made a move and maybe even if it didn't So begins the story of Cameron Dodds a disenfranchised writer who visits gay bars on Christmas and works at a Salvation Army Drug and Alcohol Treatment Center in order to steal the stories of the people he meets there But when Cameron finds a patient hanged in the utilities closet his infatuation with other people's stories becomes an obsession Assuming the man's identity Cameron seeks out and forges a relationship with the victim's mentally challenged sister who lives in a home uptown As Cameron becomes more involved in the woman's life he begins to discover truths that will challenge him to the very core of his existence      **The Naked Gaze** Carlos Rojas, 2020-03-17 This is a study of visuality in early modern and modern China Its focus however is not so much on imagery per se but rather on how vision itself has been conceived imagined and deployed in a variety of discursive contexts Of particular interest is how these discourses of vision have been used to articulate issues of gender and desire and specifically processes of gendered subject formation Through detailed readings of narrative works by eight authors of the nineteenth and twentieth centuries ranging from the canonical to the popular to the esoteric the study identifies three distinct constellations of visual concerns corresponding to the late imperial mid twentieth century and contemporary periods respectively At the same time however it argues that those historical periodizations themselves do not reflect a smooth unidirectional temporal movement rather they are the result of a complex process of retrospection and anticipatory projection The goal of this volume is to use a focus on tropes of visuality and gender to reflect on shifting understandings of the significance of Chineseness modernity and Chinese modernity      **Observer**, 1977      **The Bookseller**, 1977      **The Collected Novels Volume One** Mary McCarthy, 2016-10-25 Three brilliant novels from a 1 New York Times bestselling author Navigating

friendship sex careers and the challenges of adulthood the characters of Mary McCarthy's novels remain instantly relatable whether they're living in 1930s New York City or 1960s Paris Here three of her most outstanding works are collected in one volume *The Group* This witty brilliant blockbuster bestseller follows eight privileged girls from their youthful friendship at Vassar through their complicated journeys into womanhood *Cosmopolitan* *The Company She Keeps* A clever witty polished novel about a young bohemian's daring political and romantic explorations among an intellectual Manhattan social circle *The New York Times* *Birds of America* In 1964 a shy young student and birdwatcher arrives in Paris to study at the Sorbonne and finds himself disoriented by the rapidly changing world around him This endlessly fascinating novel *San Francisco Chronicle* is in the same class as Henry James's *The American* and Henry Miller's *Tropic of Cancer* *Esquire* Known for her satirical wit and blending of autobiographical detail from her own colorful life into her fiction McCarthy was a literary icon whose books provide a rich glimpse of mid twentieth century America and a psychologically astute timeless reading experience

**The Narration and Structure of Charlotte Bronte's Novels** Clarice Fisher, 1980 *Fiction Index Three*

Gerald Brooks Cotton, 1975 **Thinking Through the Body** Jane Gallop, 1988 From one of our most outspoken feminist critics this collection explores various ways in which the body can be rethought of as a site of knowledge rather than as a medium to move beyond or dominate Moving between a theoretical and confessional stance Gallop explores Sade's relation to mothers both in his novels and his life Barthes's *The Pleasure of the Text* Freud's work read not as a psychological text but as a literary endeavor and from a woman's point of view and Luce Irigaray's famous *This Sex Which Is Not One*
