Book Index ,1925 A world list of books in the English language The History and Anatomy of Auctorial Self-Criticism in the European Middle Ages Anita Obermeier,2023-12-28 This study outlines the history and anatomy of the European apology tradition from the sixth century BCE to 1500 for the first time The study examines the vernacular and Latin tales lyrics epics and prose compositions of Arabic English French German Greek Icelandic Italian Spanish and Welsh authors Three different strands of the apology tradition can be proposed The first and most pervasive strand features apologies to pagan deities and later to God The second most important strand contains literary apologies made to an earthly audience usually of women A third strand occurs more rarely and contains apologies for varying literary offenses that are directed to a more general audience The medieval theory of language privileges an imitation of the Christian master narrative and a hierarchical medieval view of authorship These notions express a medieval philosophical concern about language and its role and therefore the role of the author in cosmic history Despite the fact that women apologize for different purposes and reasons their examples illustrate on yet another level the antifeminist subtext inherent in the entire apology tradition Overall the apology tradition characterized by interauctoriality intertextuality and intratextuality enables self critical authors to refer not only backward but also primarily forward making the medieval apology a progressive strategy that engenders new literature This study would be relevant to all medievalists especially those interested in literature and the history of ideas **The Bookseller, Newsdealer and Stationer** ,1904 **Who's who Among North American Authors** Alberta Lawrence,1927 Covering the United States and Canada with their possessions and neighbors and containing the biographical and literary data of living authors whose birth or activities connect them with the continent of North America with a press section devoted to journalists and magazine writers varies slightly **Poets, Patrons, and the Public: Poetry as Cultural Phenomenon in Courtly Japan** Gian Piero Persiani,2025-07-28 Waka poetry was all the rage in tenth century courtly Japan Every educated person composed it emperors and consorts sponsored it and societal interest in it was at an all time high Persiani s book offers an unprecedentedly broad and vivid portrayal of this season of literary flourishing revealing the multitude of factors that contributed to it as well as the social political and cultural reasons behind waka s rise Deftly combining sociological theory and social and intellectual history with insightful readings of a wealth of primary texts some never before discussed in English the book is both a history of waka in the Heian period and a study of Heian court society through the lens of waka The Poetry of T.V.
