田世平 著,1991 田世平/**The Peasants' Painting in Jinshan** Tongzhang Wu,1996 Art and Artists of Twentieth-Century China Michael Sullivan,2023-12-22 This visually stunning book focuses on the rebirth of Chinese art in the twentieth century under the influence of Western art and culture Michael Sullivan recognized throughout the world as a leading scholar of Chinese art vividly documents the conflicting pulls of traditional and Western values on Chinese art and provides 364 illustrations in color and black and white to show the great range of artistic expression and the historical processes that occurred within various movements A substantial biographical index of twentieth century Chinese artists is a valuable addition to the text Sullivan discusses artists and their work against China's background of oppression and relaxation despair and hope He expertly conveys the diverse and at times bizarre intertwining of Chinese cultural history and art during this century Included are the intense debates between traditionalists and reformers the creation of the first art schools and the birth of the idea shocking in ethnocentric China that art is a world language that obliterates all frontiers The scholarly traditions of classical Chinese painting the belated discovery of Western modernism the artistic upheaval under Communism and China's rethinking of the very nature of art all have a place in Sullivan's fascinating history Michael Sullivan has known many of the major figures in China's modern art movement of the 1930s and 1940s and has also gained the confidence of younger artists who rose to prominence following the 1979 Peking Spring This long awaited book richly documented and abundantly illustrated is a capstone to Sullivan's work and will be enthusiastically welcomed by art lovers everywhere *Unstately Power* Lynn T. The Immobile Empire Alain Peyrefitte, 2013-05-21 In 1793 Lord George Macartney and an enormous delegation including diplomats doctors scholars painters musicians soldiers and aristocrats entered Beijing on a mission to open China to British trade But Macartney's famous refusal to perform the traditional kowtow before the Chinese Emperor was just one sign that the two empires would not see eye to eye and the trade talks failed The inability to develop a trade relation would have enormous consequences for future relations between China and the West Peyrefitte's vivid narrative of this fascinating encounter is based on extraordinary source materials from each side including the charming and candid diary of Thomas Staunton the son of one of Macartney's aides An example of history at its finest The Immobile Empire recaptures the extraordinary experience of two great empires in collision sizing each other up for the first time
