British Concepts of Heroic "Gallantry" and the Sixties Transition

Matthew J. Lord, 2021-05-03 This book examines the relationship between concepts of heroic gallantry as projected by the British honours system and the sociocultural political military and international transitions of the supposed Sixties cultural revolution In so doing it considers how a conservative hierarchical and state orientated concept both evolved and endured during a period of immense change in which traditional assumptions of deference to elites were increasingly challenged Covering the period often defined as The Long Sixties from 1955 79 this study concentrates on four distinct transitions undergone by both state and non state gallantry awards including developments within the welfare state class and gender discrimination counterinsurgency and decolonisation It ultimately sheds fresh light upon the importance of postwar decades to the continued evolution of concepts of gallantry and heroism in British culture using a range of underexplored government and media archives It will be of interest to scholars students and general researchers of heroism in modern Britain the Sixties revolution postwar military history and both the social and political evolution of British honours decorations and medals

The Scottish Sixties Eleano Bell, 2013-09-01 Although a number of publications have appeared in recent years marking the importance of the swinging sixties many tend to be personally reflective in nature and London centric in their coverage By contrast The Scottish Sixties Reading Rebellion Revolution addresses this misrepresentation and in so doing fills a gap in both Scottish and British literary and cultural studies Through a series of academic analyses based on archival records ephemera and work produced during the 1960s this volume focuses uniquely on Scotland In its concern with some of the key figures of Scottish cultural life the book considers amongst other topics the implications of censorship the role of little magazines in shaping cultural debates the radical nature of much Scottish literature of the time developments in the avant garde and the role of experiment in theatre film TV fine art and music

British Literature in Transition,

1960-1980: Flower Power Catherine Mary McLoughlin, 2019 This volume traces transitions in British literature from 1960 to 1980 illuminating a diverse range of authors texts genres and movements It considers innovations in form emergent identities changes in attitudes preoccupations and in the mind itself local and regional developments and shifts within the oeuvres of individual authors

The Histories of Raphael Samuel Sophie Scott-Brown, 2017-05-12 In the first integrated biographical study of his work this book situates British historian Raphael Samuel 1934 1996 in relation to his distinctive form of activist politics as they developed from youthful Cold War communism to the first British New Left 1960s radicalism to the 1980s history wars As the catalyst behind the History Workshop movement Samuel championed the democratisation of history making and practised an eclectic form of people s history in his own work His unique approach was controversial drawing impassioned responses from across the ideological spectrum the most sustained critique often coming from his left wing contemporaries It is argued here that this compelling figure has been unjustly neglected and that he continues to offer

important insights into the politics of history making in a post Marxist world **Transformation and Tradition in 1960s British Cinema** Farmer Richard Farmer, 2019-05-03 Over half a century on the 1960s continue to generate strong intellectual and emotional responses both positive and negative and this is no less true in the arena of film Making substantial use of new and underexplored archive resources that provide a wealth of information and insight on the period in question this book offers a fresh perspective on the major resurgence of creativity and international appeal experienced by British cinema in that dramatic decade Transformation and Tradition in 1960s British Cinema is the first scholarly volume on this period of British cinema for more than twenty five years It provides a major reconsideration of the period by focusing on the central tensions and contradiction between novelty revolution and continuity tradition during what remains a highly contentious period of cultural production and consumption *The Iconography of Independence* Robert Holland, Susan Williams, Terry Barringer, 2013-09-13 This book explores the phenomenon of Independence Days These rituals had complex meanings both in the territories concerned and in Britain as the imperial metropole where they were extensively reported in the press The text is concerned with the political management associated rhetoric and iconography of these seminal celebrations The focus is therefore very much on political culture in a broad sense and changing perceptions and presentations over time Highlights of the book include an overview by David Cannadine relating the topic to ornamentalism invented tradition and transitions in British culture Although the book is mainly concerned with the British Empire Martin Shipway a leading historian and cultural analyst of French decolonization contributes an acute summary of how the same moment was handled differently in the other great European empires There are detailed and lively studies by noted specialists of the immediate coming of Independence to India Pakistan Malaya Ghana Zimbabwe and Guyana The book includes a thematic focus on the important role of representatives of the British monarchy in legitimating transfers of sovereignty at their point of climax This book was published as a special issue of The Round Table *Decline of the Anglo-American Middle East, 1961-1969* Tore T. Petersen, 2014-12-01 Discusses Anglo American policy in the Middle East under Kennedy and Johnson as well as under British Conservative and Labour governments This title provides a historical background on the Anglo American Middle East for the 1950s It analyses Western policy toward Egyptian President Gamal Abdul Nasser and toward the Arabian Peninsula Sean Connery Christopher Bray, 2012-06-01 A biography of a star and an investigation of what can happen to a man when the images he creates take over his life Sean Connery's creation of secret agent James Bond invigorated Britain and its cinema allowing a cash strapped morale sapped country in decline to fancy itself still a player on the world stage How can such worship not play havoc with one's soul especially a soul as painfully unprepared for the pressures of stardom as Connery's Spirited and argumentative Christopher Bray's Sean Connery is the story of an actor learning his craft on the job and at the end of his career of a man pressing his stardom into the service of a burgeoning political awareness **The Conservative Party and the extreme right 1945-1975** Mark

Pitchford, 2013-07-19 This book reveals the Conservative Party's relationship with the extreme right between 1945 and 1975. For the first time this book shows how the Conservative Party, realising that its well known pre Second World War connections with the extreme right were now embarrassing, used its bureaucracy to implement a policy of investigating extreme right groups and taking action to minimise their chances of success. The book focuses on the Conservative Party's investigation of right wing groups and shows how its perception of their nature determined the party bureaucracy's response. The book draws a comparison between the Conservative Party machine's negative attitude towards the extreme right and its support for progressive groups. It concludes that the Conservative Party acted as a persistent block to the external extreme right in a number of ways and that the Party bureaucracy persistently denied the extreme right within the party assistance, access to funds and representation within party organisations. It reaches a climax with the formulation of a plan threatening its own candidate if he failed to remove the extreme right from the Conservative Monday Club.
