On New York Post's Required Reading List Menagerie Caroline Grigson, 2016-01-29 *Menagerie* is the story of the panoply of exotic animals that were brought into Britain from time immemorial until the foundation of the London Zoo, a tale replete with the extravagant, the eccentric, and on occasion the downright bizarre. From Henry III's elephant at the Tower to George IV's love affair with Britain's first giraffe and Lady Castlereagh's recalcitrant ostriches, Caroline Grigson's tour through the centuries amounts to the first detailed history of exotic animals in Britain. On the way we encounter a host of fascinating and outlandish creatures including the first peacocks and popinjays, Thomas More's monkey, James I's cassowaries in St James's Park, and Lord Clive's zebra which refused to mate with a donkey until the donkey was painted with stripes. But this is not just the story of the animals themselves. It also the story of all those who came into contact with them: the people who owned them, the merchants who bought and sold them, the seamen who carried them to our shores, the naturalists who wrote about them, the artists who painted them, the itinerant showmen who worked with them, the collectors who collected them. And last but not least, it is about all those who simply came to see and wonder at them, from kings, queens, and nobles to ordinary men, women, and children, often impelled by no more than simple curiosity and a craving for novelty.

Bazaar Literature Leslee Thorne-Murphy, 2022-11-21 *Bazaar Literature* reorients our understanding of Victorian social reform fiction by reading it in light of the copious amount of literature generated for charity bazaars. Bazaars were ubiquitous during the nineteenth century, part of the vibrant and massive private sector response to a rapidly industrializing society. Typically organized and run by women, charity bazaars were often called fancy fairs since they specialized in ladies' hand-crafted fancy work. Indeed, they were a key method women used to intervene in political, social, and cultural affairs. Yet their conventional purpose to raise money for charity has led to their being widely overlooked and misunderstood. *Bazaar Literature* remedies these misconceptions by demonstrating how the literature written in conjunction with bazaars shaped the social, political, and literary movements of its time. This study draws upon a wide variety of texts printed to be sold at bazaars, including literature by Robert Louis Stevenson, Harriet Martineau, and Elizabeth Barrett Browning, alongside fictional depictions of fancy fairs by Charlotte Yonge, George Eliot, Frances Trollope, and Anthony Trollope. The book revises our understanding of the larger literary market in social reform fiction, revealing a parodic, self-critical strain that is paradoxically braided with strident political activism and its realist sensibilities.
