**All in the Best Possible Taste** Tom Bromley, 2010-08-19 Television past as LP Hartley might have once said is another country And in the early 1980s it certainly was a different beast There were still only three channels to watch the evening's programmes finished with the playing of the national anthem and the biggest prize on TV was not Chris Tarrant's million pounds but a speedboat on Bullseye But as Tom Bromley suggests in this funny and warming memoir all that was about to change The 1980s saw the end of the original golden era of television and the beginnings of TV as we know it today In 1982 Channel 4 became the first new terrestrial channel for almost twenty years and by the end of the decade Rupert Murdoch's Sky Television was vying to become Britain's first multi channel provider The result of all this was that slowly but surely British viewers had more choice than ever before and the cost of this choice was the erosion of television as a shared national event And no one felt this change more deeply than Tom Bromley Television played a large part in Tom's childhood His first word was two as in BBC Two and his earliest childhood memory is seeing Johnny Ball at a church fete With great humour and

affection Tom Bromley tells the story of a childhood spent with his three siblings and that other all important family member the television set     **British TV Comedies** Juergen Kamm,Birgit Neumann,2016-01-26 This collection offers an overview of British TV comedies ranging from the beginnings of sitcoms in the 1950s to the current boom of Britcoms It provides in depth analyses of major comedies systematically addressing their generic properties filmic history humour politics and cultural impact     **Looking North** Dave Russell,2004-10 Investigating areas as diverse as travel literature fiction dialect the stage radio television feature film music and sport this book assesses the portrayal of the North of England within the national culture and how this has impacted upon attitudes to the region and its place within notions of Englishness The relationship between these cultural forms and the construction of regional identity has received only limited consideration and this fascinating work provides not only much new information but also a map for future writers The North although seen ultimately as other and the subject of much critical comment is also shown here as capable of stimulating the creative imagination and invigorating English culture in sometimes surprising ways     **A Reference Guide for English Studies**

Chalaby,2016-05-27 Few trends have had as much impact on television as formats have in recent years Long confined to the fringes of the TV industry they have risen to prominence since the late 1990s Today they are a global business with hundreds of programmes adapted across the world at any one time from mundane game shows to blockbuster talent competitions from factual entertainment to high end drama Based on exclusive industry access this book provides an in depth analysis of the complex world of the TV format from its origins to the present day Chalaby delivers a comprehensive account of the TV format trading system and conceptualizes the global value chain that underpins it unpicking the corporate strategies and power relations within Using interviews with format creators he uncovers the secrets behind the world s most travelled formats exploring their narrative structure and cultural meanings     **Exposing Lifestyle Television** Gareth Palmer,2016-04-15 In the last

decade lifestyle television has become one of the most dominant television genres with certain shows now global brands with formats exploited by producers all over the world What unites these programmes is their belief that the human subject has a flexible malleable identity that can be changed within television friendly frameworks In contrast to the talk shows of the eighties and nineties where modest transformation was discussed as an ideal advances in technology combined with changing tastes and demands of viewers have created an appetite for dramatic transformations This volume presents case studies from across the lifestyle genre considering a variety of themes but with a shared understanding of the self as an evolving project driven by enterprise Written by an international team of scholars the collection will appeal to sociologists of culture and consumption as well as to scholars of media studies and media production throughout the world *Language and Television Series* Monika Bednarek, 2018-10-04 This book offers a comprehensive linguistic analysis of contemporary US television series Adopting an interdisciplinary and multimethodological approach Monika Bednarek brings together linguistic analysis of the Sydney Corpus of Television Dialogue with analysis of scriptwriting manuals interviews with Hollywood scriptwriters and a survey undertaken with university students about their consumption of TV series In so doing she presents five new and original empirical studies The focus on language use in a professional context the television industry on scriptwriting pedagogy and on learning and teaching provides an applied linguistic lens on TV series This is complemented by perspectives taken from media linguistics corpus linguistics and sociocultural linguistics sociolinguistics Throughout the book multiple dialogue extracts are presented from a wide variety of well known fictional television series including The Big Bang Theory Grey s Anatomy and Bones Researchers in applied linguistics discourse analysis critical discourse analysis corpus linguistics sociolinguistics and media linguistics will find the book both stimulating and unique in its approach

Popular Culture Nick Hunter, 2012 Drive in theatres Elvis Presley Marilyn Monroe and James Dean this is the era where popular culture really comes into its own Advances in technology impacted the look and design of almost everything and televisions made their way into the average home

**Fashion Narrative and Translation** Rosanna Masiola, 2023-01-09 Fashion Narrative and Translation Is Vanity Fair combines comparative literature fashion and translation studies in their interactional roles The integrated approach provides an innovative blended approach to comparative literature studies benefiting from growing fields of fashion and translation Within the descriptive frame of fashion concepts and themes the research furthers the analysis of multiple translations English and Romance languages to costume design in film adaptations from page to screen The eight chapters of the book are thematically structured raising crucial issues about language and literature in verbal and visual representation and questioning the translatability of the fashion lexicon and lexicography

**Entertaining Entrepreneurs** Daniel Horowitz, 2020-09-29 The Great Recession threatened the well being of tens of millions of Americans dramatically weakened the working class hollowed out the middle class and strengthened the position of the very wealthy Against this backdrop the hit reality show Shark Tank premiered in 2009 Featuring ambitious

entrepreneurs chasing support from celebrity investors the show offered a version of the American Dream that still seemed possible to many where a bright idea and a well honed pitch could lift a bootstrap business to new heights of success More than a decade later Shark Tank still airs regularly on multiple networks and its formula has sparked imitators everywhere from elite universities to elementary school classrooms In *Entertaining Entrepreneurs* Daniel Horowitz shows how Shark Tank's version of entrepreneurship disguises and distorts the opportunities and traps of capitalism Digging into today's cult of the entrepreneur Horowitz charts its rise from the rubble of economic crisis and its spread as a mainstay of American culture and he explores its flawed view of what it really takes to succeed in business Horowitz offers more than a look at one television phenomenon He is the perfect guide to the portrayal of entrepreneurship in business school courses pitch competitions popular how to books and scholarly works as well as the views of real world venture capitalists
