The People The Sovereigns:

Lives of the Sovereigns of Russia George Fowler,1852 **Lives of the Sovereigns of Russia** George Fowler,2025-08-22 Reprint of the original first published in 1858 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *"The" People the Sovereigns, Being a Comparison of the Government of the United States with Those of the Republics which Have Existed Before ...* James Monroe,1867 **The Sovereign and the Prophets** Atsuko Fukuoka,2018-02-12 Tracing key biblical topics recurrent in Grotian and Hobbesian discourses on the church state relationship The Sovereign and the Prophets examines Spinoza s Old Testament interpretation in the Theologico political Treatise and elucidates his effort to establish what Hobbes could not adequately offer to the Dutch the liberty to philosophize Fukuoka develops an original method for understanding seventeenth century biblical arguments as a shared political paradigm Her in depth analysis reveals the discourses that converged on the question Who stands immediately under God to mediate His will to the people This subtly nuanced theme not only linked major theoreticians diachronically from the Remonstrants such as Grotius to the anti Hobbesian jurist Ulrik Huber 1636 1694 but also synchronically built the axis of resonances and dissonances between Leviathan and the Theologico political Treatise **Viereck's the American Weekly** ,1915 **History of Chinese Philosophy in the Ming Dynasty** Xuezhi Zhang,2021-04-26 This book starts with the classification of the main views of different thinkers after the study of the original materials which covers all the thinkers thoughts and conceptions A major objective of this book is to reveal the ideas of the philosophers Key ideological opinions are stated with the former discussion of exact questions and further clarification of their philosophical meaning which enables the readers to better understand the meaning and value of the philosophical thoughts Since the logic and history are in accordance with each other a frame of conception is formed then Then the author clearly explains the logical relationship in the frame mentioned before as well as the formation of the key concepts and their relationship *Introduction to Comparative Political Culture* Dezhi Tong,2018-08-03 This book starts with four aspects subject s cognition way of thinking political value and ideology conducts comparative studies on political culture Amid using the concept of political culture in western academic circles it makes comprehensive supplement for this concept and put forward an updated concept of political culture which is more localized This new concept on the grounds of the comparison with political system takes political culture as the subjective side of political system and incorporates ideology into political culture thus undoubtedly enriching our knowledge of political culture On the basis of clarifying the concept of political culture and establishing the comparative dimension of it this book widely refers to the outlooks of individuals nations society and power of political cognition the modes of objectives directions and methods of political ideas democratic awareness legal concept and system selection of political value as well as liberalism and republicanism etc All these bring substantial benefits to promoting and

deepening the comparative studies on political culture This book can not only be used for the teaching undergraduate and graduates who major in Politics but also used as the reference book for politics academic research *The Sovereign Era: Year One* Matthew Wayne Selznick, Mur Lafferty, Jared Axelrod, Nathan Lowell, P.G. Sovereign Financing and International Law Carlos Espósito, Yuefen Li, Juan Pablo Bohoslavsky, 2013-10-03 The regulation of sovereign financing is a highly topical and significant issue in the light of continuing global financial turmoil This book assesses the role of international law in sovereign financing addressing this issue from both legal and economic standpoints It takes as a starting point the recent report Principles on Responsible Sovereign Lending and Borrowing by the United Nations Conference on Trade and Development UNCTAD This report was endorsed by the United Nations General Assembly in its December 2011 Resolution on Debt which emphasized the need for creditors and debtors to share responsibility for preventing unsustainable debt situations and encouraged all stakeholders to pursue the ongoing discussions within the framework of the UNCTAD Initiative Investigating the legal and economic basis for the principles which were articulated in the report the book develops a detailed and nuanced analysis of the controversial and complex issues they raise including those concerning finance and credit rating agencies contingent liabilities debt management corruption fiduciary relations and duties Collective Action Clauses and the role of the EU and UN Ultimately it argues that the principles elaborated in the report correspond with general principles of international law which provide a strong pre existing foundation upon which to build responsible principles for sovereign financing

The Sovereign Human Being Valentin Jeutner, 2024-10-31 Sovereign is who decides and who decides is responsible The book develops these two arguments by comparing Carl Schmitt's and Dietrich Bonhoeffer's theories of sovereignty Carl Schmitt was an influential jurist of Nazi Germany Dietrich Bonhoeffer was a Lutheran priest hanged for his involvement in a plot to assassinate Adolf Hitler In many ways the two men could not be more different But they both struggled with the question of how to maintain order and how to prevent violence at times of crisis In this considered work Jeutner brings these two thinkers into careful dialogue They both agreed that order is established not by appealing to existing norms or general principles but by an individual's sovereign decision Ascribing sovereignty to individuals communicates that they always have a choice and that they are always responsible for these choices Thus it is not just powerful individuals who have the choice to bring wars to an end or who can combat climate change This exploratory work reveals that by making sovereign decisions ordinary individuals too can work towards the peaceful resolution of conflicts or reduce their carbon footprint Making such sovereign decisions is not easy for individuals who are taught to follow orders and norms For this reason this book supplements the comparative analysis of Schmitt and Bonhoeffer with an action guiding decision making framework While the proposed framework departs from Schmitt's and Bonhoeffer's theses by recognizing the agency responsibility and sovereignty of all individuals Jeutner argues that this acknowledgement of the universal sovereignty of individuals is the only

way to bring about the orderly and peaceful world of which Schmitt and Bonhoeffer dream The Sovereign Stephen Eric Bronner,2020-06-15 Sovereignty is among the most important phenomena for making sense of political life But there are many mistaken assumptions associated with the concept This book provides a new and somewhat unorthodox interpretation of it from the standpoint of a theory of practice The Sovereign responds to pressing political issues of our time like immigration and refugees transnationalism and populism the prospects for democracy and the relationship between civil society and the state The chapters trace the concept of sovereignty from its origins in political theory providing perspective and insights that leave the reader with a phenomenological sketch of the sovereign Bronner transforms our ideas about political power what it is how it has been used and how it can be used His new theory of sovereignty concludes with twenty five provocative theses on the sovereign s role in modern capitalist society The Sovereign is a novel and unparalleled overview of a crucial concept by an influential thinker It is especially and particularly recommended to scholars and student of comparative politics international relations contemporary political theory and the wider general public **The Great IRS Hoax, Form #11.302** Family Guardian Fellowship,2020-02-06 Exhaustive treatment of the federal tax enforcement fraud OFFSITE LINK Disclaimer Disclaimer <https://famguardian.org/disclaimer.htm> Family Guardian Fellowship the author of this document has given their express permission for SEDM to republish their materials to Google Books and Google Play at section 10 of the following location https://famguardian.org/Ministry_DMCA_Copyright.htm For reasons why NONE of our materials may legally be censored and violate NO Google policies see https://sedm.org/why_our_materials_cannot_legally_be_censored **The History of British India** James Mill,1817 **Original Memoirs of the Sovereigns of Sweden and Denmark from 1766 to 1818** John Brown,1895 The Oxford Handbook of Hobbes A.P.
