The Modern History of Mongolia Charles R. Bawden, 2013-10-28 First published in 2004 The Mongols are one of the great peoples in the history of High Asia Their name has been familiar over the whole of the old world for close on eight hundred years Yet at the most generous estimate it would be anachronistic to speak of a Mongol state in the modern sense of the word as existing before the end of 1911 The imperial adventure under Genghis Khan and his successors left the Mongols exhausted and disunited politically and in the seventeenth century they fell piecemeal under Manchu domination which continued for over two hundred years This study looks at the Mongol society as it was during the comparatively static two centuries between the final submission to the Manchus in 1691 and the national revolution of 1911 The second part of the book describes the dynamic course of events since that revolution and more especially since the second Soviet inspired revolution which began in 1921 The Statesman's Year-Book 1983-84 J. *The Modernization of Inner Asia* Cyril E. Black, Louis Dupree, Elizabeth Endicott-West, Daniel C. Matuszewski, Eden Naby, Arthur N. Waldron, 2016-09-16 Inner Asia in premodern times the little known land of nomads and semi nomads has moved to the world's front page in the 20th century as the complex struggles for the future of Afghanistan Soviet Central Asia Tibet and other territories make clear But because Inner Asia as a whole is divided among several states politically and among area specialists academically broad perspectives on recent events are difficult to find This work treats the region as a single unit providing both an account of the region's past and an analysis of its present and its prospects in a thematic rather than a strictly country by country manner
