The Peoples Voice A Romantic Civilization 17761848:

The People's Voice, a Romantic Civilization, 1776-1848 Lilly Library (Indiana University, Bloomington), John Claiborne Isbell, 1996 *An Outline of Romanticism in the West* John Claiborne Isbell, 2022-09-05 Navigating the landscape of Romantic literature and art across Europe and the Americas *An Outline of Romanticism in the West* invites readers to embark upon a literary journey Showcasing a breadth of theoretical and contextual approaches to the study of Romanticism John Isbell provides an insightful contemporary overview of the field paired with wide ranging comparative reflections on the art and literature that helped shape it Discussing seminal Romantic texts such as Mary Shelley's *Frankenstein* or Germaine de Staël's *Corinne ou l'Italie* Isbell provides a foundation through which to investigate core concepts such as the continuum of Romance the Romantic hero and Romantic literature's characteristic repudiation of its own Romanticism Unusually for a single author monograph the book includes both published and unpublished material covering Romantic creation across Europe and the two Americas Identifying Romanticism as an international movement Isbell seeks to emphasise a theme frequently ignored by many academics the roots of Romanticism and its variations as a national art His arguments are supported by extensive interrogations of the political and historical contexts that moulded the outlooks of the writers and artists central to the period *An Outline of Romanticism in the West* underlines the interplay between nationalism history and artistic inspiration and will therefore be of value to students and scholars of literature and history as well as to general readers with an interest in Romanticism in the West **Staël, Romanticism and Revolution** John Claiborne Isbell, 2023-08-17 Combating two centuries of sexism this radical overview of Staël in context reveals a major player in Revolution and Romanticism Nonfictional Romantic Prose Steven P. Sondrup, Virgil Nemoianu, 2004-03-31 Nonfictional Romantic Prose *Expanding Borders* surveys a broad range of expository polemical and analytical literary forms that came into prominence during the last two decades of the eighteenth century and the first half of the nineteenth They stand in contrast to better known romantic fiction in that they endeavor to address the world of daily empirical experience rather than that of more explicitly self-referential fanciful creation Among them are genres that have since the nineteenth century come to characterize many aspects of modern life like the periodical or the psychological case study others flourished and enjoyed wide spread popularity during the nineteenth century but are much less well known today like the almanac and the diary Travel narratives pamphlets religious and theological texts familiar essays autobiographies literary critical and philosophical studies and discussions of the visual arts and music all had deep historical roots when appropriated by romantic writers but prospered in their hands and assumed distinctive contours indicative of the breadth of romantic thought **SPECIAL OFFER** 30% discount for a complete set order 5 vols The Romanticism series in the *Comparative History of Literatures in European Languages* is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not

only how Romanticism developed and spread in its principal European homelands and throughout the New World but also the ways in which the affected literatures in reaction to Romanticism have redefined themselves on into Modernism A glance at the index of each volume quickly reveals the extraordinary richness of the series total contents Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution and by combining cross cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams Romantic Drama traces creative innovations that deeply altered the understanding of genre at large fed popular imagination through vehicles like the opera and laid the foundations for a modernist theater of the absurd Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments Nonfictional Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism s own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age

Romantic Prose Fiction Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age seen from cross cultural and interdisciplinary perspectives The work treats the appearance of major themes in characteristically Romantic versions the power of Romantic discourse to reshape imaginative writing and a series of crucial reactions to the impact of Romanticism on cultural life down to the present both in Europe and in the New World Through its combination of chapters on thematic generic and discursive features Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism but as data of cultural history that shed important light on an evolving civilization **SPECIAL OFFER 30% discount for a complete set order 5 vols** The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not

Women Writers in the Romantic Age John Claiborne Isbell, 2025-04-17 This groundbreaking book offers a comprehensive review of six hundred and fifty women writers from over fifty national traditions spanning Europe and the Americas during the transformative years of 1776 to 1848 Framed by revolutionary upheavals the book explores how women writers shaped and reflected Romanticism s global currents It fills a critical scholarly gap connecting disparate traditions and uncovering voices often overlooked in male dominated literary histories Through concise entries the book names every woman writer identified in its vast research from celebrated figures like Phillis Wheatley to lesser known authors whose manuscripts lay buried in archives Each entry provides essential biographical details while select excerpts in seventeen languages bring these voices to life revealing how women navigated the era s revolutionary ideals and patriarchal barriers Structured democratically the volume treats all writers equally whether anonymous pseudonymous or celebrated in their time It highlights their diverse experiences poets and novelists abolitionists and suffragists mothers and mill workers From memoirs to political tracts their works testify to the rich tapestry of women s contributions to Romanticism By illuminating these

stories this book challenges national silos offering a panoramic view of Romanticism as a truly transnational female inclusive phenomenon It represents a go to resource for students and interested readers while setting the ground for future scholars to expand this vital field of study *Paris* Patrice L. R HIGONNET,2009-06-30 In an original and evocative journey through modern Paris from the mid eighteenth century to World War II Patrice Higonnet offers a delightful cultural portrait of a multifaceted continually changing city In examining the myths and countermyths of Paris that have been created and re created over time Higonnet reveals a magical urban alchemy in which each era absorbs the myths and perceptions of Paris past adapts them to the cultural imperatives of its own time and feeds them back into the city creating a new environment Paris was central to the modern world in ways internal and external genuine and imagined progressive and decadent Higonnet explores Paris as the capital of revolution science empire literature and art describing such incarnations as Belle Epoque Paris the Commune the surrealists city and Paris as viewed through American eyes He also evokes the more visceral Paris of alienation crime material excess and sensual pleasure Insightful informative and gracefully written Paris illuminates the intersection of collective and individual imaginations in a perpetually shifting urban dynamic In describing his Paris of the real and of the imagination Higonnet sheds brilliant new light on this endlessly intriguing city The Friends of the Lilly Library Newsletter ,1982 **Places of the Imagination** Lilly Library (Indiana University, Bloomington),Christopher Harter,Anthony Tedeschi,Jodine Perkins,2006 The Source ,1996
