Sister Emilys Lightship And Other Stories:

Sister Emily's Lightship Jane Yolen, 2013-06-18
DIVDIV In these twenty eight magnificent tales which include two Nebula Award winners Jane Yolen puts a provocative spin on familiar storybook worlds and beloved fairy tale characters
divDIV One of the most acclaimed and honored authors in science fiction and fantasy Jane Yolen has been called the Hans Christian Andersen of America for her brilliant reimagining of classic fairy tales In her first collection of short stories written for an adult audience after *Tales of Wonder* and *Dragonfield* Yolen explores themes of freedom and justice truth and consequence and brings new life to our most cherished fables and myths
divDIV divDIV Here are storybook realms rendered more contemporary and cautionary tales made grimmer than Grimm Snow White is transported to Appalachia to match wits with a snake handling evil stepmother and Beauty's meeting with the Beast takes a twisty O Henry esque turn in Yolen's Nebula Award winning *Lost Girls* a feminist revolt rocks Peter Pan's Neverland and in the collection's glorious title story also a Nebula winner the poet Emily Dickinson receives some unexpected and otherworldly inspiration Sometimes dark sometimes funny and always enthralling *Sister Emily's Lightship* is proof positive that Yolen is truly a folklorist of our times
divDIV divDIV This ebook features a personal history by Jane Yolen including rare images from the author's personal collection as well as a note from the author about the making of the book

Do Metaphors Dream of Literal Sleep? Seo-Young Chu, 2011-01-15 In

culture and scholarship science fictional worlds are perceived as unrealistic and altogether imaginary Seo Young Chu offers a bold challenge to this perception of the genre arguing instead that science fiction is a form of high intensity realism capable of representing non imaginary objects that elude more traditional realist modes of representation Powered by lyric forces that allow it to transcend the dichotomy between the literal and the figurative science fiction has the capacity to accommodate objects of representation that are themselves neither entirely figurative nor entirely literal in nature Chu explores the globalized world cyberspace war trauma the Korean concept of han and the rights of robots all as referents for which she locates science fictional representations in poems novels music films visual pieces and other works ranging within and without previous demarcations of the science fiction genre In showing the divide between realism and science fiction to be illusory Do Metaphors Dream of Literal Sleep sheds new light on the value of science fiction as an aesthetic and philosophical resource one that matters more and more as our everyday realities grow increasingly resistant to straightforward representation *The New York Times Book Reviews 2000* New York Times Staff,2001 This anthology examines Love s Labours Lost from a variety of perspectives and through a wide range of materials Selections discuss the play in terms of historical context dating and sources character analysis comic elements and verbal conceits evidence of authorship performance analysis and feminist interpretations Alongside theater reviews production photographs and critical commentary the volume also includes essays written by practicing theater artists who have worked on the play An index by name literary work and concept rounds out this valuable resource **The Emerald Circus** Jane Yolen,2017-11-14 2018 World Fantasy Award winner The best book I ve read in a long time Brandon Sanderson author of Mistborn Where is Wendy Leading a labor strike against the Lost Boys of course In Jane Yolen s first full collection in more than ten years discover new and uncollected tales of beloved characters literary legends and much more A Scottish academic unearths ancient evil in a fishing village Edgar Allan Poe s young bride is beguiled by a most unusual bird Dorothy lifted from Kansas returns as a gymnastic sophisticate Emily Dickinson dwells in possibility and sails away in a starship made of light Alice s wicked nemesis has jaws and claws but really needs a sense of humor Enter the Emerald Circus and be astonished by the transformations within Jane Yolen *International Who's Who in Poetry 2005* Europa Publications,2004-08-02 The 13th edition of the International Who s Who in Poetry is a unique and comprehensive guide to the leading lights and freshest talent in poetry today Containing biographies of more than 4 000 contemporary poets world wide this essential reference work provides truly international coverage In addition to the well known poets talented up and coming writers are also profiled Contents Each entry provides full career history and publication details An international appendices section lists prizes and past prize winners organizations magazines and publishers A summary of poetic forms and rhyme schemes The career profile section is supplemented by lists of Poets Laureate Oxford University professors of poetry poet winners of the Nobel Prize for Literature winners of the Pulitzer Prize for American Poetry and of the King s Queen s Gold medal and other poetry prizes *How to*
