

The background of the cover is a painting of a forest path. Sunlight filters through the trees, creating a pattern of light and shadow on the ground. A butterfly is visible in the lower center of the path. The overall mood is peaceful and contemplative.

**Slower Than Butterflies** Eddie Askew, 1997-07-01      **Elax and the White Witch** Zsolt Zsemba, 2021-08-13 Budi and Putri's life takes a wild and crazy turn on their 10th birthday. They find out that they are not just friends but in fact twins. For their birthday they receive two identical wooden boxes filled with mysterious trinkets. While they try to figure out what's happening they get swept down the river to a strange new magical world. During their exploration they meet a wise old wizard named Elax who informs them that they are not here by accident. When Budi and Putri learn that they must unite the Water People and the Fire People to defeat the White Witch they cannot believe that this is a task that they can take on. With Elax's help they learn magic and set out on a journey to save their world. The magical world tests Putri and Budi mentally and physically as they learn more about their past.

**Literary Landscapes of Time** Jobst Welge, Juliane Tauchnitz, 2022-11-07 The volume asks how the literatures of the Americas and the Caribbean present multiple or internally differentiated spaces and how these are distinguished or traversed by different temporalities. The historical and post colonial experiences of these areas turn them into especially fertile ground for the exploration of the connections between landscape geography and historical temporal palimpsests as well as the specificities of literary form. The contributions are dedicated to individual yet conceptually interconnected studies of staggered multiple non simultaneous temporalities in modern and contemporary literature. The volume adopts a comparative perspective throughout and intends to foster the dialogue between the study of Latin American and Caribbean literatures in Spanish Portuguese French and English. Therefore the individual essays are not grouped according to geographical or linguistic areas but follow a trajectory from spatiotemporal constellations of the 19th century to ruined catastrophic landscapes and the geopoetic inscriptions of time in regions. The essays should appeal to all readers interested in World Literature Hemispheric Studies as well as temporal approaches to space and geography.
