Childhood Chris Jenks, 2004-11 Childhood is an extremely complex and highly contested concept It refers to a life phase as well as to the age group defined as children but is also a cultural construction part of the social and economic structure of communities The key scholarship collected introduced and reprinted in these volumes reflects this complexity and introduces the reader to the wide variety of interpretations that have been and continue to be placed on it It might be suggested that the push or initiative in theorizing childhood has derived from advances within sociology and anthropology However the future provides potential for interdisciplinary study which this collection also reflects The contemporary study of childhood must comprise a conjoining of disciplines sociology anthropology psychology social geography history philosophy and socio legal theory all have something to add to the field and are represented within the collection Feminism and the Politics of Childhood Rachel Rosen, Katherine Twamley, 2018-02-22 Feminism and the Politics of Childhood offers an innovative and critical exploration of perceived commonalities and conflicts between women and children and more broadly between various forms of feminism and the politics of childhood This unique collection of 18 chapters brings into dialogue authors from a range of geographical contexts social science disciplines activist organisations and theoretical perspectives The wide variety of subjects include refugee camps care labour domestic violence and childcare and education Chapter authors focus on local contexts as well as their global interconnections and draw on diverse theoretical traditions such as poststructuralism psychoanalysis posthumanism postcolonialism political economy and the ethics of care Together the contributions offer new ways to conceptualise relations between women and children and to address injustices faced by both groups Praise for Feminism and the Politics of Childhood Friends or Foes This book is genuinely ground breaking Val Gillies University of Westminster Feminism and the Politics of Childhood Friends or Foes asks an impossible question and then casts prismatic light on all corners of its impossibility Cindi Katz CUNY This provocative and stimulating publication comes not a day too soon Gerison Lansdown Child to Child A smart innovative and provocative book Chandra Talpade Mohanty Syracuse University This volume raises and addresses issues so pressing that it is surprising they are not already at the heart of scholarship Ann Phoenix UCL **Key Concepts in Childhood Studies** Allison James, Adrian James, 2012-07-25 Arranged alphabetically core ideas about Agency and Development through to Socialisation and Youth are explained in straightforward language with a concise introduction to key theoretical debates as well as up to date references Martin Woodhead The Open University A challenging text that is recommended for all levels of the BA in Childhood Studies programme The short focussed chapters provide students with a comprehensive overview of a topic which they can then research in further depth

Sharron Galley Centre for Childhood Studies Stockport College This book gives a fantastic first look at many key concepts which are new to students in a way that is easily approachable and understandable A great place to start further studies Kathryn Peckham Chichester University This book has already proved itself as a market leader in Childhood Studies All of the strengths of the First Edition have been retained The book is comprehensive and judged with the needs of students in mind It is a model of clarity and precision and has been acknowledged as such in reviews and course feedback The new edition thoroughly revises old entries and adds new ones The book is the most accessible relevant student introduction to this expanding interdisciplinary field It is an indispensable teaching text and an ideal prompt for researchers

Discourse on Applied Sociology: Volume 2 Samir Dasgupta, Robyn Bateman Driskell, 2007-08 This engaging two volume study pursues a balance between theoretical and practical sociology NP Volume II subtitled Practising Perspectives provides workable guidelines for social scientists policymakers planners administrators and social activists The reader is also introduced to the sophisticated research methods employed in the social sciences Emphasizing cross cultural experiences and a global perspective the essays study social problems using inductive and deductive approaches measurable concepts and quantitative analysis Modern crises precipitated by war terrorism anarchy and poverty are examined in practical and realistic terms

Children, Youth and Development Nicola Ansell, 2016-08-08 The new updated edition of Children Youth and Development explores the varied ways in which global processes in the form of development policies economic and cultural globalisation and international agreements interact with more locally specific practices to shape the lives of young people living in the poorer regions of the world It examines these processes and the effects they have on young people's lives in relation to developing theoretical approaches to the study of children and youth This landmark title brings together the stock of knowledge and approaches to understanding young people's lives in the context of development and globalization in the majority world for the first time It introduces different theoretical approaches to the study of young people and explores the ways in which these along with predominantly Western conceptions of childhood and youth have influenced how majority world children have been viewed and treated by international agencies Contexts of globalisation and growing international inequality are explored alongside more immediate contexts such as family and peer relationships Chapters are devoted to groups of children deemed to be in need of protection and to debates concerning children's rights and their participation in development projects Young people's health and education are considered as is their involvement in work of various kinds and the impacts of environmental change and hazards including climate change The book introduces material and concepts to readers in a very accessible way and within each chapter employs features such as boxed case studies summaries of key ideas discussion questions and guides to further resources This edition has been updated to take account of significant changes in the contexts in which poor children grow up notably the financial crisis and changing development policy environment as well as recent theoretical developments It is aimed at students on higher level undergraduate and

postgraduate courses as well as researchers who are unfamiliar with this area of research and practitioners in organisations working to ameliorate the lives of children in majority world countries

Underbelly Rachel Hall-Clifford, 2024-05-14 An unsettling exploration of the hidden power dynamics of global health seen through the lens of childhood diarrhea and its treatment within the Guatemalan context Deaths from childhood diarrhea seem preposterous in high income countries Yet for children under five years old in the rest of the world diarrhea is the third highest cause of mortality Despite a glut of prevention and treatment programming spanning more than forty years this least glamorous of global health ills remains a critical problem In *Underbelly* Rachel Hall Clifford takes a hard look at the pathways of global health funding and development policies and the outcomes they deliver for recipient individuals and communities Drawing on fifteen years of ethnographic research in highland Guatemala Hall Clifford focuses on the provision of primary health care services as a critical exemplar of how global health and development programs fall short Guatemala has a fragmented health system the author explains that guarantees health as a human right but also suffers from systemic racism inadequate health services and access to those services community distrust from a legacy of harm and violence and a demeaning paternalism Bringing together the discourses of global health and medical anthropology *Underbelly* explores the ways in which global health its actors structures and systems perpetuates the challenges it purports to fix this is the underbelly Hall Clifford argues that global health programs conceived in offices distant from the places in which they are delivered often have unintended consequences and contribute to pluralistic and exclusionary health systems that mirror neoliberal economies She argues that if we are to fix this entrenched crisis of health inequity we must use the immense resources of global health to center local communities as drivers of change With a foreword written by Waleska L pez Canu an Indigenous Maya medical director and an afterword by Arthur Kleinman renowned expert in global health this book underscores the importance of looking deeper into what seems on its surface incontrovertibly good to understand the more complex realities on the ground and in people s lives

An Introduction to Childhood Heather Montgomery, 2011-09-09 In *An Introduction to Childhood* Heather Montgomery examines the role children have played within anthropology how they have been studied by anthropologists and how they have been portrayed and analyzed in ethnographic monographs over the last one hundred and fifty years Offers a comprehensive overview of childhood from an anthropological perspective Draws upon a wide range of examples and evidence from different geographical areas and belief systems Synthesizes existing literature on the anthropology of childhood while providing a fresh perspective Engages students with illustrative ethnographies to illuminate key topics and themes

Life at the Center Erica Caple James, 2024-05-28 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program Visit www.luminosoa.org to learn more In *Life at the Center* Erica Caple James traces how faith based and secular institutions in Boston have helped Haitian refugees and immigrants attain economic independence health security and citizenship in the United States Using the concept of corporate

Catholicism James documents several paradoxes of assistance arising among the Catholic Church Catholic Charities and the Haitian Multi Service Center how social assistance produces and reproduces structural inequalities between providers and recipients how these inequities may deepen aid recipients dependence and lead to resistance to organized benevolence how institutional financial deficits harmed clients and providers and how the same modes of charity or philanthropy that previously caused harm can be redeployed to repair damage and rebuild charitable brands The culmination of more than a decade of advocacy and research on behalf of the Haitians in Boston this groundbreaking work exposes how Catholic corporations have strengthened but also eroded Haitians civic power
