Small Worlds Close Up

Caleb Azumah Nelson

Small Worlds Close Up:

Tiny Worlds Charles Needle, 2014-12-16 In his workshops Charles Needle often asks his students if they understand the difference between looking and seeing That difference is what lies at the heart of Needle s intuitive and inventive approach to macrophotography By really seeing the world before him with his eyes his mind and his emotions Needle is able to transform mundane scenes and subjects into magical realms and beguiling figures As you follow with him through the process of subject selection scene creation lighting composition and more you too will discover how taking a more permissive approach to every aspect of image creation allows you to devise more inventive solutions and more resonant images Needle s inviting can do approach to every aspect of his craft beckons you to take part to create to feel and to engage with the world as you design amazing images of it

Small Worlds Caleb Azumah Nelson, 2023-07-18 An exhilarating and expansive new novel about fathers and sons faith and friendship from National Book Foundation 5 Under 35 honoree and Costa First Novel Award winning author Caleb Azumah Nelson One of the most acclaimed and internationally bestselling unforgettable New York Times debuts of the 2021 Caleb Azumah Nelson s London set love story *Open Water* took the US by storm and introduced the world to a salient and insightful new voice in fiction Now with his second novel *Small Worlds* the prodigious Azumah Nelson brings another set of enduring characters to brilliant life in his signature rhythmic melodic prose Set over the course of three summers *Small Worlds* follows Stephen a first generation Londoner born to Ghanaian immigrant parents brother to Ray and best friend to Adeline On the cusp of big life changes Stephen feels pressured to follow a certain path a university degree a move out of home but when he decides instead to follow his first love music his world and family fractures in ways he didn t foresee Now Stephen must find a path and peace for himself a space he can feel beautiful a space he can feel free Moving from London England to Accra Ghana and back again *Small Worlds* is an exquisite and intimate new novel about the people and places we hold close from one of the most elegant poetic CNN and important voices of a generation

Small World Andrew Detheridge, 2017-09-18 A teenage adventure story involving two brothers one of whom was kidnapped four years ago the other has never stopped searching for him He is also investigating strange events occurring in the fields behind their house

The Small Worlds of Childhood Lauren Shizuko Stone, 2025-05-06 The *Small Worlds of Childhood* argues that prose representations of bourgeois childhood contain surprising opportunities to reflect on the temporality of experience In their narratives of children at home in their everyday worlds Adalbert Stifter Rainer Maria Rilke and Walter Benjamin are not only able to shed a unique light on key issues in the history of philosophy They also offer a queer critique of the normative expectation that the literature of childhood is oriented toward the future Stone shows that when writers engage in philosophical storytelling showing children tarrying in quotidian experience they dislodge childhood from its nostalgic value to grown ups and the heteronormative demand to grow up Such stories of children as philosophical subjects thus take on their own lingering backwards or all together strange sense of time Stone demonstrates the necessity

of recognizing how texts on childhood before and beyond Freud engage literary language in the service of a variety of philosophical attitudes reminding us how poetic techniques can tell us something extraordinary about moments of ordinary experience and the manner with which humans and especially children cognize the world By bringing canonical German language literary and philosophical traditions into conversation with current English language queer approaches Stone opens a queer counter history of German and Austrian realist and modernist literature This title is available from the publisher on an open access basis

Dawn of Small Worlds Michael Moltenbrey, 2015-10-24 This book gives a detailed introduction to the thousands and thousands of smaller bodies in the solar system Written for interested laymen amateur astronomers and students it describes the nature and origin of asteroids dwarf planets and comets and gives detailed information about their role in the solar system The author nicely reviews the history of small world exploration and describes past current and future space craft missions studying small worlds and presents their results Readers will learn that small solar system worlds have a dramatically different nature and appearance than the planets Even though research activity on small worlds has increased in the recent past many of their properties are still in the dark and need further research
