Sociology Of Law Critical Approaches To Social Control

**Walter S. DeKeseredy, Molly
Dragiewicz**

Sociology Of Law Critical Approaches To Social Control:

The Sociology of Law Brian E. Burtch, 1992 *The Sociology of Law* A. Javier Treviño, 2003 **City of Order** Michael Boudreau, 2012-05-15 Interwar Halifax was a city in flux a place where citizens debated adopting new ideas and technologies but agreed on one thing modernity was corrupting public morality and unleashing untold social problems on their fair city To create a bulwark against further social dislocation citizens policy makers and officials modernized the city s machinery of order courts prisons and the police force and placed greater emphasis on crime control These tough on crime measures Boudreau argues did not resolve problems but rather singled out ethnic minorities working class men and female and juvenile offenders as problem figures in the eternal quest for order **Routledge Handbook of Critical Criminology** Walter S. DeKeseredy, Molly Dragiewicz, 2018-04-09 The main objective of the second edition of the Routledge Handbook of Critical Criminology is twofold 1 to provide original chapters that cover contemporary critical criminological theoretical offerings generated over the past five years and 2 to provide chapters on important new substantive topics that are currently being studied and theorized by progressive criminologists Special attention is devoted to new theoretical directions in the field such as southern criminology queer criminology and green criminology The diverse chapters cover not only cutting edge theories but also the variety of research methods used by leading scholars in the field and the rich data generated by their rigorous empirical work In addition some of the chapters suggest innovative and realistic short and long term policy proposals that are typically ignored by mainstream criminology These progressive strategies address some of the most pressing social problems facing contemporary society today which generate much pain and suffering for socially and economically disenfranchised people The new edition of the Handbook is a major work in redefining areas within the context of international multidisciplinary critical research and in highlighting emerging areas such as human trafficking Internet pornography and image based sexual abuse It is specifically designed to be a comprehensive resource for undergraduate and postgraduate students researchers and policymakers Trials of Labour Brian E. Burtch, 1994 Brian Burtch looks at contemporary midwifery practice in Canada and the role of the state in shaping and defining that practice He examines the qualifications of midwives and discusses their legal status the legacy of competition between nurses and midwives and the impact of legal actions concerning midwifery practice He emphasizes the pivotal role of the state in supporting midwifery and discusses the difficulties created by increasing interest in midwifery among expectant women and the social forces that inhibit the establishment of a self governing midwifery profession **Criminal Injustice** Robynne Neugebauer, 2000-01-01 This volume examines racism within the process of criminal justice In every society criminal justice plays a key role establishing social control and maintaining the hegemony of the dominant economic classes The contributors to this anthology argue that the differential treatment of people of colour and First Nations peoples is due to systemic racism within all levels of the criminal justice system which serves these dominant classes Ideological and cultural changes are

preconditions for the success of anti racist policies and practices within the criminal justice system and within other state institutions Recommendations for transformations in justice policy and practice are provided **Doing Justice Without the State** O. Oko Elechi,2006 Publisher Description *Policing and Gendered Justice* Marilyn Corsianos,2009-01-01 An excellent overview of the position of women working as police officers in both Canada and the United States past and present The integration of theory empirical evidence and policy implications is striking Nancy Jurik Arizona State University

Widening Access to Education as Social Justice Akpovire Oduaran,Harbans S. Bhola,2006-07-10 Among the greatest challenges of the twenty first century is that of providing adequate educational opportunities to all citizens of the globe The broad availability of such opportunities and the genuine ability to take advantage of them are fundamental components of any equitable society In examining how widening access to education contributes to social justice this anthology composes a tribute to the life and work of the Nigerian educationist Michael A Omolewa The twenty seven contributions to this volume discuss foundational issues related to the educational dimensions of social justice present overviews of approaches related to widening access and analyze case studies from around the world as well as consider future directions in education policy and research This thematic depth is matched by the geographic representativeness of the work with contributors coming from the global South and North *Widening Access to Education as Social Justice* speaks with a credible and powerful voice about how making greater formal and informal educational opportunities available to men and women young adults and children everywhere can help bring about more equitable ways of living together thereby fostering the goods of cultural diversity tolerance and respect along with the creativity and responsibility vital to bringing about actual social harmony **Cases on**

Technologies for Teaching Criminology and Victimology: Methodologies and Practices Sette, Raffaella,2009-09-30 Presents state of the art research and teaching into the study of corruption and those affected by it Analyzes the benefits and disadvantages of various teaching methodologies in universities police academies and crime victim services Sociology Of Law & Order Lynn Mcdonald,2019-08-22 This book is about the law and order issue and the role social scientists have played in legitimating it as a problem of grave social consequences It is a study on rising crime rates and criminal behaviour within the limits of conventional social science with its advantages and disadvantages *Canadian Criminal Procedure and Evidence for the Social Sciences* Joan Brockman,V. Gordon Rose,2000-07-03 The Second Edition offers a comprehensive and critical introduction to the law of Canadian criminal procedure and evidence with an emphasis on the relevance of social science to the criminal litigation process Criminal procedure and evidence is continually evolving as a result of decisions from the Supreme Court of Canada and amendments to the criminal code and other legislation by Parliament These changes have been incorporated in the new edition to provide a text that is current and one that reflects the latest developments in our system *Critical Perspectives on Social Control and Social Regulation in Canada* Mitch

Daschuk,2020-08-25T00:00:00Z How does social regulation shape who is deviant and who is normal *Critical Perspectives on*

Social Control and Social Regulation in Canada is an introduction to the sociology of what has traditionally been called deviance and conformity This book shifts the focus from individuals labelled deviant to the political and economic processes that shape marginalization power and exclusion Class gender race and sexuality are the bases for understanding deviance and it is within these relations of power that the labels deviant and normal are socially developed and the behaviours of those less powerful become regulated This textbook introduces readers to theories and critiques of traditional approaches to deviance and conformity Using vivid and timely examples of contemporary social regulation and control this textbook brings to life how forces of social control and marginalization interact with social media sex work immigration anti colonialism digital surveillance and social movements and much more Theories and critiques are clarified with summaries definitions rich illustrative examples discussion questions recommended resources and test banks for instructors

Critical Criminology: Oxford Bibliographies Online Research Guide Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related A reader will discover for instance the most reliable introductions and overviews to the topic and the most important publications on various areas of scholarly interest within this topic In criminology as in other disciplines researchers at all levels are drowning in potentially useful scholarly information and this guide has been created as a tool for cutting through that material to find the exact source you need This ebook is a static version of an article from Oxford Bibliographies Online Criminology a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

Teaching Law and Society from Feminist Perspectives, 1993 Dorothy E. Chunn, Feminist Socio-Legal Network, Feminist Institute for Studies on Law and Society, 1993

Law in Society Nick Larsen, Brian E. Burtch, 1999

Subversive Legal History Russell Sandberg, 2021-07-29 Provocative audacious and challenging this book rejuvenates not only the historical study of law but also the role of Law Schools by asking which stories we tell and which stories we forget It argues that a historical approach to law should be at the beating heart of the Law School curriculum Far from being archaic elitist and dull historical perspectives on law are and should be subversive Comparison with the past underscores how the law and legal institutions are not fixed but are constructed that every line drawn in the law and everything the law holds as sacred is actually arbitrary and how the environment into which law students are socialised is a historical construct A subversive approach is needed to highlight question de construct and re

construct the authored nature of the law revealing that legal change on a larger scale is possible Far from being archaic this recasts legal history as being anarchic Subversive Legal History is not a type of Legal History but is its defining characteristic if it is to be a central part of Law School life It describes a legal method that should not be the preserve only of specialist legal historians but rather should be part of the toolkit of all law students teachers and researchers This book will be essential reading for all who work and study in Law Schools proposing a radical new approach not only to the historical study of law but also to the content purpose and ambition of legal education A subversive approach can revolutionise Law Schools providing a more ambitious legal education which is grounded in the socio legal reality helping to ensure that today s law students are better equipped to be the professionals and citizens of tomorrow *Moral Regulation and Governance in Canada* Amanda Glasbeek,2006 *Moral Regulation and Governance in Canada* offers an outstanding selection of readings that represents an overview of the key issues in deviance moral regulation and governance in Canada from a distinctly Canadian perspective It effectively tracks the sociology of deviance from governmentality studies to theories of social control Of particular note is the focus this book gives to gender issues It also argues that sometimes what is considered deviant is less related to criminality and more concerned with the perception of normalcy **The Oxford Companion to American Law** ,2002 *Juridification of Social Spheres* Gunther Teubner,2012-12-17 No detailed description available for Juridification of Social Spheres
