Carterette,Margaret Hubbard Jones,2021 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1974 We Were the All-American Girls Jim Sargent,2013-05-03 Here are 42 interviews with women who competed in the All American Girls Professional Baseball League Each interview features data about the player a short summary of her athletic career and the player s recollections A brief history covers the many changes as the league evolved from underhand pitching with a 12 inch circumference ball in 1943 to overhand pitching adopted in 1948 through the circuit s final year 1954 when a regulation baseball was introduced The interviews range from 1995 to 2012 and reveal details of particular games highlights of individual careers the camaraderie of teammates opponents and fans and the impact the League made on their lives Several players recall how the 1992 movie A League of Their Own brought the historic All American League back to life almost 40 years after the final game was played **Raising Our Athletic Daughters** Jean Zimmerman,2011-11-23 Now in paperback the first book to document how participating in sports changes young girls lives during the difficult years of adolescence From high profile women s professional leagues to high school level champions girl athletes are achieving record breakthroughs Witness for example the first spectacular season of the WNBA or the celebrated victories of women s teams at the 1996 Olympics The female athlete is a new media darling especially beloved of today s teenage girls who are almost as likely to have pictures of Rebecca Lobo Mia Hamm or Gabrielle Reece on their walls as posters of Leonardo DiCaprio So it seems paradoxical that many books and studies attest to a truly sobering picture of girls lives With her book Reviving Ophelia Mary Pipher was only the latest in a string of theorists to describe the dramatic ways in which girls loose self esteem during the critical years of adolescence contributing to eating disorders drug problems and chronic depression in many young women In Raising Our Athletic Daughters journalists Zimmerman and Reavill set out to talk with girls and their parents about how sports can transform girls lives Here are firsthand stories from the inner cities and rural playing fields across the nation offering compelling evidence that participation in athletics makes an extraordinary difference in the lives of young girls from reducing pregnancy

rates and substance abuse to increasing college attendance Raising Our Athletic Daughters is a clarion call for all those eager to help their children succeed and level the playing field at last **A Game of Their Own** Jennifer Ring,2015-04 In 2010 twenty American women were selected to represent Team USA in the fourth Women s Baseball World Cup in Caracas Venezuela most Americans however had no idea such a team even existed A Game of Their Own chronicles the largely invisible history of women in baseball and offers an account of the 2010 Women s World Cup tournament Jennifer Ring includes oral histories of eleven members of the U S Women s National Team from the moment each player picked up a bat and ball as a young girl to her selection for Team USA Each story is unique but they share common themes that will resonate with young female players and fans alike facing skepticism and taunts from players and parents when taking the batter s box or the pitcher s mound self doubt the unceasing pressure to switch to softball and eventual acceptance by their baseball teammates as they prove themselves as ballplayers These racially culturally and economically diverse players from across the country have ignored the message that their love of the national pastime is wrong Their stories come alive as they recount their battles and most memorable moments playing baseball the joys of exceeding expectations and the pleasure of honing baseball skills and talent despite the lack of support With exclusive interviews with players coaches and administrators A Game of Their Own celebrates the U S Women s National Team and the excellence of its remarkable players In response to the jeer No girls allowed these are powerful stories of optimism feistiness and staying true to oneself **River Thunder** Gary McCarthy,2011-01-18 On the vast and indescribably beautiful South Rim of the Grand Canyon a young Hualapai boy faces a bleak future in 1902 River Thunder s mother has just passed into the Spirit World and his father has nothing left to give the boy except his hand carved flute and his magical gift for music It is a time in America s history when Native American children were separated from their loving families tribes and even their ancient and traditional cultures and sent to distant Indian Schools for re education and vocational training River Thunder will carry his flute courage and trusting innocence to the Hackberry Day School still standing today on old Route 66 while never once imagining how his fate will one day soar like an eagle over the magnificent Grand Canyon His life s journey will carry River Thunder into a tender but forbidden love and the terrifying but exhilarating experience of aerial warfare fought in a World War I biplane RIVER THUNDER was the recipient of the prestigious Western Writers of America s 2009 Spur Award for Best Western Audio Book The story begins in the early 1900 s and ends shortly after World War I and is set against the harsh background of Arizona s rugged northern mountains and the magnificent Grand Canyon *Eden's Allure* Tene Miller,2012-02-03 Erin s been hearing a voice in her head and wakes up one day finding herself in a blank white room A woman named Dominique tells her that she has special powers and that she has been taken to a different planet called Eden Erin discovers these powers and along with other kidnapped teenagers she soon becomes involved in a plan that she is desperate to see through to the end With all the threats that Eden poses the only problem with the plan is staying alive long enough to carry it out *The Cumulative Book*

political arena where equality and fairness have been fought over for generations As attitudes toward gender have shifted to embrace more fluidity in recent decades sex continues to be viewed as a static binary that is easily determined male or female It is on the very idea of static sex that we have built an entire sporting apparatus Now that foundation is being hotly debated as a result of intense culture wars Many transgender and intersex athletes including a South African runner a wrestler in Texas a Connecticut track star and a swimmer at the University of Pennsylvania have captured the attention of law and policymakers who want to decide how and when they compete Women's sports since their inception have been seen as a separate class of competition that requires protection and rules for entry But what are those rules and who gets to make them Fair Play looks at all sides of the issue and presents a reasoned and much needed solution that seeks to preserve opportunities for all going forward

Chicago Hoops Calvin

Davis,2023-04-26 During the 1950s the great migration from the South led many Black families to the city of Chicago As African American families took up residency all around the city the talent in the Chicago Public League s high schools took a huge leap Many of the schools that were previously predominantly White became Black Neighborhoods throughout the city changed as well Many White families moved to suburban areas outside of Chicago Since that time basketball has created thousands of scholarship opportunities for Black student athletes including myself My version of the Top 100 Players of All Time will not only be similar to many but also different from what other writers would put together The arguments about who belongs will always be present when the conversation centers on Chicago high school basketball My story is something I hope will be educational and inspirational to others who take the path I took as an inner city resident who put in the extra effort in the classroom on the court and in the community to find success I am a student of the human condition wielding the written craft to enrapture the mind much like an artist wields a brush The pages are a blank canvas on which to draw from a talent heralded by many but matched only by an imagination that rises to the task and delivers positivity *Finding the Movement* Anne Enke,2007-11-07 An analysis of the role public spaces parks clubs book stores played in shaping the feminist movement in three Midwestern cities during the 1960s and 1970s
