**The Jewish Threat** Joseph W. Bendersky, W Bendersky, 2008-01-07 Very little has been written about America's own history of anti-Semitism In this shocking book the first documented examination of anti-Semitism in an American governmental institution Joseph Bendersky shows that such racism permeated the highest ranks of the U S military throughout the past century having a very real effect on policy decisions Through ten years of research in more than thirty five archives the author uncovered irrefutable evidence of endemic and virulent anti-Semitism throughout the Army Corps from the turn of the century right up to the 1970s This fully developed and clearly articulated

perspective had a direct effect on policy discussions and decisions affecting such matters as immigration refugees military strategy and the establishment of Israel Written with novelistic intensity and attention to intriguing detail The Jewish Threat forces us to revise some of our cherished notions about our country and its most revered leaders The Brain of an Army ; The Command of the Sea ; The Brain of the Navy Spenser Wilkinson,1992 In this single volume reissue are three of Spenser Wilkinson s works Wilkinson was concerned with the practical requirements of modern warfare and believed that organizational changes and strategic guidance had to be implemented from above The Revival Study Bible William (Winkie) Pratney, Tamara S. Winslow, Steve Hill,2010-08-12 The Revival Study Bible takes a close look at revivals that draw men to God s work in breathing new life into the Church This unique Bible covers rich Christian history spanning over 2 000 years of God s acts that center around revival missions and evangelism It also gives inspiring accounts of supernatural miraculous and prevailing acts of the Lord Emphasizing passion and action and not just data this dynamic Bible gives an international flavor drawn from active tested and fruitful ministries involved in ongoing awakening God in Eisenhower's Life, Military Career, and Presidency Jerry Bergman,2019-03-22 As the Supreme Allied Commander in the fight against the Nazis General Dwight Eisenhower was one of the most important leaders of the last century His position as a five star general was crucial in achieving a positive outcome in World War II Today he is considered one of the most respected US presidents but the critical role that his religious beliefs played in his life and work is widely ignored As one historian wrote Eisenhower was the most religious president in the twentieth century He was critical in influencing the nation s enlarged accommodation to faith specifically the Christian faith The central role Eisenhower s faith played in his life from growing up in Abilene Kansas to becoming the most powerful leader in the world is thoroughly documented for the first time in this book Indeed Eisenhower s belief in God made him who he was and allowed him to achieve the work that made him one of the most respected leaders of the free world This book sets the record straight about common erroneous beliefs concerning President Eisenhower and his family It is necessary to understand the forces that shaped him so we can put his life and many achievements into perspective
