Symon [Patrick], Late Lord Bishop of Ely ,1743** *Proverbs* Roland Cap Ehkle, 1992-07-01 What is the book of Proverbs about in the bible Proverbs directs believers to live godly upright lives and shows the folly of ungodly foolish living Solomon a man of biblical wisdom and insight wrote most of this book of the Bible He proclaims that real wisdom begins with the fear of the Lord Want to learn more If you re wondering what the book of Proverbs is all about this helpful resource is for you Proverbs is a reliable Bible commentary It s down to earth clearly written easy to read and understand and filled with practical and modern applications to Scripture It also includes the complete text of the book of Proverbs from the NIV Bible The Christ centered commentaries following the Scripture sections contain explanations of the text historical background illustrations and archaeological information Proverbs is a great resource for personal or group study This book is a part of The People s Bible series from Northwestern Publishing House **The Words of Solomon** Wayne Graham, 2017-07-17 The Words of Solomon is an in depth study of the first nine chapters of Solomons Proverbs as recorded by the Old King James Bible These are the chapters which provide a continuous narrative that is told from the perspective of a Hebrew father instructing his son to pursue Wisdom through obedience to Gods law The remaining

chapters of Proverbs go on to address a wider array of random godly principals and their practical application to human life on earth In an effort to better understand these ancient teachings the father son relationship between Solomon and David is first examined and found to be lacking Like many fathers of today King David was a very complex and busy man but he was also the only man described by God as a man after my own heart The Proverbs show us that Solomon had devoured his fathers own writings the psalms and incorporated them into an easier understood text which was then chronologically arranged as a manual for a functional father son relationship It should be no surprise that Israels wisest king wrote a literary masterpiece capable of being interpreted on multiple levels of understanding Solomons hidden nuggets of precious wisdom written three thousand years ago are brought to the surface to transcend the boundaries of time for a twenty first century application Reading this book will convince all of Wisdoms students that mining Solomons gold is a very worthy pursuit
