Solution As Part Of The Problem The Urban Education Reform In T:

Challenges of Multicultural Education Norah Peters-Davis, Jeffrey Shultz, 2015-12-03 The voices of college students and teachers vividly enlighten readers about the real world challenges of multicultural education Courses on diversity abound in American universities today But open classroom discussion of racial and gender differences can evoke discomfort as much as new understandings Negotiating these courses takes a toll on both faculty and students as classrooms become filled with emotion Based on student and teacher experience in a range of American colleges and universities this book shows how to meet these challenges and create a truly open and beneficial environment The authors demonstrate pedagogical strategies and new approaches A vital resource for teachers students college administrators and university libraries Contents Introduction Dialogue on Diversity Teaching From Silence and Resistance to Tongues Untied The Racial Experiment Starting with a Story and Sharing the Discussion Leading Irritating Supporting Representing Identity Matters in Class What Lies Beneath Conclusion

International Handbook of Urban Education William T. Pink, George W. Noblit, 2008-09-03 It is evident that urban education has become the central focus of educators at the present time In the U S for example almost one third of all school age children attend schools in large urban school districts It is in these urban schools where the diversity of cultures and languages is highest and where student learning is most problematic What has emerged from recent work to improve urban schools is the insight that there is no one size fits all panacea Rather we have discovered that the local context shapes in critically important ways what will be effective at the school level The universality of the problematics with urban education together with the importance of understanding the local or situated context of improvement interventions brings into sharp focus the importance and timeliness of an undertaking like the International Handbook of Urban Education An important focus of the International Handbook of Urban Education will be the interrogation of both the social and political factors that lead to different problem posing and subsequent solutions within each region An important question to be answered for example is what it takes in terms of resources political will and policy actions to improve urban education
