Some Assembly Required George Bradley, 2021-04-21 George Bradley whose previous work has drawn praise from James Merrill and Harold Bloom here meditates on contemporary culture on the natural world and the world imagined and on the life of the poet Whether he is standing in line at the SuperSave where tabloids beckon or contemplating the change of seasons in a classic sonnet sequence Bradley juxtaposes the sublime workings of the mind with the mundane static that surrounds it What he finds in this conjunction is a surprising beauty a uniquely contemporary formal music and often a curative dose of humor Even verse itself is not exempt from his clarifying view as he proves in *How I Got in the Business* a wild ride through several sorts of commerce including the poetry trade Throughout *Some Assembly Required* Bradley savors both the riveting accident of everyday life and the long view afforded by art in poetry that is taut witty and dynamic

The truth lies somewhere in between: yes, we are all special, and no, people will not care unless we write with them in mind. Joanne Fedler, a beloved writing teacher and mentor, has written *Your Story* to help all people, even those who don't necessarily identify as writers, value their life stories and write them in such a way that they transcend the personal and speak into a universal story. This book shows how to write from your life but for the benefit of others. Each human life is unique, and the meaning we each make from our joys and suffering can, if written with a reader in mind, be an act of generosity and sharing. Filled with practical wisdom and tools, the book tackles mindset issues that prevent us from writing, ways to develop trust in yourself, the process, the mystery, triggers or prompts to elicit our own stories. Joanne's original techniques for lifewriting, developed over a decade of teaching and mentoring, and much more. Joanne understands the writer's loneliness; says one such writer whose life she's touched, the award-winning Israeli author Nava Semel. In this book, she has created a menu of encouraging possibilities on how to overcome our fears and dig deep into our souls so that our true voice can emerge.
