

Camel Through the Eye of a Needle

Some have asserted that the eye of the needle was a small door in the Jerusalem city wall, requiring a camel to be stripped of its load in order to enter. There is no evidence that such a door ever existed.

Others have proposed that altering one letter in the Greek text would change the scripture to mean that a rope, not a camel, would have to pass through the eye of a needle

In any event it is clear that riches add to the difficulty of gaining salvation. (9, 10)
