The Blue in the Air Marcello Carlin,2011-04-16 A former widower whose life was saved by writing about music spends a year waiting for his new wife to fly over from Toronto and join him in London While he waits he observes that the world is subtly changing and that music has played a key part in these changes A galaxy of characters ranging from Marty Wilde to Jay Z via Glenn Gould Dorothy Squires Britney Spears Karlheinz Stockhausen Patrick Cargill Orson Welles and many forgotten others conspire to alter his perspective leading to a climax where he is finally united with his wife and the world chooses a new and better leader The Blue in the Air is a gesture of defiance from a tiny but meaningful tugboat of resistance At a time when we are repeatedly encouraged for reasons of demographic convenience to believe that music can change nothing and mean nothing this writer demonstrates comprehensively that for those who stay awake alert and alive music still retains the power to change the fabric of the air we choose to breathe Fields in Vision Garry Whannel,2005-07-19 Fields in Vision offers a comprehensive and analytical study of the international phenomenon of television sports coverage Garry Whannel considers the historical development of sport on television the growth of sponsorship and the way that television and sponsorship have re shaped sport in the context of the enterprise culture Drawing on archival research Whannel first charts the development of the BBC Outside Broadcast department and the growing battle for dominance between BBC and ITV showing how sponsorship and the rising power of sports agents began to transform sport not only in the UK but across the world in the 1960s He goes on to examine the implications of this vast and escalating global network during the 1980s by

analysing the central role that stars and narratives began to play in television sport presenting case studies of major contests such as Coe versus Ovett and Decker versus Budd His study also takes into account one of the more indirect but no less significant results of international televised sport the rise of popular fitness chic and the American monopoly of the workout boom of the 1980s Fields in Vision explains the development of television sport by linking its economic transformation with the cultural forms through which it is represented offering a study encompassing not simply the sports world but our relationship with television and the media industries as a whole

Where Did I Go Right? Geoff Norcott, 2021-05-13 Few people walk the line of thought provoking and laugh out loud funny like Geoff Norcott Romesh Ranganathan *Where Did I Go Right* is sharp considered insightful and helped me make sense of the other side And because Geoff Norcott is so funny it unfortunately means I can't dismiss his views entirely It's so important to have a friend you can disagree with but still admire and Geoff can be that friend to you Katherine Ryan I've always thought the benefit of having batshit parents is it increases the chance of you growing up funny It's certainly worked for Geoff Norcott David Baddiel *Brave* and vividly evoked *How the Left Lost Me* is a phrase that should haunt Kier Starmer et al Looking at the collapse of the red wall at the last election there do seem to be a lot of disgruntled Geoff's out there The Telegraph While I stand firmly at the other end of the political spectrum it provided fascinating and well considered insights into how the half think and as such should be read by both Reds and Blues Love Reading UK Voting Conservative is like buying a James Blunt album loads of people have done it but weirdly you never meet them Comedian Geoff Norcott should have been Labour through and through He grew up on a council estate both of his parents were disabled and his Dad was a

Union man So how was it that he grew up to vote Tory In this courageously honest and provocative memoir Geoff unpicks his working class upbringing and his political journey from left to right Raised by a fierce matriarch and a maverick father on a South London council estate where they filmed scenes for *The Bill* Geoff spends his youth attempting to put out kitchen fires with aerosols and leaping in and out of industrial skips But as he reaches adolescence his political views begin to be influenced by major events including the early 90s recession the credit crunch and a chance encounter with Conservative PM John Major As an adult Geoff begins to have the gnawing feeling that the values and traditions he grew up with no longer match Labour's And as Brexit appears he feels even more like a double agent operating behind enemy lines Written with warmth wit and often laugh out loud humour *Where Did I Go Right* is Geoff's attempt to understand why he ended up voting for the bad guys and why blue collared conservatism could be here to stay Praise for Geoff Norcott A mature sharp take on modern politics *The Sunday Times* Gently abrasive but that's what makes him so entertaining with a sharp self knowing wit *The Times* Geoff Norcott genuinely has something original to say *New European* A refreshingly brilliant new comedic voice *Spectator* Norcott is an out and out rebel *Express*
