Dividuum Gerald Raunig, 2016-02-19 Raunig develops a philosophy of dividuality as a way of addressing contemporary modes of production and forms of life The animal of the molecular revolution will be neither mole nor snake but a drone animal thing that is solid liquid and a gas from Dividuum As the philosophical religious and historical systems that have produced the individual and its counterparts society and community over the years continue to break down the age of dividuality is now upon us The roots of the concept of the dividuum can be traced back to Latin philosophy when Cicero used the term to translate the divisible in the writings of Epicurus and Plato later medieval scholars utilized the term in theological discussions on the unity of the trinity Grounding himself in the writings of the medieval bishop Gilbert de Poitiers and his extensive commentaries on Boethius Gerald Raunig charts a genealogy of the concept and develops a philosophy of dividuality as a way of addressing contemporary modes of production and forms of life Through its components of dispersion subsistence and similarity dividuality becomes a hidden principle of obedience and conformity but it also brings with it the potential to realize disobedience and noncompliant con dividualities Raunig's bad news is that dividuality is responsible for much of the intensified exploitation and enslavement taking place under contemporary machinic capitalism Algorithms derivatives big data and social media technology all contribute to the rampant expansion of divisive management strategies and desires for self division The good news however is that this same terrain of dividuality presents an opportunity for a new kind of resistance one that can be realized in the form of con division

Trevon Jenifer Trevon Jenifer, 2006 Jenifer finished third in his weight class in Maryland's state high school wrestling tournament It's a nice accomplishment but it wouldn't merit a book except that he was born with no legs to a poor family in a high crime area of Prince George's County He walked on his hands and had to avoid both glass and the residue from irresponsible pet owners Eventually his mother and stepfather moved to a more rural area and enrolled him in a new virtually all white school in Huntington It was there he decided to wrestle His larger struggle hasn't been athletics but as with all physically challenged youngsters to fit in Wrestling helped but so did his involvement with student government Jenifer seems almost as proud of his efforts on the homecoming committee as he does his wrestling successes He's a down to earth young man with aspirations to become involved in the criminal justice system and he gratefully acknowledges all those who helped him along the way and seems ready to see what he can accomplish as an adult It's an inspirational story related humbly and evenhandedly Wes Lukowsky Copyright 2006 Booklist

[You Are Here for a Reason](#) Celeste Gianni, 2018-06-19 What an inspirational story and from someone who didn t believe she had anything worth sharing She has fought multiple chronic illnesses for years on her own because of the failure of medical professionals to diagnose and because none of them were taking her seriously While on her spiritual journey accepting her clairvoyance and other psychic gifts she is finally ready to share this for the first time outside of her immediate family After years of denying her real self she questioned her psychic visions of Amanda Berry and the house of horrors twenty four hours before Amanda and the other two women were rescued She also knew the location of Daniel Morcombes remains one year after his disappearance but because she questioned her ability found it

difficult to come forward She received the information after dabbling with automatic writing for the first time And at another time she heard a voice warning her of impending danger while in the car with her partner which ultimately saved their lives yet again It took forces from beyond to prevent Celeste and her family from going on several holidays that would have placed them in danger like the second Bali bombing and the tsunami in Thailand just to name a few It took several random psychics stopping her in the street and passing on messages from her guides to wake her up to the possibility that her multiple near death experiences were a sign she had forces from the other side working hard to keep her alive Ultimately she realised that all her illnesses were manifesting because of her inner turmoil that wasnt being addressed and that it was all connected She realised how along the journey of life she seemed to lose her identity and lifes purpose and how she managed not only to regain her health balance but rediscover the little girl she had long lost
